

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a state to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waivers target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the state, service delivery system structure, state goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for an Amendment to a §1915(c) Home and Community-Based Services Waiver

1. Request Information

A. The **State of Connecticut** requests approval for an amendment to the following Medicaid home and community-based services waiver approved under authority of §1915(c) of the Social Security Act.

B. Program Title:

Katie Beckett Waiver

C. Waiver Number: CT.4110

Original Base Waiver Number: CT.40110.

D. Amendment Number:

E. Proposed Effective Date: (mm/dd/yy)

11/12/23

Approved Effective Date of Waiver being Amended: 01/01/22

2. Purpose(s) of Amendment

Purpose(s) of the Amendment. Describe the purpose(s) of the amendment:

The intent of these amendments is to transfer the temporary authority of already approved Appendix K provisions to the permanent authorities under this Medicaid waiver. All provisions were previously approved by the Connecticut General Assembly and CMS.

Appendix K provisions are temporary and expire six months following the expiration of the federal public health emergency related to the continued consequences of the Coronavirus Disease (COVID-19) pandemic, in November 2023.

The provisions must be amended into the permanent Medicaid Waivers to ensure the ability to execute section 9817 of the American Rescue Plan Act (ARPA) throughout the ARPA period until March 2025 and to incorporate flexibilities that will be retained in permanent authority that were authorized during public health emergency.

Addition of a new service titled “Training and Counseling Services for Unpaid Caregivers Supporting Participants” will be added to the Katie Beckett Waiver. This service is an inter-professional model delivered through a structured number of visits by a team comprised of a Care of Persons with Dementia in their Environments (COPE) certified occupational therapist (OT) and a COPE certified registered nurse (RN) to a participant as defined in the participant’s person-centered plan. The service may include assessment and the development of a home treatment/support/action plan for this service, training and technical assistance to carry out the plan and monitoring of the individual and implementation of the service action plan. For participants without a dementia diagnosis, the service is referred to as “Confident Caregiver.”

Value based payments will also be added to this waiver.

PRA Disclosure Statement

The purpose of this application is for states to request a Medicaid Section 1915(c) home and community-based services (HCBS) waiver. Section 1915(c) of the Social Security Act authorizes the Secretary of Health and Human Services to waive certain specific Medicaid statutory requirements so that a state may voluntarily offer HCBS to state-specified target group(s) of Medicaid beneficiaries who need a level of institutional care that is provided under the Medicaid state plan. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0449 (Expires: December 31, 2023). The time required to complete this information collection is estimated to average 160 hours per response for a new waiver application and 75 hours per response for a renewal application, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

1. Request Information (2 of 3)

F. Level(s) of Care. H. Dual Eligibility for Medicaid and Medicare.

Check if applicable:

This waiver provides services for individuals who are eligible for both Medicare and Medicaid.

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The Katie Beckett waiver is a program designed to provide nurse case management services to individuals with disabilities who would normally not qualify financially for Medicaid due to family income. The goal is to maintain children at home with services, who might otherwise have had to enter a nursing facility or other institutional level of care and qualify for Medicaid.

The waiver provides home and community based services as an alternative to institutional care. Case management by a Home Health Agency is provided along with standard Medicaid state plan covered services that are medically necessary to meet the participant's care needs. Waiver participants may also receive services under EPSDT.

The waiver will be operated by the Community Options Unit of the Medicaid Agency.

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the state expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.
- D. Participant-Centered Service Planning and Delivery.** Appendix D specifies the procedures and methods that the state uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services.** When the state provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):
- | |
|--|
| <p>Yes. This waiver provides participant direction opportunities. Appendix E is required.</p> <p>No. This waiver does not provide participant direction opportunities. Appendix E is not required.</p> |
|--|
- F. Participant Rights.** Appendix F specifies how the state informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- G. Participant Safeguards.** Appendix G describes the safeguards that the state has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy.** Appendix H contains the Quality Improvement Strategy for this waiver.
- I. Financial Accountability.** Appendix I describes the methods by which the state makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration.** Appendix J contains the state's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

- A. Comparability.** The state requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in Appendix C that are not otherwise available under the approved Medicaid state plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in Appendix B.
- B. Income and Resources for the Medically Needy.** Indicate whether the state requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):
- Not Applicable
- No
- Yes
- C. Statewidness.** Indicate whether the state requests a waiver of the statewidness requirements in §1902(a)(1) of the Act (*select one*):
- No
- Yes
- If yes, specify the waiver of statewidness that is requested (*check each that applies*):
- Geographic Limitation.** A waiver of statewidness is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the state. Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

Limited Implementation of Participant-Direction. A waiver of statewideness is requested in order to make *participant-direction of services* as specified in **Appendix E** available only to individuals who reside in the following geographic areas or political subdivisions of the state. Participants who reside in these areas may elect to direct their services as provided by the state or receive comparable services through the service delivery methods that are in effect elsewhere in the state.

Specify the areas of the state affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:

5. Assurances

In accordance with 42 CFR §441.302, the state provides the following assurances to CMS:

- A. Health & Welfare:** The state assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any state licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The state assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable state standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The state assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The state assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The state assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community-based waiver services. **Appendix B** specifies the procedures that the state employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The state assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid state plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The state assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the

waiver by the state's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.

G. Institutionalization Absent Waiver: The state assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.

H. Reporting: The state assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid state plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.

I. Habilitation Services. The state assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.

J. Services for Individuals with Chronic Mental Illness. The state assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the state has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the state has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

A. Service Plan. In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including state plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.

B. Inpatients. In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are inpatients of a hospital, nursing facility or ICF/IID.

C. Room and Board. In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the state that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.

D. Access to Services. The state does not limit or restrict participant access to waiver services except as provided in **Appendix C**.

E. Free Choice of Provider. In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the state has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.

F. FFP Limitation. In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.

G. Fair Hearing: The state provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of

care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the state's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.

H. Quality Improvement. The state operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the state assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The state further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the state will implement the Quality Improvement Strategy specified in **Appendix H**.

I. Public Input. Describe how the state secures public input into the development of the waiver:

For this 2022 renewal, Notice was published in the CT Law Journal on July 27, 2021. This is a statewide publication and is available to anyone who chooses to subscribe. It is a state register equivalent to the federal register. In addition to the CT Law Journal posting, the Department posted the renewal notice on its web site on July 27, 2021 for public comment through August 26, 2021, under "News and Press" and can be seen at the following link:

<https://portal.ct.gov/DSS/Health-And-Home-Care/Medicaid-Waiver-Applications/Medicaid-Waiver-Applications>

No comments were received from the postings.

The Connecticut tribes were notified via email on July 21, 2021. They did not have any comments.

Prior to submission, the application will be presented to the CT Legislature's Committees of Cognizance and a public hearing which will approve the waiver application submission will be held. This hearing was held on September 17, 2021 and approval was given for the waiver application to be submitted.

J. Notice to Tribal Governments. The state assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. Limited English Proficient Persons. The state assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the state assures meaningful access to waiver services by Limited English Proficient persons.

Attachment #1: Transition Plan

Check the box next to any of the following changes from the current approved waiver. Check all boxes that apply.

Replacing an approved waiver with this waiver.

Combining waivers.

Splitting one waiver into two waivers.

Eliminating a service.

Adding or decreasing an individual cost limit pertaining to eligibility.

Adding or decreasing limits to a service or a set of services, as specified in Appendix C.

Reducing the unduplicated count of participants (Factor C).

Adding new, or decreasing, a limitation on the number of participants served at any point in time.

Making any changes that could result in some participants losing eligibility or being transferred to another waiver under 1915(c) or another Medicaid authority.

Making any changes that could result in reduced services to participants.

Specify the transition plan for the waiver:

Attachment #2: Home and Community-Based Settings Waiver Transition Plan

Specify the state's process to bring this waiver into compliance with federal home and community-based (HCB) settings requirements at 42 CFR 441.301(c)(4)-(5), and associated CMS guidance.

