Service Request Priorities:

Service priorities are identified by Help Desk service representatives based on the definitions below. Priorities that cannot be determined by the help desk representative are immediately escalated following Wescom's defined staff escalation process. The initial response time is the time in which the customer reporting the service request is provided with an initial diagnosis of the request and provided with a Service Request number (SR#) to track the request. The target resolution is the expected timeframe that the Service Request will be resolved.

Service Level Agreement:

| Priority Level | Problem Description | Initial Response | Target Resolution Time | Commitment |
|-------------------|--|---|---------------------------------------|--|

Examples: - Users cannot login to the application (does not include Users forgetting or losing their password). - Data is corrupted in the PointClickCare database. | 1 hour, 24 x 7 x 365 | 8 hours | The problem will be worked on until fixed or a reasonable workaround is applied. |

| | Examples: - Charge generation process does not run. - MDS submission process does not run. - Interfaces to ERP, census, etc. do not run. | | | |
