

APPENDIX K: Emergency Preparedness and Response

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.ⁱ This appendix may be completed retroactively as needed by the state.

Appendix K-1: General Information

General Information:

A. State: Connecticut

B. Waiver Title:

Home & Community Based Services for Elders
 Personal Care Assistance Waiver
 CT ABI Waiver
 Home & Community Supports Waiver for Persons with Autism
 CT ABI Waiver II
 Mental Health Waiver
 Katie Beckett Waiver

C. Control Number:

CT.0140.R07.02
 CT.0301.R05.05
 CT.0302.R05.01
 CT.0993.R01.04
 CT.1085.R01.04
 CT.0653.R02.04
 CT.410.R08.01

D. Type of Emergency (The state may check more than one box):

<input checked="" type="checkbox"/>	Pandemic or Epidemic
<input type="checkbox"/>	Natural Disaster
<input type="checkbox"/>	National Security Emergency
<input type="checkbox"/>	Environmental
<input type="checkbox"/>	Other (specify):

E. Brief Description of Emergency. *In no more than one paragraph each*, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

COVID 19 pandemic.

Federal Public Health Emergency continues to exist as a result of the continued consequences of the Coronavirus Disease (COVID-19) pandemic.

This Appendix K is additive to the previously approved Appendix Ks and includes the following modifications:

1. Increased Provider Rates. Rate sufficiency is imperative to quickly build supply of HCBs workers needed.
 - a. A minimum wage increase for applicable home health aide and waiver services, including, but not limited to, agency-based personal care assistants (PCAs), chore/homemaker, and companion services, effective 8/1/2021. The 8/1/2021 increase in rates will be 6% for applicable services.
 - b. a 1.7% across-the-board rate increase, authorized under the biennial budget, and an eligible increase under the ARPA reinvestment plan, , effective 7/1/2021;
 - c. supplemental rate funding beyond the 1.7% to bring waiver services to a maximum 4.5% total rate increase (inclusive of the 1.7%), including a 3.5% base increase and up to a 1% value-based payment (VBP) increase, included under the ARPA reinvestment plan, effective 7/1/2021, with:
 - i. both rate components contingent on approval of Connecticut’s ARPA reinvestment plan; and
 - ii. the VBP increase contingent on participation in race-equity training, connection to the state’s health information exchange (HIE) and reporting of quality and financial data.
2. Fund temporary workforce and provider stabilization.
 - a. a one-time stabilization payment estimated at 5% of total SFY 2021 expenditures, included under the ARPA reinvestment plan, to be paid within the quarter ending 12/31/2021;

Acknowledging these are time-limited payments which are not anticipated to extend beyond March 2024, the State understands that its ability to make payments under the Appendix K authority will end following the conclusion of the Federal Public Health Emergency. The State will be responsible to seek other authority, such as amending the 1915(c) HCBS waivers, for the continuation of these payments beyond the termination date of the Appendix K for all of Connecticut’s Home and Community Based Service Waivers.

F. Proposed Effective Date: Start Date: 07/01/2021 Anticipated End Date: Six months after the conclusion of the Federal Public Health Emergency.

G. Description of Transition Plan.

All activities will take place in response to the impact of COVID 19 as efficiently and effectively as possible based upon the complexity of the change.

H. Geographic Areas Affected:

These actions will apply across the waivers to all individuals impacted by the COVID-19 pandemic.

I. Description of State Disaster Plan (if available) *Reference to external documents is acceptable:*

Not applicable.

Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

Temporary or Emergency-Specific Amendment to Approved Waiver:

These are changes that, while directly related to the state’s response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.

a. ___ Access and Eligibility:

i. ___ Temporarily increase the cost limits for entry into the waiver.

[Provide explanation of changes and specify the temporary cost limit.]

ii. ___ Temporarily modify additional targeting criteria.

[Explanation of changes]

b. ___ Services

i. ___ Temporarily modify service scope or coverage.

[Complete Section A- Services to be Added/Modified During an Emergency.]

ii. ___ Temporarily exceed service limitations (including limits on sets of services as described in Appendix C-4) or requirements for amount, duration, and prior authorization to address health and welfare issues presented by the emergency.

[Explanation of changes]

iii. X Temporarily add services to the waiver to address the emergency situation (for example, emergency counseling; heightened case management to address emergency needs; emergency medical supplies and equipment; individually directed goods and services; ancillary services to establish temporary residences for dislocated waiver enrollees; necessary technology; emergency evacuation transportation outside of the scope of non-emergency transportation or transportation already provided through the waiver).