Consult with CMS for instructions before completing this item. This field describes the status of a transition process at the point in time of submission. Relevant information in the planning phase will differ from information required to describe attainment of milestones.

To the extent that the state has submitted a statewide HCB settings transition plan to CMS, the description in this field may reference that statewide plan. The narrative in this field must include enough information to demonstrate that this waiver complies with federal HCB settings requirements, including the compliance and transition requirements at 42 CFR 441.301(c)(6), and that this submission is consistent with the portions of the statewide HCB settings transition plan that are germane to this waiver. Quote or summarize germane portions of the statewide HCB settings transition plan as required.

Note that Appendix C-5 HCB Settings describes settings that do not require transition; the settings listed there meet federal HCB setting requirements as of the date of submission. Do not duplicate that information here.

Update this field and Appendix C-5 when submitting a renewal or amendment to this waiver for other purposes. It is not necessary for the state to amend the waiver solely for the purpose of updating this field and Appendix C-5. At the end of the state's HCB settings transition process for this waiver, when all waiver settings meet federal HCB setting requirements, enter "Completed" in this field, and include in Section C-5 the information on all HCB settings in the waiver.

All settings in this waiver fully comply with new HCBS regulations. The state has reviewed the settings in which Katie Beckett waiver participants reside. As this waiver serves children through age 21, waiver participants live in family homes that are fully compliant with CMS settings requirements. The service available to participants is care management by a registered nurse. The care management evaluation is done in the waiver participants' home and includes responsible parties as part of the assessment process. This is fully compliant with the new regulations.

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

The waiver is operated by the state Medicaid agency.

Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (*select one*):

The Medical Assistance Unit.

Specify the unit name:

Community Options Unit

(Do not complete item A-2)

Another division/unit within the state Medicaid agency that is separate from the Medical Assistance Unit.

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

(Complete item A-2-a).

The waiver is operated by a separate agency of the state that is not a division/unit of the Medicaid agency.

Specify the division/unit name:

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. *(Complete item A-2-b).*

Appendix A: Waiver Administration and Operation

2. Oversight of Performance.

a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:

As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.

b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the State. Thus this section does not need to be completed.

Appendix A: Waiver Administration and Operation

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).

Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.*:

No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).

Appendix A: Waiver Administration and Operation

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

Not applicable

Applicable - Local/regional non-state agencies perform waiver operational and administrative functions.

Check each that applies:

Local/Regional non-state public agencies perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

Local/Regional non-governmental non-state entities conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

Appendix A: Waiver Administration and Operation

6. Assessment Methods and Frequency. Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

Appendix A: Waiver Administration and Operation

7. Distribution of Waiver Operational and Administrative Functions. In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.*

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the States quality improvement strategy, provide information in the following fields to detail the States methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver
- Equitable distribution of waiver openings in all geographic areas covered by the waiver
- Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014)

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of annual level of care and comprehensive reassessments specified in the agreement with the Medicaid agency that were submitted on time and in the correct format. Numerator=number of LoC and reassessment reviews submitted on time and in the correct format Denominator=total number of LoC and reassessments due

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the States method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

Home Health Agencies providing the Case Management services are responsible for submitting to the Department an Annual Reassessment on each waiver participant. Community Options staff track the timeliness of the submission of the reassessment and the accompanying service plan.

Please provide a detailed strategy for assuring Administrative Authority, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the state limits waiver services to one or more groups or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR §441.301(b)(6), select one or more waiver target groups, check each of the subgroups in the selected target group(s) that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

Target Group	Included	Target SubGroup	Minimum Age	Maximum Age	
				Maximum Age Limit	No Maximum Age Limit
Aged or Disabled, or Both - General					
		Aged		<input type="text"/>	<input type="text"/>
		Disabled (Physical)	0	22	
		Disabled (Other)	<input type="text"/>	<input type="text"/>	
Aged or Disabled, or Both - Specific Recognized Subgroups					
		Brain Injury	<input type="text"/>	<input type="text"/>	
		HIV/AIDS	<input type="text"/>	<input type="text"/>	

Target Group	Included	Target SubGroup	Minimum Age	Maximum Age	
				Maximum Age Limit	No Maximum Age Limit
		Medically Fragile			
		Technology Dependent			
Intellectual Disability or Developmental Disability, or Both					
		Autism			
		Developmental Disability			
		Intellectual Disability			
Mental Illness					
		Mental Illness			
		Serious Emotional Disturbance			

b. Additional Criteria. The state further specifies its target group(s) as follows:

The target population is disabled children who have physical disabilities that may or may not be co-occurring with developmental disabilities. This waiver is not intended to serve children whose sole disability is a developmental disability.

c. Transition of Individuals Affected by Maximum Age Limitation. When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (*select one*):

Not applicable. There is no maximum age limit

The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.

Specify:

The waiver covers person up to the age of 22. Persons attaining the age of 22 will be assisted by Department staff in obtaining Medicaid under ABD eligibility criteria. It is expected that if the person has a disability, they should be able to qualify under ABD Medicaid as their application would then be viewed independently of the parents' income and assets. They will have access to state plan services and could apply to transition to other medicaid waivers such as the PCA Waiver or, if they meet ICF/MR level of care, one of three waivers operated by the Department of Developmental Services. The department operates a 1915k Community First choice State Plan option for persons who meet institutional level of care and who would like to direct their own services. The case manager will assist the clients in identifying other services and programs that the individual might be eligible for.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. Individual Cost Limit. The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*). Please note that a state may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

No Cost Limit. The state does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*

Cost Limit in Excess of Institutional Costs. The state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the state. *Complete Items B-2-b and B-2-c.*

The limit specified by the state is *(select one)*

A level higher than 100% of the institutional average.

Specify the percentage:

Other

Specify:

Institutional Cost Limit. Pursuant to 42 CFR 441.301(a)(3), the state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*

Cost Limit Lower Than Institutional Costs. The state refuses entrance to the waiver to any otherwise qualified individual when the state reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the state that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

The cost limit specified by the state is *(select one)*:

The following dollar amount:

Specify dollar amount:

The dollar amount *(select one)*

Is adjusted each year that the waiver is in effect by applying the following formula:

Other:

Specify:

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

The Nurse Consultant completes the level of care determination and refers the client to a home health agency of the client/family's choosing. The nurse case manager employed by a licensed home health agency completes the assessment and develops a plan of care. The assessment and plan of care is reviewed by a nurse consultant in the Department's Alternate Care Unit. The care plan cost is compared to the level of care cost the individual was determined to need. The total cost compares both waiver and state plan services against the institutional level of care. If the total cost exceeds the institutional rate for the participant's level of care, the client cannot be enrolled in the waiver. Persons are provided information on their opportunity to request a fair hearing if they are denied enrollment to the waiver.

c. Participant Safeguards. When the state specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the state has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

The participant is referred to another waiver that can accommodate the individual's needs.

Additional services in excess of the individual cost limit may be authorized.

Specify the procedures for authorizing additional services, including the amount that may be authorized:

Other safeguard(s)

Specify:

If a participant has a change in condition that could result in higher costs than the institutional rate, another assessment is completed. The Nurse Consultant reevaluates the participant. If the participant's level of care has changed, their level of care assignment may be changed to reflect the increased needs and accommodate the increased costs. Other alternatives might include referral to another Medicaid Waiver program or utilization of state plan services only. Since most waiver participants needed the waiver to qualify for Medicaid without regard to the income and assets of their parents, it is expected that once they reach age 22, if their disability continues, that they would be eligible for ABD Medicaid based on their own income and assets.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The state will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	

Waiver Year	Unduplicated Number of Participants
	358
Year 2	359
Year 3	360
Year 4	361
Year 5	362

b. Limitation on the Number of Participants Served at Any Point in Time. Consistent with the unduplicated number of participants specified in Item B-3-a, the state may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the state limits the number of participants in this way: *(select one)* :

The state does not limit the number of participants that it serves at any point in time during a waiver year.

