CONCLUSIONS OF LAW

- 1. Section 17b-2(7) of the Connecticut General Statute provides the following: "The Department of Social Services is designated as the state agency for the administration of the supplemental nutrition assistance program pursuant to the Food and Nutrition Act of 2008."
- 2. Title 7 of the Code of Federal Regulations ("C.F.R") § Section 273.2(a)(2) provides the following: Application processing. The application process includes filing and completing an application form, being interviewed, and having certain information verified. The State agency must act promptly on all applications and provide SNAP benefits retroactive to the month of application to those households that have completed the application process and have been determined eligible. States must meet application processing timelines, regardless of whether a State agency implements a photo EBT card policy. The State agency must make expedited service available to households in immediate need. Specific responsibilities of households and State agencies in the application process are detailed below.
 - 7 C.F.R § 273.2(c)(1)(i) provides the following: Households must file SNAP applications by submitting the forms to the SNAP office either in person, through an authorized representative, by mail, by completing an on-line electronic application, or, if available, by fax, telephone, or other electronic transmission.

The Department complied with Federal Regulation and correctly determined the Appellant filed an ONAP requesting SNAP benefits.

3. 7 C.F.R § 273.2(c)(1)(iv) provides the following: *Recording the filing date*. The date of application is the date the application is received by the State agency. State agencies must document the application date on the application. If the application is received outside normal business hours the State agency will consider the date of application the next business day. For online applications, the date of application is the date the application is submitted, or the next business day if it is submitted after business hours. For telephonic applications, the date of application is the date on which the household member provides verbal assent.

The Department complied with Federal Regulation and correctly determined the SNAP application date to be 2021.

4. 7 C.F.R § 273.2(e)(1) provides the following: Except for households certified for longer than 12 months, and except as provided in paragraph (e)(2) of this section, households must have a face-to-face interview with an eligibility worker at initial certification and at least once every 12 months thereafter. State agencies may not require households to report for an in-office interview during their certification period, though they may request households to do so. For example, State agencies may not require households to report en masse for an in-office interview during their certification periods simply to review their case files, or for any other reason. State agencies may not require an in person interview solely to take a photo. Interviews may be conducted at the SNAP office or other mutually acceptable location, including a household's residence. If the interview will be conducted at the household's residence, it must be scheduled in advance with the household. If a household in which all adult members are elderly or disabled is certified for 24 months in accordance with § 273.10(f)(1), or a household residing on a reservation is required to submit monthly reports and is certified for 24 months in accordance with § 273.10(f)(2), a face-to-face interview is not required during the certification period. The individual interviewed may be the head of household, spouse, any other responsible member of the household, or an authorized representative. The applicant may bring any person he or she chooses to the interview. The interviewer must not simply review the information that appears on the application, but must explore and resolve with the household unclear and incomplete information. The interviewer must advise households of their rights and responsibilities during the interview, including the appropriate application processing standard and the households' responsibility to report changes. The interviewer must advise households that are also applying for or receiving PA benefits that time limits and other requirements that apply to the receipt of PA benefits do not apply to the receipt of SNAP benefits, and that households which cease receiving PA benefits because they have reached a time limit, have begun working, or for other reasons, may still qualify for SNAP benefits. The interviewer must conduct the interview as an official and confidential discussion of household circumstances. The State agency must protect the applicant's right to privacy during the interview. Facilities must be adequate to preserve the privacy and confidentiality of the interview.

7 CFR § 273.2(e)(2) provides the following: The State agency may use a telephone interview instead of the face-to-face interview required in paragraph (e)(1) of this section for all applicant households, for specified categories of households, or on a case-by-case basis because of household hardship situations as determined by the State agency. The hardship conditions must include, but are not limited to, illness, transportation difficulties, care of a household member, hardships due to residency in a rural area, prolonged severe weather, or work or training hours that prevent the household from participating in an in-office interview. If a State agency has not already provided that a telephone interview will be used for a household, and that household meets the State agency's hardship criteria and requests to not have an in-office interview, the State agency must offer to the household to conduct the interview by telephone. The State agency may provide a home-based interview only if a household meets the hardship criteria and requests one. A State agency that chooses to routinely interview households by telephone in lieu of the face-to-face interview must specify this choice in its State plan of operation and describe the types of households that will be routinely offered a telephone interview in lieu of a face-to-face interview. The State agency must grant a face-to-face interview to any household that requests one.

The Department complied with Federal Regulation and completed a SNAP interview via telephone with the Appellant on 2021.

- 5. 7 CFR § 273.2(i)(1) provides the following: *Entitlement to expedited service*. The following households are entitled to expedited service:
 - (i) Households with less than \$150 in monthly gross income, as computed in § 273.10 provided their liquid resources (i.e., cash on hand, checking or savings accounts, savings certificates, and lump sum payments as specified in § 273.9(c)(8)) do not exceed \$100;
 - (ii) Migrant or seasonal farmworker households who are destitute as defined in § 273.10(e)(3) provided their liquid resources (i.e., cash on hand, checking or savings accounts, savings certificates, and lump sum payments as specified in § 273.9(c)(8)) do not exceed \$100;
 - (iii) Households whose combined monthly gross income and liquid resources are less than the household's monthly rent or mortgage, and utilities (including entitlement to a SUA, as appropriate, in accordance with § 273.9(d)).

