- notify Wescom. The Client shall be responsible for all security precautions at its site(s) and within its staff.
- <u>6.2 Session Connection Limitations</u>. A connection session is the continuous block of time from the time the Client logs in to the Data Center until the moment the Client disconnects. In the event that the Client, after using an Application, omits to disconnect and leaves the connection idle for 15 minutes, Wescom shall automatically disconnect such connection. If disconnected, the Client is free to re-connect immediately to establish a new session.
- 6.3 Suspension. Reactivation of a suspended account requires, in addition to charges otherwise payable, a one-hundred-dollar (\$100.00) reactivation fee. This Agreement constitutes an agreement for the Term outlined in Schedule 1, and shall be automatically renewable unless either party requests change or termination in writing to the other. I have prepared and reviewed this report and am familiar with the applicable regulations governing its preparation. have read the most recent Federal and State issued field audit reports for the Facility and have inquired of appropriate personnel as to the possible inclusion in this report of expenses which are not reimbursable under the applicable regulations. All non-reimbursable expenses of which I am aware (except those expenses known to be automatically removed in the State rate computation system) as a result of reading reports, inquiry or other services performed by me are properly reported as such in this report on Pages 28 and 29 (adjustments to statement of expenditures). Further, the data contained in this report is in agreement with the books and records, as provided to me, by the Facility.