The state limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	340
Year 2	341
Year 3	342
Year 4	343
Year 5	344

B-3: Number of Individuals Served (2 of 4)

c. Reserved Waiver Capacity. The state may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State *(select one)*:

Not applicable. The state does not reserve capacity.

The state reserves capacity for the following purpose(s).

Purpose(s) the state reserves capacity for:

Purposes	
Money Follows the Person Transitions	

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

Purpose *(provide a title or short description to use for lookup)*:

Money Follows the Person Transitions

Purpose *(describe):*

The state reserves capacity of one waiver slot per year in each of the five years of the waiver renewal for participants who transition from the Money Follows the Person Demonstration program.

Describe how the amount of reserved capacity was determined:

Capacity was reserved based on current MFP participants who meet eligibility criteria for this waiver and projections of the future demand for services

The capacity that the State reserves in each waiver year is specified in the following table:

Waiver Year	Capacity Reserved
Year 1	1
Year 2	1
Year 3	1
Year 4	1
Year 5	1

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d. Scheduled Phase-In or Phase-Out. Within a waiver year, the state may make the number of participants who are served subject to a phase-in or phase-out schedule *(select one)*:

The waiver is not subject to a phase-in or a phase-out schedule.

The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.

e. Allocation of Waiver Capacity.

Select one:

Waiver capacity is allocated/managed on a statewide basis.

Waiver capacity is allocated to local/regional non-state entities.

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

The Department of Social Services (DSS) maintains a waiting list for those interested in accessing the waiver when an opening becomes available. The applicant may contact the Department by phone to place someone on the waiting list. Entrants to the waiver are selected on a first come first serve basis.

When an opening becomes available, the Department sends the next person on the waiting list a Notice of Vacancy letter outlining the application process. The Level of Care determination will be made at that time. Included in the packet is a list of home health agencies enrolled in Medicaid from which the client can choose a provider. Once the client selects the Home Health Agency, a registered nurse from that agency will perform the waiver assessment and develop a plan of care. The RN becomes the client's case manager. The assessment and plan of care are submitted to the Nurse Consultant in DSS who makes the final determination of medical eligibility for the waiver. The level of care is confirmed and the Nurse Consultant also certifies the cost effectiveness of the plan of care.

For persons transitioning from the Money Follows the Person Demonstration grant, the waiver nurse consultant reviews the MFP plan of care to ensure that the services can be continued under the waiver once the demonstration time has ended. Transition from MFP to the waiver is seamless to the participant.

The applicant must also complete the Medicaid eligibility determination document and submit it to the DSS district office for the financial eligibility determination for Medicaid. If the applicant meets both the medical and financial eligibility criteria, they will receive notice indicating the start of services under the waiver.

- a. Use of Spousal Impoverishment Rules.** Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217:

Note: For the period beginning January 1, 2014 and extending through September 30, 2019 (or other date as required by law), the following instructions are mandatory. The following box should be checked for all waivers that furnish waiver services to the 42 CFR §435.217 group effective at any point during this time period.

Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the state uses *spousal* post-eligibility rules under §1924 of the Act.

Complete Items B-5-e (if the selection for B-4-a-i is SSI State or §1634) or B-5-f (if the selection for B-4-a-i is 209b State) and Item B-5-g unless the state indicates that it also uses spousal post-eligibility rules for the time periods before January 1, 2014 or after September 30, 2019 (or other date as required by law).

Note: The following selections apply for the time periods before January 1, 2014 or after September 30, 2019 (or other date as required by law) (select one).

Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group.

In the case of a participant with a community spouse, the state elects to (*select one*):

Use spousal post-eligibility rules under §1924 of the Act.

(Complete Item B-5-c (209b State) and Item B-5-d)

Use regular post-eligibility rules under 42 CFR §435.726 (SSI State) or under §435.735 (209b State)

(Complete Item B-5-c (209b State). Do not complete Item B-5-d)

Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The state uses regular post-eligibility rules for individuals with a community spouse.

b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.

Select one:

Not Applicable (see instructions)*Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.*

The state does not establish reasonable limits.

The state uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.

Appendix B: Participant Access and Eligibility

Note: The following selections apply for the five-year period beginning January 1, 2014.

e. Regular Post-Eligibility Treatment of Income: SSI State or §1634 State - 2014 through 2018.

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (6 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

f. Regular Post-Eligibility Treatment of Income: 209(B) State - 2014 through 2018.

Answers provided in Appendix B-5-a indicate the selections in B-5-c also apply to B-5-f.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (7 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

g. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules - 2014 through 2018.

The state uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the state Medicaid Plan. The state must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate the selections in B-5-d also apply to B-5-g.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the state provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

a. Reasonable Indication of Need for Services. In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the state's policies concerning the reasonable indication of the need for services:

i. Minimum number of services.

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:

ii. Frequency of services. The state requires (select one):

The provision of waiver services at least monthly

Monthly monitoring of the individual when services are furnished on a less than monthly basis

If the state also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

Case management is the only service provided by this waiver and is required every six months. Most participants in this waiver are school age children who receive comprehensive services through their local Board of Education. In addition, Department of Public Health Regulations 19-13-D72(2) require that the participant's condition be monitored at frequent intervals based on the person's condition but no less frequently than every sixty days. Consequently many participants are receiving nursing visits more frequently than the every six month case management visit. State plan services may also be provided to waiver participants.

The plan of care identified by the nurse case manager includes services that are needed to meet the participant's assessed needs.

b. Responsibility for Performing Evaluations and Reevaluations. Level of care evaluations and reevaluations are performed (*select one*):

Directly by the Medicaid agency

By the operating agency specified in Appendix A

By a government agency under contract with the Medicaid agency.

Specify the entity:

Other

Specify:

c. Qualifications of Individuals Performing Initial Evaluation: Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

Registered Nurse/Nurse Consultant licensed by the Department of Public Health employed by the Department of Social Services.

Clinical Social Workers, licensed by the Department of Public Health may also perform the initial level of care evaluation for applicants.

d. Level of Care Criteria. Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the state's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

The waiver has 3 levels of care. They are Nursing Facility, Intermediate Care Facility for the Intellectually Disabled and Chronic Disease Hospital.

The guidelines for the various levels of care have been revised and approved by the Department's medical director. The instrument to determine NF LOC is consistent with the tool being utilized in the Medicaid program currently. For ICF/IID and CDH, Medicaid guidelines are utilized to determine the Level of Care. The criteria for each level of care is as follows:

Nursing Facility

1. Clients who have a chronic condition, either stable or unstable, who require some skilled nursing services, nursing supervision or assistance with personal care on a daily basis.
2. Clients who require maintenance rehabilitation services to maintain their maximum level of functioning.

Conditions requiring substantial assistance with personal care.

Substantial personal care is defined by:

1. Supervision or cueing \geq 3 ADLs + need factor
2. Hands-on \geq 3 ADLs
3. Hands-on \geq 2 ADLs + need factor
4. A cognitive impairment which requires daily supervision to prevent harm

*Need factors are:

1. Rehabilitative Services PT, OT, ST. The individual has restorative potential.
2. Behavioral Need: Requires daily supervision to prevent harm
3. Medication supports: Requires assistance for administration of physician ordered medications. Includes supports beyond set up

Chronic Disease Hospital

1. Clients who have an ongoing, unstable medical condition requiring intense medical supervision and nursing intervention continually throughout the day and the need for ancillary or technological services (i.e., laboratory, pharmacy, nutrition, diagnostic, DME); and
2. Clients who are chronically unstable, medically fragile and require frequent physician intervention and monitoring.

Intermediate Care Facility for Individuals with Intellectual Disability

1. Clients who have an intellectual disability that results in substantial functional limitations in three or more of the following areas of major life activity:

Self care

Understanding and use of language

Learning

Mobility

Self Direction

Capacity for independent living.

