B. Amendment Log

In accordance with 7 CFR 273.7(c)(8), State agencies must submit plan revisions to the appropriate FNS Regional office for approval if it plans to make a significant change. For a complete list of situations requiring an amendment to the E&T State plan, see Plan Modifications in the E&T State Plan Handbook. The State agency must submit the proposed changes for approval at least 30 days prior to the planned implementation.

Please use the log below to document the submission of an amended plan. A single line in the log should capture each time a plan is amended and resubmitted, not each individual amendment throughout the plan.

To expedite the review process for amendment changes, please highlight areas where text has been added or changed. After FNS approval of amendment changes, highlighting must be removed and a clean, updated plan submitted to FNS.

Table B.I. Amendment Log

Amendment Number	Brief description of changes or purpose for amendment (If amendment includes budget changes, include in description)	Sections of Plan Changed (Highlight areas of plan with changes)	Date submitted to FNS	Date approved by FNS

C. Acronyms

State agencies may consider including acronyms for the SNAP State agency, SNAP E&T program name, State's management information system, and SNAP E&T providers or contractors.

Below is a list of common acronyms utilized within this plan. Please delete acronyms that do not apply and add additional acronyms in alphabetical order.

Table C.I. Acronyms

Acronym	Acronym Definition
ABAWD	Able-Bodied Adult without Dependents
E&T	Employment and Training
FY	Fiscal Year
FNS	Food and Nutrition Service
GA	General Assistance
ITO	Indian Tribal Organization
SNAP	Supplemental Nutrition Assistance Program
TANF	Temporary Assistance for Needy Families
USDA	United States Department of Agriculture
WIOA	Workforce Innovation and Opportunity Act
DSS	Department of Social Services
CSCU	Connecticut State Colleges & Universities
OEC	Office of Early Childhood
TFA	Temporary Family Assistance
GWC	Governor's Workforce Council
FFY	Federal Fiscal Year
CBO	Community Based Organization
OWS	Office of Workforce Strategy
WFTC	Wilson-Fish-TANF- Coordination
C4K	Care for Kids
DOL	Department of Labor
AJC	American Job Center
MOA	Memorandum of Agreement
LMI	Labor Market Information
POGA	Program Oversight and Grants Administration
EDG	Eligibility Determination Group
ARPA	American Rescue Plan Act
PRF	Periodic Report Form
CWP	Capital Workforce Partners
OSD	Office of Skill and Development
GED	General Educational Development

ESL	English as a Second Language
GWNCT	Goodwill of Western & Northern Connecticut
WIB	Workforce Investment Board
UCB	Unemployment Compensation Benefits
W1E	Application for Benefits

D. Assurances

By signing on the cover page of this document and checking the boxes below, the State agency Director (or Commissioner) and financial representative certify that the below assurances are met.

Table D.I. Assurances

Check the box to indicate you have read and understand each statement.	Check Box
I. The State agency is accountable for the content of the E&T State plan and will provide oversight of any sub-grantees. (7 CFR 273.7(c)(4) and 7 CFR 273.7(c)(6))	<input checked="" type="checkbox"/>
II. The State agency is fiscally responsible for E&T activities funded under the plan and is liable for repayment of unallowable costs. (7 CFR 271.4, 7 CFR 276.2, and 7 CFR 277.16)	<input checked="" type="checkbox"/>
III. State education costs will not be supplanted with Federal E&T funds. (7 CFR 273.7(d)(1)(ii)(C))	<input checked="" type="checkbox"/>
IV. Cash or in-kind donations from other non-Federal sources have not been claimed or used as a match or reimbursement under any other Federal program. (7 CFR 277.4(d)(2))	<input checked="" type="checkbox"/>
V. Documentation of State agency costs, payments, and donations for approved E&T activities are maintained by the State agency and available for USDA review and audit. (7 CFR 277.17)	<input checked="" type="checkbox"/>
VI. Contracts are procured through appropriate procedures governed by State procurement regulations. (7 CFR 277.14)	<input checked="" type="checkbox"/>
VII. Program activities are conducted in compliance with all applicable Federal laws, rules, and regulations including Civil Rights and OMB regulations governing cost issues. (7 CFR parts 271, 272, 273, 274, 275, 276, 277, 281, and 282)	<input checked="" type="checkbox"/>
VIII. E&T education activities directly enhance the employability of the participants; there is a direct link between the education activities and job-readiness. (7 CFR 273.7(e)(2)(vi))	<input checked="" type="checkbox"/>

Check the box to indicate you have read and understand each statement.	Check Box
IX. Program activities and expenses are reasonable and necessary to accomplish the goals and objectives of SNAP E&T. (7 CFR 277.4(d)(3))	<input checked="" type="checkbox"/>

Table D.II. Additional Assurances

The following assurances are only applicable to State agencies with the situations described below. If the condition applies, check the box to indicate you have read and understand each statement.	Check Box
I. If in-kind goods and services are part of the budget, only public in-kind services are included. No private in-kind goods or services are claimed. (7 CFR 277.4(d) and (e))	<input checked="" type="checkbox"/>
II. The E&T Program is implemented in a manner that is responsive to the special needs of Indian Tribal members on Reservations. The State agency shall consult on an ongoing basis about portions of the E&T State Plan which affect them; submit for comment all portions of the E&T State Plan that affect the Indian Tribal Organization (ITO); if appropriate and to the extent practicable, include ITO suggestions in the E&T State plan. (For States with Indian Reservations only.) (7 CFR 272.2(b)(2) and 7 CFR 272.2(e)(7))	<input checked="" type="checkbox"/>

E. State E&T Program, Operations, and Policy

I. Summary of E&T Program

- a) Provide the vision and mission of the State E&T program. In addition, describe how your State agency's E&T program meets the purpose of E&T which is to: 1) increase the ability of SNAP participants to obtain regular employment; and 2) meet State or local workforce needs.

In Connecticut, the Department of Social Services (DSS) is the agency responsible for administering the SNAP Employment and Training (SNAP E&T) program which we call *CTPathways*. *CTPathways* Program's Vision is to empower individuals and families receiving SNAP benefits to achieve their full potential through comprehensive and innovative job training and employment services. We believe that all individuals have unique skills and abilities, and with the right support, can gain the confidence and knowledge necessary to secure meaningful and sustainable employment. Our program strives to create a supportive pathway to self-sufficiency and financial stability by providing access to education, training, and career development opportunities that lead to increased earnings, improved quality of life, and decreased dependence on public assistance. We envision a future where SNAP recipients can achieve their career goals, contribute to their communities, and build a better future for themselves and their families.

DSS contracts with CT State Community College, with 12 campuses statewide, one private University and four Community Based Organizations to provide employment and training services. The strategic partnerships with both colleges, and private/public organizations allows for logistical access to SNAP E&T eligible CT residents, statewide. The *CTPathways* E&T program is job driven, skills based, and voluntary. *CTPathways* is built around partnerships designed to help participants transition to self-sufficiency.

When SNAP E&T participants successfully complete vocational training programs, they receive a post-secondary credential that allows for better employment outcomes. Although the program is voluntary and available to all SNAP recipients not receiving TANF, age 16+, the primary goal is to serve work registrants. *CTPathways* serves both unemployed and under employed individuals. All components, and vocational training offerings are designed to provide access equitably, to serve the most vulnerable populations and are based on Labor Market projections to ensure successful outcomes in Connecticut.

