STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Connecticut

(3) Payment for Free-Standing Chronic Disease Hospitals

Effective November 1, 2013, freestanding chronic disease hospitals shall be reimbursed a hospital-specific, all-inclusive per diem rate based on Medicare reimbursement principals. The per diem rates for each freestanding chronic disease hospital were established at a percentage of, and shall not exceed, the average per diem reimbursement under Medicare for the cost year ending March 31, 2013. Per Diem rates shall be fixed and will not be subject to an annual inflation factor. Free-Standing Chronic Disease Hospital rates shall be inclusive of hospital-based professional services, both routine and ancillary services.

Effective July 1, 2021, per diem payments to freestanding chronic disease hospitals shall be:

Gaylord Hospital	\$950.89
Hospital for Special Care	\$1,156.84
Mount Sinai Rehabilitation Hospital	\$934.11

Effective July 1, 2022 through June 30, 2023, the per diem payments above will be increased by \$500.00 per day for beds provided to patients on ventilators.

In reimbursing out-of-state chronic disease hospitals, one of the following methodologies will be applied per mutual agreement: 1) a fixed percentage calculated based on the ratio between allowed cost for all Connecticut in-state hospitals and total customary charges, 2) the hospital's specific ratio of cost to charges using its most recent Medicare cost report, 3) the Medicaid rate established by the state of location, 4) the lowest in-state per diem rate or 5) a different methodology if required by federal law.