- e. **Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

The same instrument is used in determining the level of care for the waiver and for institutional care under the state Plan.

A different instrument is used to determine the level of care for the waiver than for institutional care under the state plan.

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

f. Process for Level of Care Evaluation/Reevaluation: Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The waiver has three levels of care, NF, ICF/IID and CDH. One instrument, based on existing regulations has been developed to facilitate the level of care determination. Since the waiver maintains an extensive waiting list, the Department's Nurse Consultant or Clinical Social Worker complete the Level of Care evaluation on the 10 most current applicants on the waiting list. Once the Level of care is initially determined by ACU staff, the nursing agency completes the comprehensive assessment (W-1630) and submits that to the Community Options Unit with the plan of care. The W-1630 is reviewed and compared to the initial level of care evaluation to ensure that the LOC that was assigned, was in fact correct.
The same process occurs for the reevaluation process.

g. Reevaluation Schedule. Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

Every three months

Every six months

Every twelve months

Other schedule

Specify the other schedule:

h. Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations (*select one*):

The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.

The qualifications are different.

Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR §441.303(c)(4), specify the procedures that the state employs to ensure timely reevaluations of level of care (*specify*):

A computerized data base provides lists of reassessments due for each provider. The list is sent to the provider approximately 6 weeks in advance of the due date of the reassessment.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR §441.303(c)(3), the state assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

Records are maintained within the community Options unit of the Department

Quality Improvement: Level of Care

As a distinct component of the States quality improvement strategy, provide information in the following fields to detail the States methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant's/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-Assurances:

a. Sub-assurance: *An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.*

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and*
- ii. given the choice of either institutional or home and community-based services.*

a. Procedures. Specify the state's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The following forms are utilized to demonstrate and document freedom of choice:

1. W-1630W (Notification of placement on the Katie Beckett Waiting List)
2. W-1629 (Acceptance or Refusal of Services)
3. W-1687A (Notification of Approval for Home and Community Based Services)
4. W-1687 (Program Denial and Fair Hearing Notice)

When an individual is placed on the waiting list, a brochure is mailed to the family/guardian to explain the Waiver program as the alternative to institutional care. All of the above documents state this intent. Case management by a Medicare certified Home Health Agency is provided in addition to standard Medicaid covered services that include all medically necessary State Plan services required under EPSDT as applicable according to the age of the participant.

b. Maintenance of Forms. Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

Client record is maintained at the DSS Central office in the Community Options Unit

Specify:

f. Open Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

The Medicare-certified Home Health Agency must submit the following to the Department to enroll as waiver service providers:

1. Copy of current license.
2. Copy of Medicare certification for initial enrollment. HPE, the MMIS contractor, verifies Medicare certification for re-enrollment.
3. Home Health Agency Designation of Service Areas (W-1005) form.

All qualified providers have the opportunity to enroll as a waiver provider. The MMIS contractor, in conjunction with Department Provider Relations staff, issues provider bulletins and notifications informing potential contractors of the enrollment process.

C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the

future.

- 2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

Note instructions at Module 1, Attachment #2, HCBS Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.

Case management is delivered in the participants' home which is a family home owned or rented by the family member. This is fully compliant with the new regulatory requirements.

- c. Supporting the Participant in Service Plan Development.** Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

The Waiver Assessment / Plan of Care completed by the nurse case manager requires family/guardian and/or client participation in the development of the plan of care. Both the client/guardian and registered nurse sign the completed assessment, attesting that they agree on the accuracy of the completed assessment and the plan of care. Most participants in this waiver are children so their legally responsible party is included in the assessment and care plan development process. Otherwise, the participant has the right to have any person of their choice participate in the assessment and care planning process.

- d. Service Plan Development Process.** In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

The service plan is developed by the registered nurse case manager with participation from the client/guardian. A Waiver Assessment/Plan of Care is completed by the nurse case manager with the input of the client/ guardian. The assessment and plan of care are developed at the same time at either the initial assessment or the reassessments that occur every six months. Both the nurse case manager and the client/guardian sign the completed assessment. Assessments are completed at a minimum of every six months.

The types of assessments that are conducted to support the service plan development process are as follows:

- *Primary language spoken at home
- *All persons currently living in the home
- *List of special family circumstances (eg: Foster child, disability, physical, mental, emotional problems)
- *Physical barriers to adequate care within the home or accessibility into/out of home

The participant is informed of case management (the sole waiver service) by the licensed Registered Nurse Case Manager. Case Managers assist individuals who receive waiver services in gaining access to needed community and other State plan services, as well as needed medical, social, educational, and other services, regardless of the funding source for the services to which access is gained. Case managers are responsible for ongoing monitoring of the provision of services included in the individuals' plan of care.

Based upon the completed Waiver assessment with the participation of the client/guardian, a comprehensive plan of care is developed. The care plan addresses all of the clients identified medical, social, and special service needs. In addition to the completed assessment, nurse case managers follow a Problem List Guide to assure that a comprehensive plan of care is developed to address participant goals, needs (including health care needs) and preferences. The Problem List Guide addresses the following areas of concern: (medical care, health habits, medical treatments, communication/sensory perception, cognitive competence, transferring/indoor mobility, incontinence, toileting, personal care, taking medication, meal preparation, household maintenance, financial management, transportation and outdoor mobility, emotional health, social activities/relationships, family problems, presence of dependent or problematic person in household, neglect and/or abuse of the client, spiritual and physical environment, financial resources, legal problems)

Case management (the sole waiver service) is responsible for assisting the participant in obtaining Medicaid services through the Medicaid program. Case managers assist individuals who receive waiver services in gaining access to needed waiver and other State plan services, as well as needed medical, social, educational, and other services, regardless of the funding source for the services to which access is gained. Case managers are responsible for ongoing monitoring of the provision of services included in the individuals plan of care.

Once the plan of care is completed, it is reviewed by a team of Nurse Consultants in the Community Options Unit in the Department. The nurse case manager at the Medicare Certified Home Health agency is responsible to implement and monitor the plan of care. A Medicare Certified Home Health agency provides licensed and/or certified personnel to deliver the needed services to the participant. Individuals on the waiver may choose different Medicare Certified Home Health agencies to provide the case management (waiver service) and any other non-waiver services. Clients/guardians may exercise their freedom of choice in selecting their home health agency providers for waiver or non-waiver services.

Upon acceptance into the program, individuals are provided with a list of Medicare certified Home Health agencies. The individual may choose any provider from this list to provide any of the Medicaid covered services as well as case management.

The nurse case manager monitors the plan of care every 60 days, per regulation 19-13-D72 of the DPH Public Health Code. The Waiver assessment is completed every six months and reviewed by a Nurse Consultant or Licensed Clinical Social Worker in the Alternate Care unit at the Department. The care plan may also be changed or updated at any time when there is a change in the clients medical, social or emotional condition or when there is any change in the participants needs.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

- e. Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

Public Health Code Regulation 19-13-D72 of the Department of Public Health outlines the requirements of Medicare certified Home Health Agencies related to patient care and services in the home. Medicare certified Home Health agencies must have written policies governing referrals received, admission of patients to agency services, delivery of such services and discharge of patients. Such policies cover all services provided by the agency.

A home assessment is performed by the primary care nurse to determine that the patient can be cared for safely in the home. If an agency determines that a patient is ineligible for agency services due to circumstances including, but not limited to, level of care needs which make care at home unsafe, care needs beyond the scope of what the agency can meet, or payment policy, the agency must make provision to refer the patient to another agency.

The agencies' policies also define agency responsibility, plans and procedures to be followed to assure patient safety in the event patient services are interrupted for any reason (hurricanes, snowstorms, etc.). The total plan of care must also include a backup plan to ensure health and safety needs can be met if a service is not delivered.

The Department of Public Health mandates that Agency policies define categories of discharge of patients and protocols to be followed based on the type of discharge. The Registered Nurse Consultants at the Department of Social Services assist clients/guardians in obtaining services from other Medicare Certified Home Health agencies when notified of an impending discharge.