- b) Is the State's E&T program administered at the State or county level?

State

c) (For county-administered States only) Describe how counties share information with the State agency (e.g. county E&T plans), and how the State agency monitors county operations.

n/a

d) Provide the geographic areas of the State where the E&T program operates, and describe the rationale for this selection. Designate which areas, if any, operate mandatory E&T programs.

Programs are operated at all 12 Community College campuses located in Bridgeport, Danbury, Danielson, East Haven, Enfield, Farmington, Bristol, Hartford, Manchester, Middletown, New Haven, North Haven, Norwich, Waterbury, Willimantic, Winsted and our CBO's in Hartford, New Haven, and New London. The rationale for these locations is to provide accessibility, equity, and inclusion to densely populated areas, while offering transportation to less populated areas across the state.

e) Provide a list of the components offered.

Supervised Job Search, Job Retention, and Vocational Training

f) Provide the web addresses (URLs) of State E&T policy resources such as handbooks and State administrative code, if available.

[SNAP Employment and Training \(ct.gov\)](https://www.ct.gov/dss/snap)
[Voluntary SNAP Employment and Training Program \(ct.gov\)](#) – DSS SNAP Policy Manual

SNAP E&T Provider Handbook Rev. August

II. Program Changes

Please complete this section if applicable, and only include changes to the program for the upcoming Federal fiscal year (FY).

- a) Summarize changes for the upcoming Federal fiscal year (FY) from the prior FY. Significant changes may include new initiatives, changes in funding or funding sources, policy changes, or significant changes to the number of partners or participants. Significant changes could include those made as a result of management evaluation findings or participation in program improvement initiatives, such as SNAP to Skills. It is not necessary to include changes made as a result of new Federal rulemaking.

DSS is adding a social enterprise partner—Forge City Works and also looking to partner with Goodwill of Western & Northern Connecticut (GWNCT). DSS will no longer be partnering with Opportunities Industrialization Center (OIC) of New London. DSS will be offering a mandatory training for all eligibility staff to encourage a standardized referral and assessment process.

- b) Highlight any changes from above that the State agency is making to the E&T program based on the prior year's performance, for instance changes made as a result of E&T outcome and participation data.

DSS in conjunction with WIOA will be collaborating to ensure that programs are offered in complimentary ways rather than in silos. The offerings of a SNAP eligible recipients in past years have been duplicative, but going forward will be provided based on a stackable model. There is a Workforce Development office at each CT State campus to help align programming. DSS oversees complementary program placement.

III. Consultation and Coordination with the Workforce Development System

State agencies must design the E&T program in consultation with the State workforce development board and operate the E&T program through the Statewide workforce development system (7 CFR 273.7(c)(5)). The goal of this section is to explain the relationship between the State agency and other organizations it plans to consult and coordinate with for the provision of services, including organizations in the statewide workforce development system. The statewide workforce development system refers to a network of providers, which may include government and the public sector; community-based organizations and non-profits; employers and industry; occupational training providers; and post-secondary institutions, such as community colleges. Please note the State workforce development board is an entity that establishes regional strategic plans and sets funding priorities for their area. They are distinct from State workforce agencies.

Consultation

Consultation with the workforce development system generally includes discussions to learn about services provided in the community and how each organization functions and coordinates with others in the community. State agencies can demonstrate they consulted with their State workforce development board by noting the dates of conversations, who they spoke with, what they spoke about, and how they incorporated this information into the design of their E&T program.

- a) **Consultation with State workforce development board:** Describe how the State agency consulted with the State workforce development board in designing its SNAP E&T program. This description should include with whom the State agency consulted and the outcomes of the consultation. If the State agency consulted with private employers or employer organizations in lieu of the State workforce development board, skip to question (b).

In 2019 Governor Lamont established the Governor's Workforce Council (GWC) through the new Office of Workforce Strategy (OWS). The GWC is the principal advisor on workforce development issues in Connecticut. DSS collaborates with the GWC to help guide our strategy to assist low-income SNAP recipients and avoid duplicating services across state agencies. As such we've included course offerings that align with GWC's initiative in Information Technology (IT). DSS has previously connected with the National Skills Coalition (NSC) peer learning group in Connecticut, through a grant from the community college system to help enhance data alignment, case management, funding sources and consolidation efforts. In FFY25, DSS will be considering onboarding new private partners, who offer different varieties of E&T components. DSS is also looking to collaborate with Adult Basic Education in CT to foster a partnership between General Educational Development (GED) and English as a Second Language (ESL) participants and SNAP E&T.

DSS is maximizing all revenue opportunities in its state plan and CT State Community College campuses are using other funding sources and strategies locally to make programs more financially stable and sustainable. By aligning with the Department of Higher Education, the Office of Workforce Strategy and also WIOA, DSS aims to provide participants with wrap-around services and complimentary program options without duplicating services already offered.

- b) **Consultation with employers:** If the State agency consulted with private employers or employer organizations in lieu of the State workforce development board, document this consultation and explain the determination that doing so was more effective or efficient. Include with whom the State agency consulted and the results of the consultation.

DSS has consulted with National Community Reinvestment Coalition (NCRC) to expand E&T opportunities within the state, focusing on trades and apprenticeship

programs. DSS has consulted with Local Initiatives Support Corporation (LISC) and Jobs for the Future (JFF), to identify ways to bolster case management as well as supportive services for new participants in SNAP E&T. DSS growth may be possible by including a Workforce Investment Board (WIB) or 3rd party contractor delegated to manage some of the non-essential elements currently being managed by DSS.

Coordination

Coordination with the workforce development system consists of efforts to partner with workforce providers to directly serve SNAP E&T participants or to align the flow or types of services offered across programs.

- c) **Special State Initiatives:** Describe any special State initiatives (i.e. Governor-initiated or through State legislation) that include SNAP E&T. Describe any efforts taken by the State agency to coordinate these programs, services, partners, and/or activities with the State's E&T program.

Governor Lamont established the Governor's Workforce Council (GWC) through the Office of Workforce Strategy. The GWC is the principal advisor on workforce development issues in Connecticut. DSS' E&T team meets virtually on a quarterly basis to collaborate.

- d) **Coordination with title I of WIOA:** Describe the extent to which the State agency is carrying out SNAP E&T programs in coordination with title I programs under the Workforce Innovation and Opportunity Act (WIOA).

DSS continues to coordinate efforts with the State Department of Labor (DOL), including their American Jobs Centers (AJC), a few of which are co-located at E&T partner locations. We require SNAP E&T partners to provide LMI to inform which programs to support. All participants who complete vocational training are referred to an AJC to register in the database called CTHires. Once registered, participants can receive job seeking services.

- e) **WIOA Combined Plan:** Is SNAP E&T included as a partner in the State's WIOA Combined Plan?

Yes

No

- f) **TANF/GA Coordination:** Describe how the State agency is coordinating with TANF/GA programs, services, partners, and/or activities. Describe any TANF/GA special initiatives targeting specific populations and any actions taken to coordinate with these efforts.

