Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 36.09 Per Month: \$1,097.74

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 59.91 Per Month: \$1,822.26

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 57.41 Per Month: \$1,746.22

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

RE: Alternative Svcs-Haywardville CLA
Provider #: 631065
Vendor ID#: 45887

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 54.73 Per Month: \$1,664.70

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 48.07 Per Month: \$1,462.13

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 27.20 Per Month: \$827.33

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 34.54 Per Month: \$1,050.59

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 30.25 Per Month: \$920.10

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 34.47 Per Month: \$1,048.46

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 25.23 Per Month: \$767.41

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 34.23 Per Month: \$1,041.16

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 38.37 Per Month: \$1,167.09

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 39.88 Per Month: \$1,213.02

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 36.81 Per Month: \$1,119.64

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 63.38 Per Month: \$1,927.81

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 40.14 Per Month: \$1,220.93

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 30.80 Per Month: \$936.83

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 42.09 Per Month: \$1,280.24

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$100.10 Per Month: \$3,044.71

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 65.26 Per Month: \$1,984.99

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 59.09 Per Month: \$1,797.32

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 73.68 Per Month: \$2,241.10

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 38.42 Per Month: \$1,168.61

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 52.33 Per Month: \$1,591.70

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 59.14 Per Month: \$1,798.84

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 48.54 Per Month: \$1,476.43

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 31.20 Per Month: \$949.00

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 26.31 Per Month: \$800.26

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 17.33 Per Month: \$527.12

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 34.29 Per Month: \$1,042.99

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 33.72 Per Month: \$1,025.65

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 49.54 Per Month: \$1,506.84

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 27.42 Per Month: \$834.03

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 39.76 Per Month: \$1,209.37

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

RE: Key Human Svcs-County Road CLA
Provider #: 631152
Vendor ID#: 46390

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 61.29 Per Month: \$1,864.24

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 47.51 Per Month: \$1,445.10

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 28.73 Per Month: \$873.87

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 42.31 Per Month: \$1,286.93

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 23.69 Per Month: \$720.57

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Per Diem: \$ 34.23 Per Month: \$1,041.16

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Per Diem: \$ 55.37 Per Month: \$1,684.17

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 40.49 Per Month: \$1,231.57

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 38.62 Per Month: \$1,174.69

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 48.58 Per Month: \$1,477.64

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 41.40 Per Month: \$1,259.25

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 68.26 Per Month: \$2,076.24

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 40.59 Per Month: \$1,234.61

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

RE: Resources for Human Dev-Cutlers Farm

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 46.61 Per Month: \$1,417.72

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 35.11 Per Month: \$1,067.93

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 29.92 Per Month: \$910.07

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 40.10 Per Month: \$1,219.71

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Per Diem: \$ 30.11 Per Month: \$915.85

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 45.82 Per Month: \$1,393.69

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 27.80 Per Month: \$845.58

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 43.87 Per Month: \$1,334.38

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 21.71 Per Month: \$660.35

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 23.98 Per Month: \$729.39

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 34.73 Per Month: \$1,056.37

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 45.25 Per Month: \$1,376.35

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 53.20 Per Month: \$1,618.17

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 38.38 Per Month: \$1,167.39

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 29.69 Per Month: \$903.07

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

RE: Whole Life, Inc.-One Day Break

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 55.10 Per Month: \$1,675.96

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov.

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov.

Sincerely,

Michael Gilbert

Dear Provider:

Effective July 1, 2021 through June 30, 2022, the following reimbursement rate for State-aided residents in your Community Living Arrangement (CLA) has been determined pursuant to Section 17b-244 of the Connecticut General Statutes and the regulations promulgated pursuant thereto:

Per Diem: \$ 39.05 Per Month: \$1,187.77

This room and board rate was determined from the data submitted in the Annual Report of Residential and Day Services for the year ended June 30, 2020 as may have been adjusted through desk review, subject to the June Special Session, Public Act 21-2. The July 1, 2021 rate may reflect adjustments to account for changes in licensed bed capacity, for capital improvements required by the Commissioner of Developmental Services for the health and safety of the residents or for any facility that had a significant decrease in land and building costs shall receive a reduced rate to reflect such decrease in land and building costs.

The rate is subject to further adjustment for after-discovered differences in cost filing data which may take place, generally as a result of field audit. In addition, due to year-to-year rate increase limitations in statute, changes to rates issued for prior rate periods due to audit, interim replacement, or other reasons could result in a revision to the rate or rates issued herein.

Please be advised that, pursuant to section 17b-238(b) of the Connecticut General Statutes, if you are aggrieved by this rate decision and you want to have a hearing, you must:

- (1) Send a written request to the Department of Social Services **within 10 days of the date of this letter**. The 10 days are measured from the date of this letter to the date of the postmark, email or delivery of the request; **AND**
- (2) Send a detailed, written description of all items of grievance **within 90 days of the date of this letter**. The 90 days are measured from the date of this letter to the date of the postmark, email or delivery of the detailed, written description of each specific item of grievance.

You must comply with both of these requirements in order to have a hearing. Please send both the 10-day letter and the detailed items of grievance to Theresa.Messner@ct.gov and Paula.Pfistner@ct.gov .

Any questions or correspondence concerning this rate should be directed to Paula Pfistner, Principal Cost Analyst, Certificate of Need and Rate Setting, Department of Social Services at Paula.Pfistner@ct.gov .