The Department's Registered Nurse Consultant assists clients/guardians to provide for safe backup planning by referring the individual to another more acute/non-community setting if home health services are unavailable.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

- f. Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Upon acceptance into the program, a list of qualified participating providers is sent to each guardian/client. Every six months, the participant receives a letter from Community Options Unit staff advising them of the upcoming reassessment which includes language advising the participant that if there is any dissatisfaction with the current provider, they should contact Department staff who will provide them with an updated list and assist them, if needed, in selecting another provider. The list is updated annually by Community Options Unit staff. The state maintains a continuous open enrollment process for Medicaid service providers. The list is generated by the Department's Provider Relations Unit.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

A Nurse Consultant or Licensed Clinical Social Worker in the Community Options Unit at the Department reviews every assessment and plan of care and determines the appropriate level of care of the participant and approves the plan of care. The review of the plan includes the appropriateness of the service, evidence of unmitigated risk to the participant, sufficiency of the plan and the need for a backup plan. Questions or concerns regarding the plan are referred back to the case manager for follow up.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

h. Service Plan Review and Update. The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

Every six months or more frequently when necessary

Every twelve months or more frequently when necessary

Other schedule

Specify the other schedule:

D-2: Service Plan Implementation and Monitoring

a. Service Plan Implementation and Monitoring. Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

The Department of Social Services Community Options Unit is responsible for monitoring the implementation of the service plan. The Waiver Assessment/Plan of Care completed by the nurse case manager of the Medicare certified Home Health agency is submitted to DSS for review. Prior to the assessment or reassessment visit, the participant receives a letter from the Department advising them of their right to choose a provider. Department staff will assist them if needed in changing providers. It is the case manager's responsibility to ensure that the service plan is adequate to address the health and safety needs of the participant. The Community Options staff's review of the submitted plan confirms that the participant's needs are being addressed. Information regarding the backup plan has been added to the assessment instrument. The plan includes all services whether they be school-based or Medicaid state plan. The nurse consultant or Licensed clinical social worker in the Community Options Unit reviews this assessment and plan of care for appropriateness of the service plan and determines the participant's level of care. Assessments are reviewed for each client every six months.

b. Monitoring Safeguards. *Select one:*

Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the States method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

The assessment completed by the case manager is reviewed by Community Options Unit nurse consultant or licensed clinical social workers to evaluate the continued appropriateness of the services the client is receiving. Individual problems are addressed by the Waiver Program Clinician directly with the case manager, supervisor or home health agency director. Since many of the participants are children, reports of abuse, neglect or exploitation are required to be reported to the Department of Children and Families who are statutorily required to investigate. In addition, we have updated our form that notifies clients of their rights and responsibilities to include information on reporting neglect, abuse or exploitation as well as contact information for the department of Public Health for issues involving the provider agency.

Appendix E: Participant Direction of Services

Applicability *(from Application Section 3, Components of the Waiver Request):*

Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.

No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested *(select one):*

Yes. The state requests that this waiver be considered for Independence Plus designation.

No. Independence Plus designation is not requested.

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The state provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The state provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Instructions for an individual or legal representative to request a Fair Hearing are outlined in the following documents:

1. W-1687 (Program Denial and Fair Hearing Notice) This is a notice of denial for entrance into the program. The reason for denial would be 1) the person does not require, at minimum, the skilled level of care provided in a nursing home or 2) the community based services determined to be medically necessary for care are not cost effective in comparison to alternative institutional placement, or 3) other reasons which can be specified.
2. W-845H (Disagreement with Proposed Action/Request for a Hearing) This form is used to request a hearing due to disagreement with proposed action of the Department. Proposed action by the Department includes denial of entrance into the program or discontinuance of participation in the program. On this form, the participant may choose to have services continued during the period while the participant's appeal is under consideration.
3. W-1630WR (Waiver Program Notice of Removal for Waiting List) Persons on the waiting list who are no longer interested in remaining on the waiting list are sent this notice to inform them that their name has been removed from the waiting list.
4. W-1658 (Notice of Proposed Discontinuance of Home Care Services Under the Waiver Program) Participants are notified when they are being discontinued from the Waiver program or if the Department proposes to discontinue the participants community based services under the model waiver. Participants may be discontinued from the waiver for reasons such as: 1) eligibility determination has not been submitted by the regional office, 2) reassessment not submitted to the Department for review, 3) client no longer meets the skilled nursing home level of care, the participant is out of state for more than 3 months and is not available in state to receive waiver services

Any notices of adverse action and the hearing notice is maintained in the client record at DSS.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

a. Availability of Additional Dispute Resolution Process. Indicate whether the state operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

No. This Appendix does not apply

Yes. The state operates an additional dispute resolution process

b. Description of Additional Dispute Resolution Process. Describe the additional dispute resolution process, including: (a) the state agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. *Select one:*

No. This Appendix does not apply

Yes. The state operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver

b. Operational Responsibility. Specify the state agency that is responsible for the operation of the grievance/complaint system:

c. Description of System. Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

a. Critical Event or Incident Reporting and Management Process. Indicate whether the state operates Critical Event or Incident Reporting and Management Process that enables the state to collect information on sentinel events occurring in the waiver program. *Select one:*

Yes. The state operates a Critical Event or Incident Reporting and Management Process (*complete Items b through e*)

No. This Appendix does not apply (*do not complete Items b through e*)

If the state does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the state uses to elicit information on the health and welfare of individuals served through the program.

b. State Critical Event or Incident Reporting Requirements. Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the state requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The Department of Public Health, Division of Health Systems Regulations investigates complaints and/or reportable events received regarding Home Health agencies which it licenses and/or certifies. The types of critical events or incidents required to be reported are as follows:

Class I Life threatening situations which require immediate action (circumstances which may be hazardous to health or safety or pose immediate jeopardy to the client). DPH investigates Class I incidents immediately.

Class II Issues that do not fall into Class I but are related to care and services or general circumstances which have a direct or indirect impact on quality of care and quality of life. They are subdivided into two categories in order to guide the time frames for investigation.

a) Allegations of serious harm to clients will have an investigation initiated within ten working days of receipt at the DPH. Serious harm is defined as that which compromises an individual's ability to attain or maintain the highest practicable level of physical, mental or psychosocial wellbeing for more than a brief period. Examples include but are not limited to: hospitalization directly linked to deficient practices, fractures, abuse resulting in injury and/or psychiatric intervention. If the critical incident is neglect, abuse or exploitation of a minor, the incident would fall under state mandatory reporting requirements to the Department of Children and Families who are statutorily required to complete timely investigations.

b) Allegations of minor harm will have an investigation initiated at the discretion of the reviewing supervising nurse consultant. Examples include but are not limited to: skin tears, brief emotional distress, and events not requiring medical intervention.

The licensed nurse from the Home Health agency is responsible for the timely reporting of such complaints and reportable events to the home health agency and to the DPH. These reports are available to the Department via the Department of Public Health's website. Additional information can be requested from the Department of Public Health by DSS.

Any person involved in the individual's plan such as the nurse case manager, therapist or school personnel are all mandatory reporters to the Department of children and Families. Language has been added to our Form #W-990, Your Rights and Responsibilities informing all participants of contact numbers for reporting any incident of neglect, abuse or exploitation.

The Office of Protection and Advocacy also investigates incidents of neglect, abuse or exploitation for persons with developmental disabilities.

Additionally, the department has developed a critical incident report system within our program data base to identify, track and trend incidents. This system also allows for the tracking of individual remediation.

- c. Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

Each Home Health Agency providing case management services must have a written bill of rights and responsibilities governing agency services which is made available and explained to each participant or representative at the time of admission. Refer to the Department of Public Health, Public Health Code, sec. 19-13-D78.