DSS E&T staff members along with the DSS Wilson-Fish TANF Coordination (WFTC) policy consultants have teamed up with local refugee resettlement agencies

(including Integrated Refugee & Immigrant Services, Catholic Charities and CT Institute for Refugees & Immigrants) and the Office of Refugee Resettlement (ORR) to triage eligible SNAP refugees, and state funded TFA refugees who do not choose to participate in CTHires, into *CTPathways* programs offered throughout the state. The purpose of the collaboration is to serve this targeted group of refugees to support employment with E&T programs that will compliment available services and provide the best pipeline to gainful employment.

- g) **Other Employment Programs:** Describe how the State agency is coordinating its SNAP E&T program with any other Federal or State employment program (e.g. HUD, child support, re-entry, refugee services).

SNAP E&T Collaborates with the DSS Staff involved in the Wilson-Fish TANF Coordination (WFTC) Grant and associated agencies to provide enhanced opportunities for eligible WFTC refugees. DSS also partners with the Capital Workforce Partners (CWP) specifically working with citizens re-entering the community after incarceration.

IV. Consultation with Indian Tribal Organizations (ITOs)

State agencies are required to consult with Tribes about the SNAP State Plan of Operations, which includes the E&T State Plan, per 7 CFR 272.2(b) and 272.2(e)(7). The consultations must pertain to the unique needs of Tribal members. State agencies are required to document the availability of E&T programs for Tribal members living on reservations in accordance with 7 CFR 273.7(c)(6)(xiii). The goal of this section is to describe how the State agency consulted with Indian Tribal Organizations (ITOs), describe the results of the consultation, and document the availability of E&T programs for Tribal members living on reservations.

- a) Did the State agency consult with ITOs in the State?
- Yes, ITOs in the State were consulted. *(Complete the rest of this section.)*
 - No, ITOs are located in the State but were not consulted. *(Skip the rest of this section.)*
 - Not applicable because there are no ITOs located in the State. *(Skip the rest of this section.)*

- b) Name the ITOs consulted.

Mohegan Tribal Organization and Mashantucket Pequot Tribal Organization

--

- c) **Outcomes:** Describe the outcomes of the consultation. Provide specific examples of how the State agency incorporated feedback from ITOs into the design of the E&T program (e.g., unique supportive service, new component, in-demand occupation).

SNAP E&T Information including specific program locations, a program poster, the CT E&T Website, and the purpose and mission of the SNAP E&T program was shared with both ITOs. We shared this partnership information via e-mail, but the ITOs did not respond. We hope the consultation will lead to increased participation from this community. The SNAP E&T partner in closest proximity to each ITO is Three Rivers CT State Community College campus. Our Three Rivers Coordinator was advised of the consultation.

- d) **Enhanced reimbursement:** Will the State agency be seeking enhanced reimbursement for E&T services (75%) for ITO members who are residents of reservations, either on or off the reservation?

Yes

No

V. Utilization of State Options

State agencies have the flexibility to implement policy options to adapt and meet the unique needs of State populations. Check which options the State agency will implement.

- a) The State agency operates the following type of E&T program (*select only one*):

Mandatory per 7 CFR 273.7(e)

Voluntary per 7 CFR 273.7(e)(5)(i)

Combination of mandatory and voluntary

- b) The State agency serves the following populations (*check all that apply*):

Applicants per 7 CFR 273.7(e)(2)

Exempt members of zero benefit households that volunteer for SNAP E&T per 7 CFR 273.10(e)(2)(iii)(B)(7)

Categorically eligible households per 7 CFR 273.2(j)

- c) Does the State agency enable ABAWDs to regain SNAP eligibility through E&T and verify that the ABAWD will meet the work requirement within 30 days subsequent to application per 7 CFR 273.24(d)(1)(iv)?

Yes

No

VI. Characteristics of Individuals Served by E&T

State agencies are required to include information about the categories and types of individuals they plan to exempt from mandatory E&T participation (7 CFR 273.7 (c)(6)(iv)), as well as the characteristics of the population they plan to place in E&T (7 CFR 273.7 (c)(6)(v)).

- a) Describe the categories and types of individuals the State will exempt from mandatory E&T participation. In accordance with 7 CFR 273.7(e), State agencies may exempt from mandatory E&T participation, categories of work registrants (e.g. all those in counties X, Y, Z, or those in their first 30 days of receipt of SNAP) and individual work registrants based on certain personal characteristics or circumstances (e.g. lack of transportation or temporary disability). These exemptions are in addition to the federal exemptions from work requirements at 273.7(b) and only applicable to the E&T requirement at 7 CFR 273.7(a)(1)(ii). Exemptions from Mandatory E&T must also be listed in Table H 'Estimated Participant Levels' Sheet of the Excel Workbook.

(Note: States that run all-voluntary E&T programs would note that they exempt all work registrants.)

As a voluntary program, all work registrants in Connecticut are exempt from mandatory E&T.

- b) How frequently will the State plan to re-evaluate these exemptions from mandatory E&T?

As a voluntary program, all work registrants in Connecticut are exempt from mandatory E&T.

- c) What are the characteristics of the population the State agency intends to serve in E&T (e.g. target population)? This question applies to both mandatory and voluntary participants.

ABAWDs

- Homeless
- Veterans
- Students
- Single parents
- Returning citizens (aka: ex-offenders)
- Underemployed
- Those that reside in rural areas
- Other: Unemployed; Refugees

VII. Organizational Relationships

State agencies are required to include information on the organizational relationship between the units responsible for certification and the units operating the E&T components, including units of the statewide workforce development system, if available. For the purposes of the questions below, E&T providers are considered to include units of the Statewide workforce development system. FNS is specifically interested in ensuring that the lines of communication are efficient and that, if applicable, noncompliance with mandatory E&T is reported to the certification unit within 10 working days after the noncompliance occurs, per 7 CFR 273.7(c)(4). State agencies must also include information on the relationship between the State agency and other organizations it plans to coordinate with for the provision of services.

The following questions are about how the E&T program is structured in your State agency.

- a) Please indicate who at the State agency directly administers the E&T program (i.e. establishes E&T policy, contracts for E&T services, monitors providers). For example, if the E&T program unit is separate from the SNAP certification unit, and if there are separate E&T units at the county level.

SNAP E&T is directly administered by Robyn Letourneau & Allison Forsyth in the Program & Oversight Grant Administration (POGA) Division guided by Daniel Giacomini, Division Director of POGA. SNAP certification is handled by eligibility staff separately via the Division of Eligibility and Benefit Operations.

- b) How does the E&T unit coordinate and communicate on an ongoing basis with the units responsible for certification policy?

POGA communications are sent regularly to eligibility staff. Communications consist of general reminders for staff to make referrals, where providers are located, and

some of the training programs offered for eligible SNAP recipients. Announcements are made on our ImpaCT eligibility dashboard, and all office Quarterly SNAP Operations Meetings are held with E&T as a regular agenda item. There is also a SNAP E&T Training that is in final development by our Office of Skill and Development (OSD) training department that will be updated with important information and any changes to directives or policy.

c) Describe the State's relationships and communication with intermediaries or E&T providers (if applicable):

1. Describe how the State agency, intermediaries, E&T partners, share participant data and information. Include the names of any MIS systems (or other modes of communication) used.

As mentioned previously, DSS coordinates SNAP E&T efforts with other state agencies, councils, and boards to help streamline services. Our partnerships include the state DOL, the GWC, OWS, and CT State Colleges and Universities. DSS participates in quarterly meetings with the GWC which include DOL, CT State, and OWS. DSS also holds a contract with DOL for data sharing. Information is also shared via secured e-mail.