The Department complied with Federal Regulation and correctly determined the Appellant's household did not meet the criteria to be eligible for expedited SNAP service.

6. 7 C.F.R. § 273.2(c)(5) provides the following: *Notice of Required Verification*. The State agency shall provide each household at the time of application for certification and recertification with a notice that informs the household of the

verification requirements the household must meet as part of the application process. The notice shall also inform the household of the State agency's responsibility to assist the household in obtaining required verification provided the household is cooperating with the State agency as specified in (d)(1) of this section. The notice shall be written in clear and simple language and shall meet the bilingual requirements designated in § 272.4(b) of this chapter. At a minimum, the notice shall contain examples of the types of documents the household should provide and explain the period of time the documents should cover.

7 C.F.R § 273.2(h)(1)(i)(C) provides the following: In cases where verification is incomplete, the State agency must have provided the household with a statement of required verification and offered to assist the household in obtaining required verification and allowed the household sufficient time to provide the missing verification. Sufficient time shall be at least 10 days from the date of the State agency's initial request for the particular verification that was missing.

The Department complied with Federal Regulation and correctly issued the Appellant a W-1348 requesting proof of his last date worked and earnings received from _______. The due date of, ________, 2022, afforded the Appellant ten days to provide said information.

- 7. 7 CFR § 273.2(f)(2)(i) provides the following: The State agency shall verify, prior to certification of the household, all other factors of eligibility which the State agency determines are questionable and affect the household's eligibility and benefit level. The State agency shall establish guidelines to be followed in determining what shall be considered questionable information. These guidelines shall not prescribe verification based on race, religion, ethnic background, or national origin. These guidelines shall not target groups such as migrant farmworkers or American Indians for more intensive verification under this provision.
 - 7 C.F.R § 273.2(f)(5)(i) provides the following: The household has primary responsibility for providing documentary evidence to support statements on the application and to resolve any questionable information. The State agency must assist the household in obtaining this verification provided the household is cooperating with the State agency as specified under paragraph (d)(1) of this section. Households may supply documentary evidence in person, through the mail, by facsimile or other electronic device, or through an authorized representative. The State agency must not require the household to present verification in person at the SNAP office. The State agency must accept any reasonable documentary evidence provided by the household and must be primarily concerned with how adequately the verification proves the statements on the application. However, the State agency has primary responsibility for verifying fleeing felon and parole or probation violator status in accordance with § 273.11(n). If a SNAP applicant's attestation regarding disqualified felon status described in §

273.2(o) is questionable, the State agency shall verify the attestation. Each element of a questionable attestation - that the individual has been convicted of a crime listed at § 273.11(s), and that the individual is not in compliance with the terms of their sentence - shall be verified by the State agency. The State agency shall determine whether an attestation is questionable based on the standards established under § 273.2(f)(2)(i). In conducting verifications of questionable attestations under this paragraph, the State agency shall establish reasonable, consistent standards, evaluate each case separately, and document the case file accordingly.

The Department complied with Federal Regulation and accepted the documentation received on 2022, as sufficient proof of the Appellant's last date worked with 2022.

8. 7 CFR § 273.10(g)(1)(ii) provides the following: *Notice of denial*. If the application is denied, the State agency shall provide the household with written notice explaining the basis for the denial, the household's right to request a fair hearing, the telephone number of the SNAP office (a toll-free number or a number where collect calls will be accepted for households outside the local calling area), and, if possible, the name of the person to contact for additional information. If there is an individual or organization available that provides free legal representation, the notice shall also advise the household of the availability of the service. A household which is potentially categorically eligible but whose SNAP application is denied shall be asked to inform the State agency if it is approved to receive PA and/or SSI benefits or benefits from a State or local GA program. In cases where the State agency has elected to use a notice of denial when a delay was caused by the household's failure to take action to complete the application process, as provided in § 273.2(h)(2), the notice of denial shall also explain: The action that the household must take to reactivate the application; that the case will be reopened without a new application if action is taken within 30 days of the date the notice of denial was mailed; and that the household must submit a new application if, at the end of the 30-day period, the household has not taken the needed action and wishes to participate in the program. If the State agency chooses the option specified in § 273.2(h)(2) of reopening the application in cases where verification is lacking only if household provides verification within 30 days of the date of the initial request for verification, the State agency shall include on the notice of denial the date by which the household must provide the missing verification.

7 CFR § 273.2(g)(3) Denying the application. Households that are found to be ineligible shall be sent a notice of denial as soon as possible but not later than 30 days following the date the application was filed. If the household has failed to appear for a scheduled interview and has made no subsequent contact with the State agency to express interest in pursuing the application, the State agency shall send the household a notice of denial on the 30th day following the date of application. The household must file a new application if it wishes to participate in the program. In cases where the State agency was able to conduct an interview

and request all of the necessary verification on the same day the application was filed, and no subsequent requests for verification have been made, the State agency may also deny the application on the 30th day if the State agency provided assistance to the household in obtaining verification as specified in <u>paragraph (f)(5)</u> of this section, but the household failed to provide the requested verification.
