The Appellant requested an administrative hearing on 2022, with this decision due 2022. (Hearing Record)

CONCLUSIONS OF LAW

1. Connecticut General Statutes § 17b-2 provides that the Department of Social Services is designated as the state agency for the administration of (7) the supplemental nutrition assistance program pursuant to the Food and Nutrition Act of 2008.

The Department has the authority to review the Appellant's SNAP eligibility and determine his SNAP benefit amount.

2. 7 C.F.R. § 273.9 (a) provides that participation in the Program shall be limited to those households whose income incomes are determined to be a substantial limiting factor in permitting them to obtain a more nutritious diet. Households that contain an elderly or disabled member shall meet the net income eligibility standards for the Food Stamp Program. Households, which do not contain an elderly or disabled member, shall meet both the net income eligibility standards and the gross income eligibility standards for the Food Stamp Program. Households that are categorically eligible as defined in §273.2 (j) (2) or 273.2 (j) (4) do not have to meet either the gross or net income eligibility standards. The net and gross income eligibility standards shall be based on the levels established in Section 673 (2) of the Community Services Block Grant Act (42 U.S.C. 9902 (2).

7 C.F.R. § 273.9 (a) (1) provides the gross income eligibility standards for SNAP shall be as follows: (i) The income eligibility standards for the 48 contiguous States and the District of Columbia, Guam and the Virgin Islands shall be 130 percent of the Federal income poverty levels for the 48 contiguous States and the District of Columbia.

7 C.F.R. § 273.2 (j) (2) (ii) provides the State agency, at its option, may extend categorical eligibility to the following households only if doing so will further the purposes of the Food and Nutrition Act of 2008. (A) Any household (except those listed in paragraph (j)(2)(vii) of this section) in which all members receive or are authorized to receive non-cash or in-kind services from a program that is less than 50 percent funded with State money counted for MOE purposes under Title IV-A or Federal money under Title IV-A and that is designed to further purposes one and two of the TANF block grant, as outlined in Section 401 of P.L. 104-193. States must inform FNS of the TANF services under this paragraph that they are determining to confer categorical eligibility.

7 C.F.R. § 271.2 defines an elderly or disabled member as a member of a household who: (1) Is 60 years of age or older.

Households in Connecticut with incomes below 185% of the federal poverty level qualify for the State's "Help for People in Need" program which is funded with money counted for TANF MOE purposes and meet the requirements in 7 C.F.R. § 273.2(j)(2)(ii). As such, the Department extends broad-based categorical eligibility for SNAP to all households that qualify for the "Help for People in Need".

The Department correctly determined that the Appellant's household did not contain a disabled or elderly individual for **subject** to the gross income eligibility standards.

The Department correctly determined that the Appellant's household does contain an **second** individual effective **second** 2022 and is therefore subject to the net income eligibility standards.

 7 C.F.R. § 273.9 (b) provides for the definition of income. Household income shall mean all income from whatever source excluding only items specified in paragraph (c) of this section. (1) Earned income shall include: (i) All wages and salaries of an employee.

The Department correctly determined the Appellant's earnings are counted in the household's benefits eligibility calculation.

4. 7 C.F.R. § 273.10 (c) (1) (i) provides for the purpose of determining the household's eligibility and level of benefits, the State agency shall consider the income already received by the household during the certification period and any anticipated income the household and the State agency are reasonably certain will be received during the remainder of the certification period. If the amount of income that will be received, or when it will be received, is uncertain, that portion of the household's income that is uncertain shall not be counted by the State agency. For example, a household anticipating income from a new source, such as a new job or recently applied for public assistance benefits, may be uncertain as to the timing and amount of the initial payment. These moneys shall not be anticipated by the State agency unless there is reasonable certainty concerning the month in which the payment will be received and in what amount. If the exact amount of the income is not known that portion of it which can be anticipated with reasonable certainty shall be considered as income. In cases where the receipt of income is reasonably certain, but the monthly amount may fluctuate, the household may elect to income average. Households shall be advised to report all changes in gross monthly income as required by §273.12.

7 C.F.R. § 273.10 (c) (2) (i) provides that income anticipated during the certification period shall be counted as income only in the month it is expected to be received unless the income is averaged. Whenever a full month's income is anticipated but is received on a weekly or biweekly basis, the State agency shall convert the income to a monthly amount by multiplying weekly amounts by 4.3 and biweekly amounts by 2.15, use the State Agency's PA conversion standard, or use the exact monthly figure if it can be anticipated for each month of the certification period. Nonrecurring lump-sum payments shall be counted as a resource starting in the month received and shall not be counted as income.