2. If the State uses an MIS system, describe the E&T related data that is tracked and stored in those systems (e.g. referrals, noncompliance with program requirements, provider determinations, etc.), and whether the system(s) interact with each other.

Third party providers can utilize the CTPathways system, a Salesforce web-based system. Demographic information, SNAP eligibility, assessments, employability plans, case notes, participant expenses and component information are shared through CTPathways. Referrals are currently being sent from eligibility operations staff by a secure email to the SNAP E&T email box: SNAPET@ct.gov.

3. Describe how the State agency shares new policies, procedures, or other information with the intermediary or other E&T partners.

DSS communicates via secure e-mail systems to partners using external firewall protections. DSS also holds statewide partner meetings. CTPathways has a function for alerts, announcements, and a partner forum, which will be going live prior to the end of FFY 24.

4. Describe the State agency's process for monitoring E&T partners' program and fiscal operations. Include plans for direct monitoring such as visits, as

well as indirect monitoring such as reviewing program data, financial invoices, etc.

DSS conducts annual monitoring visits to the partner locations. Annual partner reviews assess performance including the documentation of case management and successful completions. During annual monitoring visits DSS reviews a random sample of participants. Through the sample of participants, we look at the following criteria: complete student files including all demographics needed for annual reporting, case notes entered to document case management, participant status (start/end, complete vs. withdrawn), time and effort reports for staff working on the grant, availability of non-federal funds eligible for reimbursement and overall trends.

5. Describe how the State agency evaluates the performance of partners in achieving the purpose of E&T (assisting members of SNAP households in gaining skills, training, work, or experience that will increase their ability to obtain regular employment and meets State or local workforce needs).

DSS evaluates the performance of partners annually, by conducting on site and/or virtual visits. We review program offerings annually prior to submission of the state plan to ensure alignment with LMI.

VIII. Screening for Work Registration

State agency eligibility staff must screen for exemptions from work registration, per 7 CFR 273.7(a).

- a) Describe how the State agency screens applicants to determine if they are work registrants.

DSS Eligibility Operations staff screen applicants during initial application and redetermination to assess if participants are work registrants or meet an exemption. The Daily File which is accessed via a secure database and updated each day is provided to all SNAP E&T Providers which serves as a direct referral.

- b) How does the State agency work register non-exempt individuals? For example, does the State agency make a notation in the file, do individuals sign a form, etc.?

The work registrant language is stated in the rights and responsibilities section of our application, redetermination, and Periodic Report Form (PRF). Applicants are registered for work by signing the Application for Benefits (W1E). Once the applicant is approved for SNAP and not receiving TANF, they go on the daily file that is shared with E&T providers. The Application for Benefits (W1E) states that the applicant is required to accept job offers, unless the job is unsuitable, comply with TFA work

requirements, comply with Unemployment Compensation Benefits (UCB) requirements, provide employment status and ability to work information upon request.

- c) At what point in the certification process does the State agency provide the written explanation and oral notification of the applicable work requirements?

During Application, Redetermination and whenever a previously exempt household member or new household member becomes subject to work requirements.

IX. Screening for Referral to E&T

The State agency must screen each work registrant to determine if it is appropriate, based on State specific criteria, to refer them to the E&T program per 7 CFR 273.7 (c)(2). State agencies may operate program components in which individuals elect to participate, per 7 CFR 273.7(e)(4).

- a) List the State-specific criteria eligibility workers use to screen individuals to determine if it is appropriate to refer them to the State's SNAP E&T program. *(Note: This question is not asking about criteria that may be unique to each provider.)*

If a SNAP applicant is unemployed or under employed and a work registrant without an exemption, a referral to E&T is made. Work registrants voluntarily enrolling in E&T services would be given an assessment to ensure successful completion.

- b) Describe the process for screening during the certification and recertification process. Include the staff involved in the screening, how the staff conduct the screening, and when the screening occurs.

Eligibility staff follow the application workflow and recertification workflow designed in our eligibility data collection system. The system has a work registration page in the workflow which indicates whether a referral should be made.

- c) *(If applicable)* Describe the process for screening upon receipt of a request for referral to E&T from an E&T provider (reverse referral). Include the staff involved in the screening, how the staff conduct the screening, and when the screening occurs.

Eligibility staff are included in the screening process for direct referral and offer SNAP recipients information on E&T enrollment. If a participant is interested in enrolling in a vocational training component with a coordinator, the coordinator reaches out to DSS program staff who direct the incoming student to DSS eligibility where they certify SNAP eligibility and then refer the student back to the college for enrollment.

- d) How and when are participants informed about participant reimbursements? In the case of mandatory participants, how and when does the State agency ensure individuals are exempted from mandatory E&T if the costs of participant reimbursements exceed any State agency cap or are not available?

Eligibility operations staff inform participants of participant reimbursements when screening for referral to E&T at application, recertification, or interim change both verbally and in writing. Providers offer this information at intake to SNAP E&T enrollees. This is also delivered in writing on the participant expectation and commitments form. CT's E&T program is voluntary.

X. Referral to E&T

In accordance with 7 CFR 273.7(c)(2), the State agency must refer participants to E&T.

- a) What information does the State provide to E&T participants when they are referred and how is the referral communicated (e.g. information about accessing E&T services, case management, dates, contact information)?

DSS provides information for all partnering community colleges and community-based organizations in a pamphlet, on a poster, and on our website. All contact information is provided on demand verbally and in writing. The pamphlet and posters provide contact numbers for E&T providers. The SNAP E&T website provides component/program offerings at each provider as well as telephone numbers to contact coordinators. When DSS Eligibility Staff refer potential participants to E&T Program Staff via internal email, a secure email is sent to the provider closest to the individual or the location in which a preferred program is being offered.

- b) If a State receives and approves a referral request from an E&T provider (reverse referral), how does the State communicate to the SNAP participant that they are in SNAP E&T and about their rights to receive participant reimbursements, etc.?

DSS communicates to the applicant that once approved for SNAP, the SNAP E&T program coordinators will provide additional information on the program. Participants are informed of participant reimbursements during the intake assessment and on the participation expectation and commitment form.

- c) After referral, describe what the E&T participant must do next. For instance, if the participant must report for an orientation describe who conducts the orientation, where the orientation occurs (e.g. in-person at a provider, log-in to a computer program, telephone interview with a case manager), and what happens during the orientation. If the next step varies throughout the State, describe the most common next step.

All of our providers conduct orientations for E&T participants to notify them of attendance requirements, information on various programs, participant reimbursements, necessary computer skills, and case management check-in requirements. Orientations occur either in person, over the telephone or virtually.

- d) How is information about the referral communicated within the State agency? For instance, is the information entered into an MIS by the eligibility worker and reviewed by an E&T specialist?

Communication is conducted by E&T program staff, eligibility staff and coordinators via secure e-mail.

- e) How is information about the referral communicated to E&T providers, as applicable? If the State works with E&T providers outside the State agency, how does the E&T provider know a SNAP participant has been referred to them?

Information about referrals is communicated via e-mail by E&T program staff.

XI. Assessment

As a best practice, SNAP participants should be assessed after referral to ensure they receive targeted E&T services.

- a) Does the State require or provide an assessment?

