CONCLUSIONS OF LAW

1. Section 17b-2(7) of the Connecticut General Statutes provides that the Department of Social Services is designated as the state agency for the administration of the supplemental nutrition assistance program pursuant to the Food and Nutrition Act of 2008.

The Department has the authority to review the Appellant's SNAP eligibility and determine benefit amounts.

2. Title 7 of C.F.R. § 273.9 (a) provides that participation in the Program shall be limited to those households whose incomes are determined to be a substantial limiting factor in permitting them to obtain a more nutritious diet. Households, which contain an elderly or disabled member, shall meet the net income eligibility standards for the Food Stamp Program. Households, which do not contain an elderly or disabled member, shall meet both the net income eligibility standards and the gross income eligibility standards for the Food Stamp Program. Households that are categorically eligible as defined in §273.2 (j) (2) or 273.2 (j) (4) do not have to meet either the gross or net income eligibility standards. The net and gross income eligibility standards shall be based on the levels established in Section 673 (2) of the Community Services Block Grant Act (42 U.S.C. 9902 (2)).

The Appellant's household does not contain elderly or disabled members and is therefore subject to both the net and gross SNAP income standards.

3. 7 C.F.R. § 273.1(a) provides for household concept and states that a household is composed of one of the following individuals or groups of individuals, unless otherwise specified in paragraph (b) of this section (3) A group of individuals who live together and customarily purchase food and prepare meals together for home consumption.

7 C.F.R. § 273.1(b)(1) provides for required household combinations. The following individuals who live with others must be considered as customarily purchasing food and preparing meals with the others, even if they do not do so, and thus must be included in the same household, unless otherwise specified.

- ii. A person under 22 years of age who is living with his or her natural or adoptive parent(s) or step-parent(s).

The Department correctly determined the Appellant's household size of seven members, including the Appellant, his spouse, and their five children.

3. 7 C.F.R. § 273.9(b) states that household income shall mean all income from whatever source excluding only items specified in paragraph (c) of this section.

7 C.F.R. § 273.9(b)(1)(i) provides Earned income shall include all wages and salaries of an employee.

The Department correctly considered the Appellant's wages as countable earned income in the calculation of SNAP benefits.

4. 7 C.F.R. § 273.10(c)(2)(i) provides for converting income into monthly amounts. Income anticipated during the certification period shall be counted as income only in the month it is expected to be received unless the income is averaged. Whenever a full month's income is anticipated but is received on a weekly or biweekly basis, the State agency shall convert the income to a monthly amount by multiplying weekly amounts by 4.3 and biweekly amounts by 2.15, use the State Agency's PA conversion standard, or use the exact monthly figure if it can be anticipated for each month of the certification period. Nonrecurring lump sum payments shall be counted as a resource starting in the month received and shall not be counted as income.

7 C.F.R. § 273.10(c)(1)(i) provides that for the purpose of determining the household's eligibility and level of benefits, the state agency shall take into account the income already received by the household during the certification period and any anticipated income the household and the State agency are reasonably certain will be received during the remainder of the certification period. If the amount of income that will be received, or when it will be received, is uncertain, that portion of the household's income that is uncertain shall not be counted by the State agency. For example, a household anticipating income from a new source, such as a new job or recently applied for public assistance benefits may be uncertain as to the timing and amount of the initial payment. These moneys shall not be anticipated by the State agency unless there is reasonable certainty concerning the month in which the payment will be received and in what amount. If the exact amount of the income is not known, that portion of it which can be anticipated with reasonable certainty shall be considered as income. In cases where the receipt of income is reasonably certain but the monthly amount may fluctuate, the household may elect to income average. Households shall be advised to report all changes in gross monthly income as required by § 273.12.

7 C.F.R. § 273.10(c)(1)(ii) provides in part that income received during the past 30 days shall be used as an indicator of the income that is and will be available to the household during the certification period.

7 C.F.R. § 273.10(c)(2)(i) provides that income anticipated during the certification period shall be counted as income only in the month it is expected to be received unless the income is averaged. Whenever a full month's income is anticipated but is received on a weekly or biweekly basis, the State agency shall convert the income to a monthly amount by multiplying weekly amounts by 4.3 and biweekly amounts by 2.15, use the State Agency's PA conversion standard, or use the exact monthly figure if it can be anticipated for each month of the certification period.

The Department correctly determined that the Appellant's monthly gross wages equaled \$3,919.45.

5. 7 C.F.R. § 273.9(d)(2) provides for the earned income deduction. Earned income deduction. Twenty percent of gross earned income as defined in [paragraph \(b\)\(1\)](#) of this section. Earnings excluded in [paragraph \(c\)](#) of this section shall not be included in gross earned income for purposes of computing the earned income deduction, except that the State agency must count any earnings used to pay child support that were excluded from the household's income in accordance with the child support exclusion in [paragraph \(c\)\(17\)](#) of this section.

The Appellant's earned income deduction equals \$783.89 (\$3,919.45 * 20%).

6. 7 C.F.R. § 273.9(d)(1)(i) provides for the standard deduction. *48 States, District of Columbia, Alaska, Hawaii, and the Virgin Islands*. Effective October 1, 2002, in the 48 States and the District of Columbia, Alaska, Hawaii, and the Virgin Islands, the standard deduction for household sizes one through six shall be equal to 8.31 percent of the monthly net income eligibility standard for each household size established under [paragraph \(a\)\(2\)](#) of this section rounded up to the nearest whole dollar. For household sizes greater than six, the standard deduction shall be equal to the standard deduction for a six-person household.

The Department correctly determined the Appellant eligible for the \$258.00 standard deduction.