[Complete Section A-Services to be Added/Modified During an Emergency]

iv. ___ Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches) Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:

[Explanation of modification, and advisement if room and board is included in the respite rate]:

v. ___ Temporarily provide services in out of state settings (if not already permitted in the state's approved waiver). [Explanation of changes]

c. ___ Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver. Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered.

d. ___ Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements).

i. ___ Temporarily modify provider qualifications.

[Provide explanation of changes, list each service affected, list the provider type, and the changes in provider qualifications.]

ii. ___ Temporarily modify provider types.

[Provide explanation of changes, list each service affected, and the changes in the provider type for each service].

iii. ___ Temporarily modify licensure or other requirements for settings where waiver services are furnished.

[Provide explanation of changes, description of facilities to be utilized and list each service provided in each facility utilized.]

e. ___ Temporarily modify processes for level of care evaluations or re-evaluations (within regulatory requirements). [Describe]

f. X Temporarily increase payment rates

[Provide an explanation for the increase. List the provider types, rates by service, and specify whether this change is based on a rate development method that is different from the current approved waiver (and if different, specify and explain the rate development method). If the rate varies by provider, list the rate by service and by provider].

The revised rate schedule reflecting all rate changes described below is attached in Appendix A

The following increases are not based on a rate development method that is different from the method approved by CMS for this waiver:

3.5% increase in existing rates approved by CMS for all provider types covered under this 1915(c) waiver retroactive to July 1, 2021.
Explanation of increase: This 3.5% increase is required for cost-of-living adjustments in order to recognize the significant cost increases experienced for service providers during the pandemic
Service rates impacted by increase: This impacts all service rates other than those provider types and services specifically excluded. *Excluded providers and services: Assistive Technology; Environmental Accessibility Modifications, Personal Response Systems, Skilled Chore, Specialized Medical Equipment, Individual Goods and Services, and all Self-Directed Services.*

6% minimum wage increase retroactive to August 1, 2021 for provider types where rates, as approved, are based on minimum wage.
Explanation of increase: This 6% minimum wage increase is pursuant to PA 19-4.
Service rates impacted by increase in minimum wage: agency-based personal care assistants (PCAs), chore/homemaker, companion services, assisted living services, Adult Day Health, Recovery Assistant, Community Mentor, and Agency-based Respite

Services.

The following increase is based on a rate development method that is different from the methods previously approved by CMS for this waiver

1% enhanced supplemental payment – performance based

Nature of the payments that are made and the waiver services for which these payments are made: Payments are supplemental payments based on performance for all waiver services other than those specifically excluded. Performance requirements for the March 2022 performance payment are as follows:

- 1) Participation in the Department of Social Services Racial Equity Training
- 2) Provider has Data Sharing Agreement executed with the state's Health Information Exchange (HIE)

Payment methodology: Payments are based on 1% of expenditures beginning July 1, 2021 and ending February 28, 2022.

Performance requirements for the July 2022 performance payment are as follows:

- 1) Participation in Department of Social Services Racial Equity Training
- 2) Signing, at a minimum, the Empanelment Use Case
- 3) Action plan detailing how the provider sends their client roster in an approved format to Connie, the state HIE

Payment methodology for quarterly ongoing performance payments: Payments are based on 1% of expenditures for the quarter that immediately precedes the payment. For the July 2022 payment, this is 1% of expenditures beginning March 1, 2022 and ending June 30, 2022.

The types of waiver providers that receive such payments: All provider types covered under this 1915(c) waiver active as of the issuance date of the respective payment are eligible for the 1% enhanced supplemental payment other than those provider types and services specifically excluded. *Excluded providers and services: Assistive Technology; Environmental Accessibility Modifications, Personal Response System, Skilled Chore, Specialized Medical Equipment, Individual Goods and Services, and all Self-Directed Services*

Specify the source of the non-federal share of the supplemental or enhanced payments: This source for this supplemental payment is Connecticut's American Rescue Plan Act Spending Plan and Narrative.

Specify that providers eligible to receive the supplemental or enhanced payment must be able to retain 100% of the total computable expenditure claimed by the Medicaid agency to CMS: All providers eligible to receive the supplemental or enhanced payment will be permitted to retain 100% of the total computable expenditure claimed by the Medicaid agency to CMS.

5% enhanced one-time supplemental payment

Nature of the payments that are made and the waiver services for which these payments are made: A one-time payment for recruitment and retention of staff estimated at 5% of total SFY 2021 expenditures for all providers other than those provider types and services specifically excluded.