Yes (*Complete the remainder of this section.*)

No (*Skip to the next section.*)

- b) If yes, describe the processes in the State, if any, to provide E&T participants with an assessment (e.g. who conducts the assessment, when are participants assessed, what tools *are* used, and how are the results shared with State agency staff, providers, and/or participants)

SNAP E&T coordinators are responsible to administer the assessments with SNAP E&T participants during their initial enrollment via CTPathways data management system. The assessment is built into CTPathways so it's one assessment for all providers. Also, CT State has their own individual assessment that coordinators use in addition to the standard assessment. Some providers request additional information from participants. The results are shared with E&T program staff on demand via CTPathways. The results are discussed with participants during their intake with coordinators, all information is stored in the CTPathways system and available to participants per their request. Colleges will make referrals to Adult Basic Ed, and ESL prior to enrollment, if necessary.

The assessment gathers information about the participant's past educational experiences and past and current employment history. Colleges may also do CASAS, TABE and ACT Workkeys Assessment testing prior to enrollment in which results are kept in participant's paper files. The employability plan captures barriers to participation and goals.

If the component is supervised job search, the measurement would be if the participant found employment. If it is vocational training, successful completion and certification in the participant's respective program would be the measurement.

XII. Case Management Services

The State E&T program must provide case management services to all E&T participants. In accordance with 7 CFR 273.7(c)(6)(ii), State agencies are required to include specific information about the provision of case management services in the E&T State plan.

a) What types of E&T case management services will the State agency provide?

Check all that apply.

- Comprehensive intake assessments
- Individualized Service Plans
- Progress monitoring
- Coordination with service providers
- Reassessment
- Other. Please briefly describe: Click or tap here to enter text.

b) Describe how case management services are delivered in your State. For instance, in one model case management is provided by E&T specialists who provide assessments and other services after participants are referred to E&T. In other instances, case management is integrated into the component. If your State uses more than one model, describe the one or two most common ways of delivering case management services.

Case management is provided by the SNAP E&T coordinator as part of each E&T component. SNAP E&T coordinators continuously engage with participants based on need. DSS requires (at minimum) monthly case notes in CTPathways to document case management efforts.

- c) Using the table below, describe how E&T case managers coordinate with other staff and services. Coordination can involve tracking E&T participation, sharing information that may be relevant to participation in E&T (e.g. information related to good cause or a work exemption), and referral to additional services.

Communication/Coordination with:

SNAP eligibility staff:	Eligibility staff communicate and coordinate with SNAP E&T coordinators and State E&T Program staff.
State E&T staff:	State E&T program staff communicate with E&T Coordinators and Contractors, Eligibility Operations Staff and Managers, IT, and DSS’s Business Systems Division.
Other E&T providers:	E&T providers communicate directly with E&T program staff, and eligibility as needed. SNAP coordinators also refer participants to community resources.
Community resources:	SNAP E&T coordinators often refer participants to hyper local community resources outside of their organizations based on need. Examples include referral for adult basic education, English as a second language, housing authorities, food pantries or other providers.

- d) Describe how the State agency will ensure E&T participants receive targeted case management services through an efficient administrative process, per 7 CFR 273.7(c)(6)(ii).

Each E&T provider must have dedicated staff on site to provide case management services. This arrangement is administratively efficient and streamlines the customer experience. Annual reviews are conducted of each E&T provider which includes a review of case management. E&T coordinators must also enter monthly case notes for E&T participants.

XIII. Conciliation Process (if applicable)

In accordance with 7 CFR 273.7(c)(3), State agencies have the option to offer a conciliation period to noncompliant E&T participants. The conciliation period provides mandatory E&T participants with an opportunity to comply before the State agency sends a notice of adverse action. The conciliation process is not a substitute for the determination of good cause when a client fails to comply.

- a) Does the State agency offer a conciliation process?

Yes (Complete the remainder of this section.)

No (Skip to the next section.)

- b) Describe the conciliation process and include a reference to State agency policy or directives.

- c) What is the length of the conciliation period?

XIV. Disqualification Policy for General Work Requirements

This section applies to the General Work Requirements, not just to E&T, and should be completed by all States, regardless of whether they operate a mandatory or voluntary E&T program.

All work registrants are subject to SNAP work requirements at 7 CFR 273.7(a). A nonexempt individual who refuses or fails to comply without good cause, as defined at 7 CFR 273.7(i)(2), (i)(3), and (i)(4), with SNAP work requirements will be disqualified and subject to State disqualification periods. Noncompliance with SNAP work requirements includes voluntarily quitting a job or reducing work hours below 30 hours a month, and failing to comply with SNAP E&T (if assigned by the State agency).

- a) What period before application does the State agency use to determine voluntary quit and/or reduction in work effort without good cause per 7 CFR 273.7(j)(1)?

- 30 days
 60 days
 Other: Click or tap here to enter text.

- b) For all occurrences of non-compliance discussed below, must the individual also comply to receive benefits again?

- Yes
 No

- c) For the first occurrence of non-compliance per 7 CFR 273.7(f)(2)(i), the individual will be disqualified until the later of:

- One month or until the individual complies, as determined by the State agency
 Up to 3 months

- d) For the second occurrence of non-compliance per 7 CFR 273.7(f)(2)(ii), the individual will be disqualified until the later of:
- Three months or until the individual complies, as determined by the State agency
 - Up to 6 months
- e) For the third or subsequent occurrence per 7 CFR 273.7(f)(2)(iii), the individual will be disqualified until the later of:
- Six months or until the individual complies, as determined by the State agency
 - Time period greater than 6 months
 - Permanently
- f) The State agency will disqualify the:
- Ineligible individual only
 - Entire household (if head of household is an ineligible individual) per 7 CFR 273.7(f)(5)(i)

XV. Good Cause

In accordance with 7 CFR 273.7(i), the State agency is responsible for determining good cause when a SNAP recipient fails or refuses to comply with SNAP work requirements. Since it is not possible for FNS to enumerate each individual situation that should or should not be considered good cause, the State agency must take into account the facts and circumstances, including information submitted by the employer and by the household member involved, in determining whether or not good cause exists.

- a) Describe the State agency process to determine if a non-exempt individual has good cause for refusal or failure to comply with a SNAP work requirement. Include how the State agency reaches out to the SNAP participant, employers, and E&T providers (as applicable), as well as how many attempts are made to reach out to the SNAP participant for additional information.

DSS eligibility staff obtain verbal or written attestation of the rationale for failure to comply with the SNAP work requirements. DSS then follows up with a request for verification due based on certification period. Once verification and claim has been reviewed, eligibility staff determine if good cause is warranted and notice of action is provided to the household. The timeline is based on simplified reporting guidelines.

Eligibility staff make two cold call attempts and issue a ten-day notice. The action depends on if good cause is at application, PRF, renewal or interim change.

b) What is the State agency's criteria for good cause?

Examples include, but are not limited to:

- EDG emergency
- illness of the work registrant or another EDG member requiring their presence
- Discrimination by an employer based on:
 - age,
 - color,
 - handicap,
 - national origin,
 - political beliefs,
 - race,
 - religious beliefs, or
 - sex.
- Enrollment in school at least half-time.
- Lack of adequate dependent care is reported for children at least 6 and under 12.
- Leaving a job that requires frequent moves to different employers.

c) Please describe the State agency's process to determine good cause if there is not an appropriate and available opening for an E&T participant.