7. 7 C.F.R. § 273.9(d)(6)(iii) provides in relevant part the following: *Standard utility allowances*. (A) With FNS approval, a State agency may develop the following standard utility allowances (standards) to be used in place of actual costs in determining a household's excess shelter deduction: an individual standard for each type of utility expense; a standard utility allowance for all utilities that includes heating or cooling costs (HCSUA);

The Department correctly determined the Appellant is entitled to the SUA, which is \$921.00.

8. 7 C.F.R. § 273.9(d)(3) provides the following: *Excess medical deduction*. That portion of medical expenses in excess of \$35 per month, excluding special diets, incurred by any household member who is elderly or disabled as defined in §271.2. Spouses or other persons receiving benefits as a dependent of the SSI or disability and blindness recipient are not eligible to receive this deduction but persons receiving emergency SSI benefits based on presumptive eligibility are eligible for this deduction.

The Appellant's household does not contain an elderly or disabled member and is not eligible for an excess medical deduction.

9. 7 C.F.R. § 273.10(e)(1)(i) provides the following: *Calculating net income and benefit levels-(1) Net monthly income*. To determine a household's net monthly income, the State agency shall:
 - A. Add the gross monthly income earned by all household members and the total monthly unearned income of all household members, minus income exclusions, to determine the household's total gross income. Net losses from the self-employment income of a farmer shall be offset in accordance with §273.11(a)(2)(iii).
 - B. Multiply the total gross monthly earned income by 20 percent and subtract that amount from the total gross income; or multiply the total gross monthly earned income by 80 percent and add that to the total monthly unearned income, minus income exclusions. If the State agency has chosen to treat legally obligated child support payments as an income exclusion in accordance with §273.9(c)(17), multiply the excluded earnings used to pay child support by 20 percent and subtract that amount from the total gross monthly income.
 - C. Subtract the standard deduction.
 - D. If the household is entitled to an excess medical deduction as provided in §273.9(d)(3), determine if total medical expenses exceed \$35. If so, subtract that portion which exceeds \$35.
 - E. Subtract allowable monthly dependent care expenses if, any, as specified under § 273.9(d)(4) for each dependent.
 - F. If the State agency has chosen to treat legally obligated child support payments as a deduction rather than an exclusion in accordance with § 273.9(d)(5), subtract allowable monthly child support payments in accordance with § 273.9(d)(5).
 - G. Subtract the homeless shelter deduction, if any, up to the maximum of \$143.
 - H. Total the allowable shelter expenses to determine shelter costs, unless a deduction has been subtracted in accordance with paragraph (e)(1)(i)(G) of this section. Subtract from total shelter costs 50 percent of the household's monthly income after all the above deductions have been subtracted. The remaining amount, if any, is the excess shelter cost. If there is no excess shelter cost, the net monthly income has been determined. If there is excess

shelter cost, compute the shelter deduction according to paragraph (e)(1)(i)(I) of this section.

- I. Subtract the excess shelter cost up to the maximum amount allowed for the area (unless the household is entitled to the full amount of its excess shelter expenses) from the household's monthly income after all other applicable deductions. Households not subject to a capped shelter expense shall have the full amount exceeding 50 percent of their net income subtracted. The household's net monthly income has been determined.

7 C.F.R. § 273.10(e)(2)(ii)(A) provides the following: Except as provided in paragraphs (a)(1), (e)(2)(iii) and (e)(2)(vi) of this section, the household's monthly allotment shall be equal to the maximum SNAP allotment for the household's size reduced by 30 percent of the household's net monthly income as calculated in paragraph (e)(1) of this section. If 30 percent of the household's net income ends in cents, the State agency shall round in one of the following ways: (1) "The State agency shall round the 30 percent of net income up to the nearest higher dollar".

7 C.F.R. § 273.10(e)(4) provides the following: Thrifty Food Plan (TFP) and Maximum SNAP Allotments. (i) Maximum SNAP allotment level. Maximum SNAP allotments shall be based on the TFP as defined in §271.2, and they shall be uniform by household size throughout the 48 contiguous States and the District of Columbia. The TFP for Hawaii shall be the TFP for the 48 States and DC adjusted for the price of food in Honolulu. The TFPs for urban, rural I, and rural II parts of Alaska shall be the TFP for the 48 States and DC adjusted by the price of food in Anchorage and further adjusted for urban, rural I, and rural II Alaska as defined in §272.7(c). The TFPs for Guam and the Virgin Islands shall be adjusted for changes in the cost of food in the 48 States and DC, provided that the cost of these TFPs may not exceed the cost of the highest TFP for the 50 States. The TFP amounts and maximum allotments in each area are adjusted annually and will be prescribed in a table posted on the FNS web site, at www.fns.usda.gov/fsp.

The Appellant's SNAP benefits are calculated as follows:

10.7 C.F.R. § 273.13(a) provides for notice of adverse action. *Use of notice.* Prior to any action to reduce or terminate a household's benefits within the certification period, the State agency shall, except as provided in [paragraph \(b\)](#) of this section, provide the household timely and adequate advance notice before the adverse action is taken. (1) The notice of adverse action shall be considered timely if the advance notice period conforms to that period of time defined by the State agency as an adequate notice period for its public assistance caseload, provided that the period includes at least 10 days from the date the notice is mailed to the date upon which the action becomes effective. Also, if the adverse notice period ends on a weekend or holiday, and a request for a fair hearing and continuation of benefits is received the day after the weekend or holiday, the State agency shall consider the request timely received.

The Department correctly issued a notice of adverse action advising the Appellant of the SNAP reduction on [REDACTED].