We have added language to our new "Your Rights and Responsibilities" form to include information about preventing neglect, abuse and exploitation and advising participants that they have the right to be treated with respect, be free from mental and physical abuse, neglect and exploitation, free from physical restraints, and assured privacy and confidentiality. This form will be left with the client at the time of the initial assessment and their signature is required indicating that they have received the information. The Department of Social Services Community Options website under the Katie Beckett waiver identifies instances of abuse, neglect and exploitation and other critical incidents. A "Welcome to the Katie Beckett Waiver" letter is sent to every new waiver enrollee. The letter instructs participants or family members to contact Community Options, DSS staff to report critical incidents or any concerns about the care and treatment of waiver participants. In addition, the assessment instrument utilized by the nurse case managers every six months was updated. The department added two questions that specifically address preventive health care as a component of ensuring participant health and safety. The last page of the assessment is the critical incident reporting form. By including it in the assessment, the department ensures that there is, at a minimum, a review of whether there have been any incidents since the last reassessment.

- d. Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

Reports of critical events or incidents are faxed or phoned and then mailed to the Department of Public Health, Division of Health Systems Regulations. The DPH Program Supervising Nurse Consultant reviews the allegation(s)/incident(s) and determines the class of the complaint. The supervisor assigns a nurse consultant to conduct the review/investigation and reviews the specific allegations and areas to be investigated with the consultant. Time frames for responding to critical events or incidents and conducting investigations are as described in section G-1-a. The results are shared with the home health agency and with the Department of Social Services upon request. The Department of Children and Families findings are confidential.

The department has its own critical incident system as described in section b above and is responsible to review and respond to any incidents regarding waiver participants

- e. Responsibility for Oversight of Critical Incidents and Events.** Identify the state agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

The Department of Public Health, Division of Health Systems Regulations is responsible for overseeing the reporting of and response to critical incidents that affect waiver participants. The program supervising nurse consultant is responsible for the review of written investigational reports, issuance of violations or deficiencies, if applicable, and referral of issues to other agencies, if applicable. A complaint/reportable event log is also maintained at the Department of Public Health and is updated with each complaint/ reportable event investigation.

DSS is responsible for overseeing the reporting of critical incidents to waiver participants. Oversight is conducted promptly as incidents are identified.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 3)

- a. Use of Restraints.** *(Select one): (For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)*

The state does not permit or prohibits the use of restraints

Specify the state agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:

The Department of Public Health licenses Home Health Agencies, which must be Medicare certified, that provide case management services. Community Options staff investigate allegations regarding the use of restraints and seclusion. They also license the home health agencies bi-annually and record review is part of their licensure renewal process.

The use of restraints is permitted during the course of the delivery of waiver services. Complete Items G-2-a-i and G-2-a-ii.

i. Safeguards Concerning the Use of Restraints. Specify the safeguards that the state has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

[Empty text box for response to item i]

ii. State Oversight Responsibility. Specify the state agency (or agencies) responsible for overseeing the use of restraints and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (2 of 3)

b. Use of Restrictive Interventions. *(Select one):*

The state does not permit or prohibits the use of restrictive interventions

Specify the state agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

The Department of Public Health licenses Home Health Agencies, which must be Medicare certified, that provide case management services. Community Options staff investigate allegations regarding the use of restraints and seclusion. They also license the home health agencies bi-annually and record review is part of their licensure renewal process.

The use of restrictive interventions is permitted during the course of the delivery of waiver services Complete Items G-2-b-i and G-2-b-ii.

i. Safeguards Concerning the Use of Restrictive Interventions. Specify the safeguards that the state has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

[Empty text box for response to item i]

ii. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

Appendix G: Participant Safeguards

c. **Use of Seclusion.** *(Select one): (This section will be blank for waivers submitted before Appendix G-2-c was added to WMS in March 2014, and responses for seclusion will display in Appendix G-2-a combined with information on restraints.)*

The state does not permit or prohibits the use of seclusion

Specify the state agency (or agencies) responsible for detecting the unauthorized use of seclusion and how this oversight is conducted and its frequency:

The Department of Public Health licenses Home Health Agencies, which must be Medicare certified, that provide case management services. Community Options staff investigate allegations regarding the use of restraints and seclusion. They also license the home health agencies bi-annually and record review is part of their licensure renewal process.

The use of seclusion is permitted during the course of the delivery of waiver services. Complete Items G-2-c-i and G-2-c-ii.

i. **Safeguards Concerning the Use of Seclusion.** Specify the safeguards that the state has established concerning the use of each type of seclusion. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

ii. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for overseeing the use of seclusion and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. **Applicability.** Select one:

No. This Appendix is not applicable *(do not complete the remaining items)*

Yes. This Appendix applies (complete the remaining items)

b. Medication Management and Follow-Up

i. Responsibility. Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

ii. Methods of State Oversight and Follow-Up. Describe: (a) the method(s) that the state uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the state agency (or agencies) that is responsible for follow-up and oversight.

c. Medication Administration by Waiver Providers

Answers provided in G-3-a indicate you do not need to complete this section

i. Provider Administration of Medications. *Select one:*

Not applicable. (do not complete the remaining items)

Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications. (complete the remaining items)

ii. State Policy. Summarize the state policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

iii. Medication Error Reporting. *Select one of the following:*

Providers that are responsible for medication administration are required to both record and report medication errors to a state agency (or agencies).

Complete the following three items:

(a) Specify state agency (or agencies) to which errors are reported:

(b) Specify the types of medication errors that providers are required to record:

(c) Specify the types of medication errors that providers must *report* to the state:

Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the state.

Specify the types of medication errors that providers are required to record:

iv. State Oversight Responsibility. Specify the state agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the States quality improvement strategy, provide information in the following fields to detail the States methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The state demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare. (For waiver actions submitted before June 1, 2014, this assurance read "The State, on an ongoing basis, identifies, addresses, and seeks to prevent the occurrence of abuse, neglect and exploitation.")

i. Sub-Assurances:

a. Sub-assurance: *The state demonstrates on an ongoing basis that it identifies, addresses and seeks to prevent instances of abuse, neglect, exploitation and unexplained death. (Performance measures in this sub-assurance include all Appendix G performance measures for waiver actions submitted before June 1, 2014.)*

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of abuse, neglect, exploitation and unexplained death incidents reviewed/investigated within the required timeframe
Numerator=Number of abuse, neglect, exploitation, and unexplained death incidents reviewed/investigated within the required timeframe
Denominator=Number of abuse, neglect, exploitation, and unexplained deaths during the reporting period.

c. Timelines

No

Yes

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

A critical incident reporting system is in place to track incidents of abuse, neglect and exploitation. The State Medicaid agency will be responsible for the implementation of this system as well as the tracking of these incidents.

Appendix H: Quality Improvement Strategy (1 of 3)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the state has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the state specifies how it has designed the waiver’s critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state’s waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver’s relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the state is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I) , a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances; and
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the

assurances.

In Appendix H of the application, a state describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the OIS* and revise it as necessary and appropriate.

If the state's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the state plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid state plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QIS spans more than one waiver, the state must be able to stratify information that is related to each approved waiver program. Unless the state has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the state must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

Appendix H: Quality Improvement Strategy (2 of 3)

H-1: Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

As part of the waiver renewal process, staff identified areas requiring some improvement. For example, a question was added to the assessment tool asking if there have been any significant changes in the last 6 months. If so, the accompanying question asked is, how has the service plan changed to address those changes. Community Options staff review the purpose of a number of program forms that are left with clients. Community Options added information regarding resources to report abuse, neglect or exploitation and what to expect from the case management provider. Overseeing the process of quality improvement happens with the Waiver Program Clinician and other members of the clinical team ultimately working under the Medicaid Director. A committee consisting of the Director who oversees the quality improvement strategies for all DSS Waivers, the Waiver Program Manager, the Katie Becket Waiver Clinician will meet regularly to evaluate the impact of changes made and the need to make further changes. Questions were added to the assessment to assess for the inappropriate use of restraints or seclusion as well as to identify if waiver participants are receiving age appropriate preventive care.

b. System Design Changes

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the state's targeted standards for systems improvement.