DSS eligibility staff consider all the facts from the individual and others, such as the employer, when good cause is claimed. The individual's claim of good cause, the facts, and why a disqualification was imposed or not imposed are recorded in the case notes in the ImpaCT eligibility management system. Connecticut does not have an issue with available E&T opportunities. The Community College System and CBO's are located statewide and reach all areas of CT with multiple offerings. We continue to underperform in placements.

XVI. Provider Determinations

In accordance with 7 CFR 273.7(c)(18) a State agency must ensure that E&T providers are informed of their authority and responsibility to determine if an individual is ill-suited for a particular E&T component.

a) Describe the process used by E&T providers to communicate provider determinations to the State agency.

If an E&T provider finds an individual is not a good fit for one component but determines the individual may be suitable for another component, the E&T provider will send a request to DSS SNAP E&T program staff for consideration, requesting permission to engage the participant in another program or make a referral to another program.

b) Describe how the State agency notifies clients of a provider determination. Please include the timeframe for contacting clients after receiving a provider determination.

The participant is notified directly by the provider, after the provider consults with the state agency program staff. The state agency notifies the provider within 10 days. The state notifies the provider of the determination made by the state. On average, a determination is made within 2 - 3 business days.

XVII. Participant Reimbursements

In accordance with 7 CFR 273.7(d)(4), State agencies are required to pay for or reimburse participants for expenses that are reasonable, necessary, and directly related to participation in E&T. State agencies may impose a maximum limit for reimbursement payments. If a State agency serves mandatory E&T participants, it must meet all costs associated with mandatory participation. If an individual’s expenses exceed those reimbursements available by the State agency, the individual must be placed into a suitable component or must be exempted from mandatory E&T.

Table E.I. Estimates of Participant Reimbursements

I. Estimated number of E&T participants to receive participant reimbursements. This is an unduplicated count. If an individual participates in more than one month, they would only be counted once. <i>State agencies should take into consideration the number of mandatory E&T participants projected in Table H – Estimated Participant Levels in the Excel Workbook, and the number of mandatory E&T participants likely to be exempted, if the State agency cannot provide sufficient participant reimbursements.</i>	1209
II. Estimated number of E&T participants to receive participant reimbursements per month. This is a duplicated count. This calculation can include the same individual who participates in more than one month.	100
III. Estimated budget for E&T participant reimbursements in upcoming FY.	\$21,624

IV.	Estimated budget for E&T participant reimbursements per month in upcoming FY. (Row III/12)	\$21,624/12= \$1209
V.	Estimated amount of participant reimbursements per E&T participant per month. (Row IV/Row II)	\$1209/100= 12.09

Participant Reimbursement Details

Complete the table below with information on each participant reimbursement offered/permitted by the State agency (do not indicate information for each provider). A description of each category is included below.

- Allowable Participant Reimbursements.** Every State agency must include child care and transportation in this table, as well as other major categories of reimbursements (examples of categories include, but are not limited to: tools, test fees, books, uniforms, license fees, electronic devices, etc.). Mandatory States must meet all costs associated with participating in an E&T program, or else they must exempt individuals from E&T.
- Participant Reimbursement Caps (optional).** States have the option to establish maximum levels (caps) for reimbursements available to individuals. Indicate any caps on the amount the State agency will provide for the participant reimbursement.
- Who provides the participant reimbursements?** Indicate if the participant reimbursement is provided by the State agency, a provider, an intermediary, or some other entity. The State agency remains ultimately responsible for ensuring individuals receive participant reimbursements, even if it has contracted with another entity to provide them.
- Method of disbursement.** Indicate if the participant receives the participant reimbursement *in advance* or as a *reimbursement*. Also indicate if the amount of the participant reimbursement is an *estimated amount* or the *actual amount*.

Table E.II. Participant Reimbursement Details

The following table should be completed with details that reflect the State agency’s policies on allowable reimbursements. If the response varies by E&T provider, include examples to illustrate this variation. Expenses must be listed in the State plan and approved by FNS to be allowable.

Allowable Participant Reimbursements	Participant Reimbursement Caps (optional)	Who provides the participant reimbursement?	Method of disbursement
Child Care	\$619.20	E&T Providers	Allocated by the provider in advance or as a

Allowable Participant Reimbursements	Participant Reimbursement Caps (optional)	Who provides the participant reimbursement?	Method of disbursement
			reimbursement based on need.
Transportation; gas cards, bus passes, auto repairs, other	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.
Textbooks	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.
Licensening/ Exam Fees	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.
Uniforms/Equipment	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.
Course Registration	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.
Other- Reasonable and Necessary	No Cap	E&T Providers	Reimbursement of actual cost by service provider, following expense.

- a) If providing dependent care, specify payment rates for child care reimbursements, established in accordance with the Child Care and Development Block Grant (CCDBG) and based on local market rate surveys. If alternative dependent care is provided by the State agency in lieu of reimbursement, describe these arrangements.

The child care maximum reimbursement is established by OEC's C4K program. <https://www.ctcare4kids.com/provider-information/payment-rates/>

- b) If dependent care agencies have a waiting list or otherwise cap the number of enrolled dependents, how will the State agency ensure E&T participants with dependent care needs receive dependent care?

Participants can receive childcare reimbursements from the participant expenses allocated to the providers. Childcare expenses are rarely requested by E&T participants. Also, since OEC expanded childcare to E&T participants, demand will be limited.

XVIII. Work Registrant Data

The SNAP general work requirements are described at 7 CFR 273.7(a). Individuals who do not meet an exemption from the general work requirements, as listed in 7 CFR 273.7(b)(1), are subject to the general work requirement and must register for work. In accordance with 7 CFR 273.7(c)(10), the State agency must submit to FNS the number of work registrants in the State as of October 1st. This information is submitted on the first quarter E&T Program Activity Report.

- a) Describe the process the State agency uses to count all work registrants in the State as of the first day of the new fiscal year (October 1). Please provide information about how data is pulled from the eligibility system. For instance, how work registrants are identified and how counting is conducted.

DSS' eligibility system ImpaCT, has a reporting feature that identifies the number of unduplicated work registrants receiving SNAP as of October 1st each year.

- b) Describe measures taken to prevent duplicate counting.

The ImpaCT work registrant report only captures unduplicated work registrants. The work registrant reports available in our integrated eligibility system provide unduplicated counts. No filters are needed, as this is a function of the system. Work registrants are only counted once in a federal fiscal year.

XIX. Outcome Reporting Measures

National Reporting Measures

Table E.III. National Reporting Measures

Source <i>[Check the data source used for the national reporting measures. Check all that apply]</i>	Employment & Earnings Measures	Completion of Education of Training
Quarterly Wage Records (QWR)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
National Directory of New Hires (NDNH)	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
State Management Information System (MIS). <i>Indicate below what MIS system is used.</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

Source <i>[Check the data source used for the national reporting measures. Check all that apply]</i>	Employment & Earnings Measures	Completion of Education of Training
Manual Follow-up with SNAP E&T Participants. <i>Answer follow-up question below.</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Follow-up Surveys. <i>State agencies must complete the Random Sampling Plan section below, if follow-up surveys is used.</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Other - Describe source: Click or tap here to enter text.	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No

a) If a State MIS is used, please indicate the system (e.g., SNAP eligibility system, State’s Department of Labor MIS).

n/a

b) If a manual follow-up with SNAP E&T participants is conducted, describe the process for follow-up, including the contact method (e.g., verbal contact, email, or mail).

n/a

c) If a State agency is not using Quarterly Wage Records (QWR) as the source for the national measures, describe the State agency’s plan to move toward using QWR including a timeline for completion.

n/a

State Component Reporting Measures

d) Check all data sources used for the State-specific component measures.