The Department correctly determined the Appellant's gross monthly income is \$1,891.13 (\$843.48 received plus \$915.71 received = \$1,759.19. \$1,759.19/2 = \$879.59. \$879.59 * 2.15 weeks).

5. 7 C.F.R. § 273.9 (d) (2) provides for the earned income deduction. Twenty percent of gross earned income as defined in paragraph (b)(1) of this section. Earnings excluded in paragraph (c) of this section shall not be included in gross earned income for purposes of computing the earned income deduction, except that the State agency must count any earnings used to pay child support that were excluded from the household's income in accordance with the child support exclusion in paragraph (c)(17) of this section.

7 C.F.R. § 273.9 (d) (1) provides for the standard deduction. (i) 48 States, District of Columbia, Alaska, Hawaii, and the Virgin Islands. Effective October 1, 2002, in the 48 States and the District of Columbia, Alaska, Hawaii, and the Virgin Islands, the standard deduction for household sizes one through six shall be equal to 8.31 percent of the monthly net income eligibility standard for each household size established under paragraph (a)(2) of this section rounded up to the nearest whole dollar. For household sizes greater than six, the standard deduction shall be equal to the standard deduction for a six-person household.

7 C.F.R. § 273.9 (d) (1) (iii) provides for Minimum deduction levels. Notwithstanding paragraphs (d)(1)(i) and (d)(1)(ii) of this section, the standard deduction for FY 2009 for each household in the 48 States and the District of Columbia, Alaska, Hawaii, Guam, and the U.S. Virgin Islands shall not be less than \$144, \$246, \$203, \$289, and \$127, respectively. Beginning FY 2010 and each fiscal year thereafter, the amount of the minimum standard deduction is equal to the unrounded amount from the previous fiscal year adjusted to the nearest lower dollar increment to reflect changes for the 12 months ending on the preceding June 30 in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor, for items other than food.

The Department correctly determined the 20 percent earned income deduction to be \$378.22 (\$1,891.13 * 0.20).

The Department correctly determined the Appellant's household is entitled to a standard disregard of \$177.00.

The Department correctly determined the Appellant's adjusted gross income is: \$1,335.91 (\$1,891.13 – \$555.22 (\$378.22 + \$177.00)).

6. 7 C.F.R. § 273.9 (d) (6) (ii) provides for the excess shelter deduction. Monthly shelter expenses more than 50 percent of the household's income after all other deductions in paragraphs (d)(1) through (d)(5) of this section have been allowed. If the household does not contain an elderly or disabled member, as defined in §271.2 of this chapter, the shelter deduction cannot exceed the maximum shelter deduction limit established for the area. For the fiscal year 2001, effective March 1, 2001, the maximum monthly excess shelter expense deduction limits are \$340 for the 48 contiguous States and the District of Columbia, \$543 for Alaska, \$458 for Hawaii, \$399 for Guam, and \$268 for the Virgin Islands. FNS will set the maximum monthly excess shelter expense deduction limits for the fiscal year 2002 and future years by adjusting the previous year's limits to reflect changes in the shelter component and the fuels and utilities component of the Consumer Price Index for All Urban Consumers for the 12 months ending the previous November 30. FNS will notify State agencies of the amount of the limit. Only the following expenses are allowable shelter expenses: (A) Continuing charges for the shelter occupied by the household, including rent, mortgage, condo and association fees, or other continuing charges leading to the ownership of the shelter such as loan repayments for the purchase of a mobile home, including interest on such payments. (B) Property taxes, State and local assessments, and insurance on the structure itself, but not separate costs for insuring furniture or personal belongings.

7 C.F.R. § 273.9(d) (6) (iii) provides for the Standard Utility Allowance ("SUA"). (A) With FNS approval, a State agency may develop the following standard utility allowances (standards) to be used in place of actual costs in determining a household's excess shelter deduction: an individual standard for each type of utility expense; a standard utility allowance for all utilities that includes heating or cooling costs (HCSUA); and, a limited utility allowance (LUA) that includes electricity and fuel for purposes other than heating or cooling, water, sewerage, well and septic tank installation and

maintenance, telephone, and garbage or trash collection. The LUA must include expenses for at least two utilities. However, at its option, the State agency may include the excess heating and cooling costs of public housing residents in the LUA if it wishes to offer the lower standard to such households. The State agency may use different types of standards but cannot allow households the use of two standards that include the same expense. In States in which the cooling expense is minimal, the State agency may include the cooling expense in the electricity component. The State agency may vary the allowance by factors such as household size, geographical area, or season. Only utility costs identified in paragraph (d)(6)(ii)(C) of this section must be used in developing standards.