Payment methodology: Payments are a ‘one-time’ supplemental payment paid to eligible providers within 30 days of CMS’ approval of this Appendix K. Supplemental payments are based on 5% of SFY 21 expenditures. Eligibility for the 5% supplemental payment is based on provider active enrollment upon issuance of the payments.

The types of waiver providers that receive such payments: All provider types covered under this 1915(c) waiver who are enrolled upon the payment issuance date are eligible for the 5% enhanced supplemental payment other than those provider types listed as excluded services. *Excluded providers and services: Assistive Technology; Environmental Accessibility Modifications, Personal Response Systems, Skilled Chore, Specialized Medical Equipment, Individual Goods and Services, and all Self-Directed Services*

Specify the source of the non-federal share of the supplemental or enhanced payments: This source for this supplemental payment is Connecticut’s American Rescue Plan Act Spending Plan and Narrative.

Specify that providers eligible to receive the supplemental or enhanced payment must be able to retain 100% of the total computable expenditure claimed by the Medicaid agency to CMS: All providers eligible to receive the supplemental or enhanced payment will be permitted to retain 100% of the total computable expenditure claimed by the Medicaid agency to CMS.

g. ___ Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.

[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

h. ___ Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances. [Explanation of changes]

i. ___ Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.

[Specify the services.]

j. ___ Temporarily include retainer payments to address emergency related issues.

[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

k. ___ Temporarily institute or expand opportunities for self-direction.

[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards]

l. ___ Increase Factor C.

[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]

m. ___ Other Changes Necessary [For example, any changes to billing processes, use of contracted entities or any other changes needed by the State to address imminent needs of individuals in the waiver program]. [Explanation of changes]

Contact Person(s)

A. The Medicaid agency representative with whom CMS should communicate regarding the request:

First Name: Jennifer
Last Name Cavallaro
Title: Director, Community Options - Operations
Agency: Department of Social Services
Address 1: 55 Farmington Avenue
Address 2: 9th Floor
City Hartford
State Connecticut
Zip Code 06105
Telephone: 860-424-5743
E-mail jennifer.cavallaro@ct.gov
Fax Number 860-424-4963

B. If applicable, the State operating agency representative with whom CMS should communicate regarding the waiver is:

E-mail William.Halsey@ct.gov
Fax Number 860-424-4963

Section A---Services to be Added/Modified During an Emergency

Complete for each service added during a time of emergency. For services in the approved waiver which the state is temporarily modifying, enter the entire service definition and highlight the change. State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Specification					
Service Title:	<i>COPE Caregiver Supports and Participant Training</i> : COPE is a model program that consists of an interdisciplinary team of specialized occupational therapy visits and nursing services				
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>					
Service Definition (Scope):					
<p>The state will implement the evidence-based COPE (Care of Persons with Dementia in their Environments) program. The COPE intervention is designed to optimize older adults' functional independence, and to improve caregiver dementia management skills and health-related outcomes. COPE features coordinated in-home occupational therapy visits, and skilled nursing visits.</p> <p>The primary outcome for older adults with dementia is functional independence; secondary outcomes are activity engagement, quality of life, and prevention or alleviation of neuropsychiatric symptoms. Caregiver outcomes include perceived well-being and confidence in using activities to manage dementia symptoms.</p>

Service Specification			
Service Title:	<i>Caregiver Supports and Participant Training: Care for the Caregiver Program</i> consists of an interdisciplinary team of specialized occupational therapists and nursing services for care of persons other than those with Dementia		
<i>Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:</i>			
Service Definition (Scope):			
The state will implement an evidence-informed program to support family members who are providing extraordinary care to persons living with serious or chronic illness. The program builds upon a range of evidence-based programs including the COPE Program (Care of Persons with Dementia in their Environments). The program is designed to optimize caregiver’s knowledge and skills in key areas including medical and medication management, home safety, ways to safely provide hands-on assistance with self-care tasks (eg., dressing, bathing, toileting, getting in/out of bed/chair), and provide validation and support, reduce caregiver stress, and assist in helping to structure their days to obtain respite and care for themselves. The “Care for the Caregiver” program (Care4Caregiver) features coordinated in-home occupational therapy and skilled nursing over 4 visits. The primary outcome for the caregiver includes perceived well-being and confidence in managing day-to-day with secondary outcomes being improved quality of life of the person with serious illness.

ⁱ Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes

that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