- Quarterly Wage Records (QWR)
- National Directory of New Hires (NDNH)
- State Management Information System. *Indicate the MIS used below.*
- Manual follow-up with SNAP E&T Participants. *Answer follow-up question below.*

Follow-up Surveys. *Answer follow-up question below.*

e) If a State MIS is used, please indicate the system (e.g., SNAP eligibility system, State’s Department of Labor MIS).

n/a

f) If a manual follow-up with SNAP E&T participants is conducted, describe the process for follow-up, including the contact method (e.g., verbal contact, email, or mail).

n/a

g) If follow-up surveys are used, please describe the sample frame. This description must include source, availability, accuracy, completeness, components, location, form, frequency of updates and structure.

n/a

h) If follow-up surveys are used, please describe the sample selection. This description must include the method of sample selection, procedures for estimating caseload size, computation of sampling intervals and random starts, as appropriate, and a time schedule for each step in the sampling procedure.

Using the table below, indicate the outcome measure that will be used for each component that the State agency will offer that is intended to serve at least 100 participants in the FY. Explain in detail the methodology for acquiring the component data. Please ensure the component names listed here match the component names in the FNS-583 report and [Section G: Component Detail](#).

Table E.IV. Component Outcome Measures

Component	Outcome Measure	Methodology including the timeframes being reported (e.g. denominator and numerator).
<i>Example: Supervised Job Search</i>	<i>Example: Number of people who obtain employment after completion of component.</i>	<i>Example: Numerator will include those participants who obtained employment after completing</i>

Component	Outcome Measure	Methodology including the timeframes being reported (e.g. denominator and numerator).
		<p><i>component during the period of 10-1-2019 to 9-30-2020</i></p> <p><i>Denominator will include the number of participants that participated in supervised job search during the period of 10-1-2019 to 9-30-2020.</i></p>
Education/ Vocational Training	Number of SNAP E&T Participants who start a program and gain a recognized credential.	<p>Total number of E&T Participants / number of E&T Participant completions—between 10/1 and 9/30 of the preceding fiscal year. The number of E&T completions always equal those who have obtained a credential.</p> <p>Period of time: 10/1/24- 9/30/25 Numerator: Participants who participate. Denominator: Participants who complete a component.</p>

F. Pledge to Serve All At-Risk ABAWDs (if applicable)

The Act authorizes FNS to allocate \$20 million annually to State agencies that commit, or pledge, to ensuring the availability of education, training, or workfare opportunities that permit able-bodied adults without dependents (ABAWDs) to remain eligible beyond the 3-month time limit.

To be eligible for these additional funds (pledge funds), State agencies must pledge to offer and provide an opportunity in a work program that meets the participation requirements of 7 CFR 273.24 to every applicant and recipient who is in the last month of the 3-month time limit and not otherwise exempt. Individuals are exempt from the time limit if they meet an exception under 7 CFR 273.24(c), reside in an area covered by a waiver in accordance with 7 CFR 273.24(f), or who are exempted by the State under 7 CFR 273.24(g). ABAWDs who meet the criteria outlined in 7 CFR 273.7(d)(3)(i) are referred to as “at-risk” ABAWDs.

a) Is the State agency pledging to offer qualifying activities to all at-risk ABAWDs?

Yes (Complete the rest of this section.)

No (Skip to Section G: Component Detail.)

Table F.I. Pledge Assurances

Check the box to indicate that the State agency understands and agrees to comply with the following provisions, per 7 CFR 273.7(d)(3).	Check Box
The State agency will use the pledge funds to defray the costs of offering every at-risk ABAWD a slot in a qualifying component.	<input type="checkbox"/>
The cost of serving at-risk ABAWDs is not an acceptable reason for failing to live up to the pledge. The State agency will make a slot available and the ABAWD must be served even if the State agency exhausts all of its 100 percent Federal funds and must use State funds.	<input type="checkbox"/>
While a participating State agency may use a portion of the additional funding to provide E&T services to ABAWDs who are not at-risk, the State agency guarantees that at-risk ABAWDs are provided with opportunities by the State agency <u>each month</u> to remain eligible beyond the 3-month time limit.	<input type="checkbox"/>
The State agency will notify FNS immediately if it realizes that it cannot obligate or expend its entire share of the ABAWD allocated funds, so that FNS may make those funds available to other participating pledge States within the fiscal year.	<input type="checkbox"/>
The State agency will be ready on October 1 st to offer and provide qualifying activities and services each month an ABAWD is at-risk of losing their benefits beyond the 3-month time limit.	<input type="checkbox"/>

b) Where will the State agency offer qualifying activities?

Statewide

Limited areas of the State (*Complete questions c and d below.*)

c) Explain why the State agency will offer qualifying activities in limited areas of the State.

ABAWD waiver for parts of the State

Will use discretionary exemptions

Other: Click or tap here to enter text.

d) If the State agency will be offering qualifying activities only in limited areas of the State, please list those localities/areas.

e) How does the State agency identify ABAWDs in the State eligibility system?

f) How does the State agency identify ABAWDs that are at-risk?

g) When and how is the offer of qualifying activities made? Include the process the State agency uses to ensure that at-risk ABAWDs receive an offer of a qualifying component for every month they are at risk, including how the offer is made.

The next set of questions is intended to establish the State agency's overall capacity and ability to serve all at-risk ABAWDs during the fiscal year through the services available in SNAP E&T as well as through other qualifying activities available through other Federal or State employment and training programs. In addition to SNAP E&T components, qualifying activities for ABAWDs include programs that operate outside of SNAP E&T. Such as Optional Workfare programs, WIOA title I programs, programs under Section 236 of the Trade Act of 1974, Veterans employment and training

programs offered by the Department of Veterans Affairs or the Department of Labor, and Workforce Partnerships in accordance with 7 CFR 273.7(n).

- h) What services and activities will be provided through SNAP E&T? (List the components and participant reimbursements.) This should be consistent with the components detailed in Section G, as well as Section E-XIV regarding participant reimbursements.

- i) What services and activities will be provided outside of SNAP E&T? (List the operating program, such as title 1 of WIOA, services and activities.)

- j) To pledge, State agencies must have capacity to offer a qualifying activity to every at-risk ABAWD for every month they are at-risk. What is the State agency’s plan if more ABAWDs than expected choose to take advantage of the offer of a qualifying activity? For instance, how will the State agency ensure the availability of more slots? What steps has the State agency taken to guarantee a slot through agreements or other arrangements with providers?

Table F.II. Information about the size of the ABAWD population

Question	Number
I. How many ABAWDs did you serve in E&T in the previous FY?	
II. How many SNAP recipients are expected to be ABAWDs this fiscal year? This should be an unduplicated count. If an individual is an ABAWD at any time during the fiscal year, they would be counted only once. Note: This should be consistent with the projected number of ABAWDs shown on Table H row 11 in the Excel Workbook.)	
III. How many ABAWDs will meet the criteria of an at-risk ABAWD? This should be an unduplicated count. If an individual is an at-risk ABAWD at any time during the fiscal year, they would be counted only once. (Note: This should be consistent with the projected number of at-risk ABAWDs shown on Table H row 14 in the Excel Workbook.)	