The state developed a Katie Beckett Waiver tracking systems to monitor the impact of system design changes. DSS Staff review the data to ensure that it is sufficient to meet the objectives specified in performance measures. A committee consisting of the Director who oversees the quality improvement strategies for all DSS Waivers, the Waiver Program Manager, the Katie Beckett Waiver Clinician will meet regularly to evaluate the impact of changes made and the need to make further changes. Questions were added to the assessment to assess for the inappropriate use of restraints or seclusion as well as to identify if waiver participants are receiving age appropriate preventive care.

- ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

The Quality Improvement strategy is discussed each time the above committee meets, no less frequently than semi-annually but more often as needed. Development and deployment of new information technology applications and management reports support the Department's ability to discover, remediate and improve quality outcomes. An Access data base tracks assessments and reassessments for waiver participants. DSS IT adds additional fields to track data such as the date the reassessment information was received and if the information was complete in order to begin generating quality reports to provide evidence for the performance measures. Currently, individual remediation occurs based on the nurse consultant's review of the submitted documentation.

Appendix I: Financial Accountability**I-1: Financial Integrity and Accountability**

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The Auditors of Public Accounts monitor state agencies regarding fiscal and compliance matters. Auditors provide independent, unbiased and objective opinions and recommendations on the operation of state agencies and effectiveness in safeguarding resources. Financial compliance auditing is the principal responsibility plus an examination of performance in order to determine the effectiveness of an agency in achieving its expressed legislative purpose. The Performance Audit Team devotes its time mainly to performance auditing, focusing on particular programs administered by a state agency. Findings are reported and discrepancies are identified and presented to the program and/or the provider. The Auditors follow up to make sure that changes are made to achieve compliance with state and federal regulations.

The Department's Quality Assurance Unit conducts annual onsite provider audits to ensure that state and federal funds are being expended appropriately. Financial statements, paid claims data, and other material are reviewed to assure that services were rendered and the agency is compliant with federal and state regulations and to detect fraud. Providers who are found out of compliance may be fined, terminated from the Medicaid program as a provider or given recommendations for improvement to achieve compliance.

The Office of Quality Assurance conducts audits of billings and claim payments of providers. The State Auditors of Public Accounts conduct audits of the Department's audit process in compliance with the Federal Single Audit Act Amendments of 1996 and the Federal Office of Management and Budget Circular A-133.

The Department's Quality Assurance Unit monitors provider enrollment to assure that the contracted MMIS vendor and fiscal intermediary are collecting and verifying required provider documentation prior to enrolling participating providers. The contracted fiscal intermediary must credential providers before they can enroll in the Connecticut Medical Assistance Program as a waiver provider. The MMIS vendor verifies licenses and other required enrollment documents, such as the credentialing letter from the contracted fiscal intermediary.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the States quality improvement strategy, provide information in the following fields to detail the States methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability Assurance:

The State must demonstrate that it has designed and implemented an adequate system for ensuring financial accountability of the waiver program. (For waiver actions submitted before June 1, 2014, this assurance read "State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.")

i. Sub-Assurances:

a. Sub-assurance: The State provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered.

(Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Number and percent of waiver claims coded and paid with documentation that services were actually rendered. Numerator=number of claims coded and paid with documentation that services were actually rendered. Denominator=number of paid

claims

I-2: Rates, Billing and Claims (1 of 3)

a. Rate Determination Methods. In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Rates are determined by the Department's Rate Setting Unit.

Pursuant to the Connecticut Department of Social Services Provider Manual, all schedules of payment for covered Medical Assistance Program goods and services shall be established by the Commissioner of Social Services and paid by the Department of Social Services in accordance with applicable federal and state statutes and regulations. Waiver service rates are a standard fee based on historical costs and inflated forward. The basis for waiver year 1 is \$25.37 per quarter hour unit. Rate increases are expected during subsequent years, waiver years 2 - 5. Rate increases are determined by legislation, but will not exceed inflation increases assumed in Factor D. Participants, provider organizations and DSS staff have had the opportunity to review the Waiver application and rates pursuant to the public notice. The Waiver application has been reviewed and approved by the committees of cognizance of the Connecticut state legislature. The rate structure for the program consists of usual and customary rates established individually with providers based on special provider needs such as serving hazardous urban areas which require accompaniment by security personnel. Rates are usually prospective. A fee schedule is published at the beginning of the fiscal year that outlines the rates for the fiscal year. On occasion, a retroactive adjustment in the rate is made. In this event, there are mass adjustments during a claim cycle to either compensate providers for a rate increase or recoupments if rates are decreased. During the life of this waiver service rates may be adjusted based on legislatively approved increases or decreases to the Department's appropriation.

These previously approved increased provider rates, which would expire on November 11, 2023 unless added to the base waiver documents, include the following:

3.5% increase in existing rates approved by CMS for all provider types covered under these 1915(c) waivers, already approved as a temporary measure retroactive to July 1, 2021 under the Appendix K. Of the 3.5% increase, 1.8% is included in the ARPA HCBS Spending Plan. This impacts all service rates other than those provider types and services specifically excluded. Excluded providers and services: Assistive Technology; Environmental Accessibility Modifications, Personal Response Systems, Skilled Chore, Specialized Medical Equipment, Individual Goods and Services, and all Self-Directed Services.

6% minimum wage increase, already approved as a temporary measure retroactive to August 1, 2021, for provider types where rates, as approved, are based on the state's minimum wage. This 6% minimum wage increase is pursuant to Public Act 19-4. Service rates impacted by the increase in the minimum wage: agency-based personal care assistants (PCAs), chore/homemaker, companion services, assisted living services, adult day health, recovery assistant, community mentor, and agency-based respite services. Of the 6% increase, 1.2% is funded under the ARPA HCBS Spending Plan

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the state's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

The claims for case management are billed directly by the provider to the state's MMIS vendor, Gainwell.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

- c. Certifying Public Expenditures (select one):**

No. state or local government agencies do not certify expenditures for waiver services.

Yes. state or local government agencies directly expend funds for part or all of the cost of waiver services and certify their state government expenditures (CPE) in lieu of billing that amount to Medicaid.

Select at least one:

Certified Public Expenditures (CPE) of State Public Agencies.

Specify: (a) the state government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (Indicate source of revenue for CPEs in Item I-4-a.)

Certified Public Expenditures (CPE) of Local Government Agencies.

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (Indicate source of revenue for CPEs in Item I-4-b.)

I-2: Rates, Billing and Claims (3 of 3)

- d. Billing Validation Process.*** Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

The Department of Social Services contracts with licensed home health agencies to provide the case management waiver service, and arranges for provision of all other medically necessary services of the Medicaid State plan to the waiver participants. The MMIS contracted vendor maintains claims data for services billed for waiver services. The MMIS system processes and records case management claims and expenditures using the appropriate rates and procedure codes under the waiver. Claims data is housed in the Medicaid Data Warehouse.

The DSS Office of Quality Assurance conducts financial audits of home health agencies and issues exceptions when appropriate for issues of noncompliance with the States policy requirements. The Office of Quality Assurance activities extend to all DSS programs, and office staff are located in both central and regional DSS offices. Functions are grouped into three major areas, audits, quality control, and fraud and recoveries.

Additionally, clinical staff in the Community Options Unit perform data warehouse queries to extract claims data to ensure the case management services are being billed appropriately. Assessment, reassessment and plan of care data submitted to the Department for review, substantiates the billing.

The link between the eligibility management system and the MMIS prohibits claims from being paid if the participant is not Medicaid eligible on the date of service. This is a single service waiver and the case management service is provided only after authorization by department staff. Confirmation of the service provision occurs when the nurse consultant receives and reviews the documentation from the assessment/reassessment visit.

- e. Billing and Claims Record Maintenance Requirement.*** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

Appendix I: Financial Accountability

I-3: Payment (1 of 7)

- a. Method of payments -- MMIS (select one):***

Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).