7 C.F.R. § 273.10 (e) (1) (i) provides to determine a household's net monthly income, the State agency shall: (A) Add the gross monthly income earned by all household members and the total monthly unearned income of all household members, minus income exclusions, to determine the household's total gross income. (B) Multiply the total gross monthly earned income by 20 percent and subtract that amount from the total gross income; or multiply the total gross monthly earned income by 80 percent and add that to the total monthly unearned income, minus income exclusions. If the State agency has chosen to treat legally obligated child support payments as an income exclusion in accordance with § 273.9(c)(17), multiply the excluded earnings used to pay child support by 20 percent and subtract that amount from the total gross monthly income. (C) Subtract the standard deduction.

The Department correctly determined that 50% of the Appellant's adjusted gross income is \$667.95 (\$1,335.90 * 0.50).

The Department correctly determined the Appellant is eligible for the SUA.

The Department correctly determined the Appellant's shelter costs to be \$1,583.00 (\$800.00 rent + \$783.00 SUA).

The Department correctly determined the Appellant's shelter hardship for 2022 was \$915.05 (\$1,583.00 - \$667.95) capped at \$597.00.

The Department correctly determined that the Appellant did not qualify for an uncapped shelter deduction for 2022 but does qualify for an uncapped shelter deduction in 2022 as an 2022 as an 2022 as an 2020 individual.

The Department correctly determined the Appellant's net adjusted income for 2022 was \$738.91 (\$1,335.91 - \$597.00).

The Department correctly determined the Appellant's uncapped shelter hardship for 2022 is \$915.05 (\$1,583.00 - \$667.95).

The Department correctly determined the Appellant's net adjusted income for 2022 equaled \$420.85 (\$1,335.90 – \$915.05).

7. 7 C.F.R. § 273.10 (e) (2) (ii) (A) provides except as provided in paragraphs (a)(1), (e)(2)(iii) and (e)(2)(vi) of this section, the household's monthly allotment shall be equal to the maximum SNAP allotment for the household's size reduced by 30 percent of the household's net monthly income as calculated in paragraph (e)(1) of this section. If 30 percent of the household's net income ends in cents, the State agency shall round in one of the following ways: (1) The State agency shall round the 30 percent of net income up to the nearest higher dollar.

The Department correctly determined that 30 percent of the Appellant's net adjusted income, rounded up, for 2022 is \$222.00 (\$738.90 * 0.30).

The Department correctly determined that 30 percent of the Appellant's net adjusted income for 2022, rounded up, is \$127.00 (\$420.86 * 0.30).

8. 7 C.F.R. § 271.2 defines the Thrifty Food Plan ("TFP") as the diet required to feed a family of four persons consisting of a man and a woman 20 through 50, a child 6 through 8, and a child 9 through 11 years of age, determined in accordance with the Secretary's calculations. The cost of such diet shall be the basis for uniform allotments for all households regardless of their actual composition. In order to develop maximum SNAP allotments, the Secretary shall make household size and other adjustments in the Thrifty Food Plan considering economies of scale and other adjustments as required by law.

7 C.F.R. § 273.10(e) (4) (i) provides for the TFP and Maximum Food Stamp Allotments. Maximum food stamp allotments shall be based on the TFP as defined in §271.2, and they shall be uniform by household size throughout the 48 contiguous States and the District of Columbia. The TFP for Hawaii shall be the TFP for the 48 States and DC adjusted for the price of food in Honolulu. The TFPs for urban, rural I, and rural II parts of Alaska shall be the TFP for the 48 States and DC adjusted by the price of food in Anchorage and further adjusted for urban, rural I, and rural II Alaska as defined in §272.7(c). The TFPs for Guam and the Virgin Islands shall be adjusted for changes in the cost of food in the 48 States and DC, provided that the cost of these TFPs may not exceed the cost of the highest TFP for the 50 States. The TFP amounts and maximum allotments in each area are adjusted annually and will be prescribed in a table posted on the FNS web site, at *www.fns.usda.gov/fsp*.

7 C.F.R. § 273.10(e) (4) (ii) provides in the relevant part that effective October 1, 1996, the maximum SNAP allotments must be based on 100% of the cost of the TFP as defined in §271.2 of this chapter for the preceding June, rounded to the nearest lower dollar increment.

The TFP for a qualified assistance unit with no applied income for a one-person household from 2021, through 2021, is \$250.00.