Payments for some, but not all, waiver services are made through an approved MMIS.

Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such

payments and the entity that processes payments; (c) and how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

Payments for waiver services are not made through an approved MMIS.

Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.

Describe how payments are made to the managed care entity or entities:

Appendix I: Financial Accountability

I-3: Payment (2 of 7)

b. Direct payment. In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (select at least one):

The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.

The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.

The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

Providers are paid by a managed care entity or entities for services that are included in the state's contract with the entity.

Specify how providers are paid for the services (if any) not included in the state's contract with managed care entities.

Appendix I: Financial Accountability**I-3: Payment (3 of 7)**

c. Supplemental or Enhanced Payments. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to states for expenditures for services under an approved state plan/waiver. Specify whether supplemental or enhanced payments are made. Select one:

No. The state does not make supplemental or enhanced payments for waiver services.

Yes. The state makes supplemental or enhanced payments for waiver services.

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the state to CMS. Upon request, the state will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.

These previously approved increased provider rates and payments, which would expire on November 11, 2023 unless added to the base waiver documents, include the following:

A. Performance Supplemental Payments: (i). On or before July 31, 2023, benchmark payments will be paid to providers effective for and calculated based on 2% of expenditures from March 1, 2023 through June 30, 2023. Benchmarks must be met no later than June 15, 2023, and are as follows: (a) Participation in the Department of Social Services' racial equity training and related learning collaboratives; (b) Accessing and viewing data within the Health Information Exchange (HIE) and participation in data use learning collaboratives and training. (ii). On or before November 30, 2023, benchmark payments will be paid to providers effective for and calculated based on 2% of expenditures from July 1, 2023 through October 31, 2023. Benchmarks must be met no later than October 15, 2023, and are as follows: (a) Including the Department of Social Services' racial equity training as a required component of all new staff orientation and participation in related learning collaboratives; (b) Accessing and viewing data within the HIE and participation in data use learning collaboratives and training. (iii). Beginning with payments to be made on or before March 31, 2024, and every six months thereafter, payments will be paid to providers who meet the following outcomes: (a) Decrease in avoidable hospitalization; (b) Increase in percent of people who need ongoing services discharged from hospital to community in lieu of nursing home; and (c) Increase in probability of return to community within 100 days of nursing home admission. Payments are based on up to 2% of expenditures for the 6 months that immediately precede each payment (other than the first outcome payment which will be based on the 4 months that immediately precede the first payment). If the total cost of the 2% payout is less than total funds available, excess funds will be prorated up to a maximum limit of 4% and paid to providers who qualify for the outcome payment. This higher limit of 4% will be based on availability of funds as approved within the ARPA HCBS Spending Plan. Providers who meet all of the performance measures will receive a full payment. Providers who meet fewer than the maximum possible number of performance measures will receive a partial payment based on the number of performance measures that they meet, in which meeting each measure is associated with a pro rata equal share of the total payment for the provider.

B. Quality Infrastructure Supplemental Payments: Payments will be made on or before July 31, 2023, November 30, 2023, and March 31, 2024 to providers who meet the benchmarks set forth below based on the greater of 5% of expenditures during the four calendar months that immediately precede the month in which the payment is made or \$5,000. For purposes of determining the applicability of the \$5,000 in lieu of the percentage, expenditures used as the basis of the payment are total HCBS expenditures for the provider across all programs. The following benchmarks apply and must be met no later than the first day of the month in which the payment is made: (a) Benchmark for July 2023 payment – Providers have met requirements to document improved member service delivery and contracts in place with vendors to modify delivery system; providers have member satisfaction survey drafted; (b) Benchmark for November 2023 payment – Providers have delivery system modifications complete; (c) Benchmark for March 2024 payment – Providers have delivery system implemented and integrated into member service planning; member satisfaction survey complete.

e. Amount of Payment to State or Local Government Providers.

Specify whether any state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the state recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. Select one:

Answers provided in Appendix I-3-d indicate that you do not need to complete this section.

The amount paid to state or local government providers is the same as the amount paid to private providers of the same service.

The amount paid to state or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.

The amount paid to state or local government providers differs from the amount paid to private providers of the same service. When a state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the state recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.

Describe the recoupment process:

Appendix I: Financial Accountability**I-3: Payment (6 of 7)**

f. Provider Retention of Payments. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. Select one:

Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.

Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the state.

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. Select one:

No. The state does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.

Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).

Specify the governmental agency (or agencies) to which reassignment may be made.

[Empty rectangular box]

ii. Organized Health Care Delivery System. Select one:

No. The state does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.

Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

[Empty rectangular box]

iii. Contracts with MCOs, PIHPs or PAHPs.

The state does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.

The state contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the state Medicaid agency.

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

[Empty text box]

This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.

This waiver is a part of a concurrent §1115/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1115 waiver specifies the types of health plans that are used and how payments to these plans are made.

If the state uses more than one of the above contract authorities for the delivery of waiver services, please select this option.

In the textbox below, indicate the contract authorities. In addition, if the state contracts with MCOs, PIHPs, or PAHPs under the provisions of §1915(a)(1) of the Act to furnish waiver services: Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the state Medicaid agency. Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. Select one:

No. The state does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.

Yes. Per 42 CFR §441.310(a)(2)(ii), the state will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The state describes its coverage of live-in caregiver in Appendix C-3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver's home or in a residence that is owned or leased by the provider of Medicaid services.

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

c. Derivation of Estimates for Each Factor. Provide a narrative description for the derivation of the estimates of the following factors.

i. Factor D Derivation. The estimates of Factor D for each waiver year are located in Item J-2-d. The basis and methodology for these estimates is as follows:

The estimated number of users, units per user, and cost per unit are based on utilization obtained from the CMS 372S Initial Report for 1/1/2020 – 12/31/2020. The historical cost data were trended forward by 2.7% for each renewal year, based on the published March 2021 Consumer Price index for Medical Care Services. This methodology was replaced in Year 1 with Legislatively approved rate increases effective prior to the renewal period.

ii. Factor D' Derivation. The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor D' is based on the CMS-372S Initial Report for 1/1/2020 – 12/31/2020. The Factor D' value in the 372S was adjusted for the projected length of stay. The historic cost data was trended forward using an inflation projection based on the published March 2021 Consumer Price Index for Medical Care at 2.7%. Factor D' does not include the cost of prescribed drugs that will be furnished to Medicare/Medicaid dually eligible participants under the provision of Part D.

iii. Factor G Derivation. The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G is based on CMS 372T Initial Report for 1/1/2020 – 12/31/2020. This report includes the cost of institutional care provided to institutionalized Medicaid recipients at each of the following levels of care(LOC);NF, ICF/MR, and CDH, the count of recipients at each LOC, and the total days of care provided at each LOC during the period. The Factor G value in the 372T was adjusted for the average projected length of stay for the Kattie Becket Waiver population. Factor G' does not include the cost of prescribed drugs that were furnished to Medicare/Medicaid dually eligible participants under the provision of Part D. Costs for Year 1 were based on the average cost of the institutionalized individual and increased by 5.7% for the ICF and CDH levels of care and by 13.9% for the NF levels of care due to legislatively approved rate increase effective prior to 1/1/22. Costs were trended forward using the published March 2021 Consumer Price Index for Nursing Home Care at 3.3% for Years 2-5.

iv. Factor G' Derivation. The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G' was based on the CMS 372T Initial Reports for 1/1/2020 – 12/31/2020. This report includes the cost of all other Medicaid services provided to institutionalized Medicaid recipients at each of the following levels of care(LOC);NF, ICF/MR, and CDH, the count of recipients at each LOC, and the total days of care provided during the period. The Factor G' value in the 372T was adjusted for the average projected length of stay of Kattie Becket waiver population. The historic cost data were trended forward using the published March 20201 Consumer Price Index for Medical Care at 2.7% for Years 1-5.