Question	Number
IV. Number of at-risk ABAWDs averaged monthly? This should be annual total from line (III) divided by 12.	

Table F.III. Available Qualifying Activities

When considering all the qualifying activities that the pledging State agency intends to offer to at-risk ABAWDs, provide a projected estimate for each category below.

	Expected average monthly slots available to at-risk ABAWDs	Expected average monthly slots offered to at-risk ABAWDs	Expected monthly at-risk ABAWD participation for plan year
SNAP E&T			
All other programs outside of SNAP E&T			
Total slots across all qualifying activities			

Table F.IV. Estimated cost to fulfill the pledge

	Value
I. What is the projected total cost to serve all at-risk ABAWDs in your State?	
II. Of the total in (I), what is the total projected administrative costs of E&T?	
III. Of the total in (I), what is the total projected costs for participant reimbursements in E&T?	

k) Explain the methodology used to determine the total cost to fulfill the pledge.

--

G. Component Detail

The goal of this section is to provide a comprehensive description of E&T program components and activities that the State agency will offer. A State agency's E&T program must include one or more of the following components: supervised job search; job search training; workfare; work experience or training; educational programs; self-employment activities; or job retention services. The State agency should ensure that the participation levels indicated in this section align with other sections of the State Plan, such as the projected participant levels in Section H – Estimated Participant Levels.

Complete the following questions for each component that the State agency intends to offer during the fiscal year.

I. Non-Education, Non-Work Components

Complete the tables below with information on each non-education, non-work component that the State agency intends to offer during the fiscal year. ***If the State does not plan to offer one of the components in the table, please leave the cells blank.*** For each component that is offered, the State should include the following information:

- **Summary of the State guidelines implementing supervised job search (applies to SJS only).** This summary of the State guidelines, at a minimum, must describe: The criteria used by the State agency to approve locations for supervised job search, an explanation of why those criteria were chosen, and how the supervised job search component meets the requirements to directly supervise the activities of participants and track the timing and activities of participants.
- **Direct link (applies to SJS only).** Explain how the State agency will ensure that supervised job search activities will have a direct link to increasing the employment opportunities of individuals engaged in the activity (i.e. how the State agency will screen to ensure individuals referred to SJS are job ready and how the SJS program is tailored to employment opportunities in the community).
- **Description of the component (applies to JST, SET, and Workfare).** Provide a brief description of the activities and services.
 - **For JR Only:** Provide a summary of the activities and services. Include a description of how the State will ensure services are provided for no less 30 days and no more than 90 days.

- **Target population.** Identify the population that will be targeted. Include special populations such as ABAWDs, Returning Citizens, Homeless, Older Disconnected Youth, etc.
- **Criteria for participation.** What skills, knowledge, or experience is necessary for participation in the component? For example, literacy or numeracy levels, recent labor market attachment, computer literacy etc.
- **Geographic area.** Where will the component be available (statewide, regional, counties, localities not covered by ABAWD waivers, areas covered by American Job Centers, etc.).
- **E&T providers.** Identify all entities that will provide the service.
- **Projected annual participation.** Project the number of unduplicated individuals.
- **Estimated annual component costs.** Project only administrative costs

Table G.I. Non-Education, Non-Work Component Details: Supervised Job Search

Details	Supervised Job Search (SJS)
<p>Summary of the State guidelines implementing SJS</p>	<p>For FFY 25, Supervised job search will not only take place in New London County, an area with high unemployment, but also will be expanding to the Fairfield, New Haven and Hartford Counties. DSS looks at unemployment across the state as a factor and the ability for a partner to facilitate the need for services.</p> <p>The SNAP E&T coordinator offers classes on interview preparedness, job search techniques, virtual interviewing, and assists participants with criminal records.</p> <p>The coordinator assists E&T participants with job applications and resumes. An onsite computer lab is available to all participants.</p> <p>All job search activities are monitored and documented. Services provided must be documented monthly in <i>CTPathways</i> for tracking and case management purposes.</p>
<p>Direct link</p>	<p>A robust assessment helps the SNAP coordinator evaluate the participants interests, skill level, and previous education and work history.</p> <p>The SNAP E&T coordinator has a relationship with the American Job Center in their region to guide efforts. In addition to the relationship with the American Job Center the Homeless Hospitality Center of New London builds direct relationships with area employers to increase job placement. American Job Center offers additional services, including job fairs, recruitment, and other direct links to local employers.</p> <p>On site computer labs are available to all participants.</p>
<p>Target population</p>	<p>The target population includes SNAP recipients who are unemployed or underemployed, including those experiencing homelessness. Homeless individuals voluntarily participate. Homeless Hospitality Center of New London specialize in serving this population. Supervised Job Search component provides all the services described</p>

	as job search training but also participants receive supportive services and case management.
Criteria for participation	All SNAP recipients aged 16 or older, receiving SNAP and not receiving TFA are eligible to participate. The provider seeks goals from participants and meets each participant where they are at, to find skills that may be best performed by the participant. Participants should be ready and able to work. Each situation is assessed individually. Participants must complete the assessment, be equipped with the basic skills necessary to complete the training and gain employment.
Geographic area	New London County, Hartford County, New Haven and Fairfield County
E&T providers	New London Homeless Hospitality Center, Goodwill (GWNCT) and Forge City Works Inc.
Projected annual participation	200
Estimated annual component costs	\$6,012 (Forge City Works), \$28,291.20 (Goodwill) \$44,000 (Homeless Hospitality) : \$78,303.20 total

Table G.II. Non-Education, Non-Work Component Details: Job Search Training

Details	Job Search Training (JST)
Description of the component	
Target population	
Criteria for participation	
Geographic area	
E&T providers	
Projected annual participation	
Estimated annual component costs	

Table G.III. Non-Education, Non-Work Component Details: Job Retention

Details	Job Retention (JR)
Description of the component	<p>Assists participants with supportive services including:</p> <ul style="list-style-type: none"> • New or replacement IDs (if not already obtained) • Employment Guidance related to job tasks, interpersonal concerns and ADA issues. • Support with onboarding paperwork completion. • Transportation support to work and necessary appointments (court, medical, mental health, benefit support) • Funding for work clothing or tools • Access to cell phones, food and other basic needs • Assistance with the broadband benefit, energy assistance, and bill repayment. • Access to ECTC for cab program and half price ADA cab voucher program • Links to community resources or other shelter departments for housing/addiction support/permanent supportive housing/diversion <p>These services continue after they have participated in another component or supervised job search and have gained employment. Participants must receive Job Retention services for a minimum of 30 days up to 90 days per contract.</p>
Target population	Those who have completed an E&T component such as supervised job search, vocational training/educational training and have gained employment.
Criteria for participation	The participant must have become employed through participating in another E&T component. Employment status is collected during the assessment through case management services and recorded in <i>CTPathways</i> data collection application.
Geographic area	New London County, Hartford County, New Haven County and Fairfield County
E&T providers	New London Homeless Hospitality Center, Goodwill (GWNCT) and Forge City Works Inc.

Projected annual participation	100
Estimated annual component costs	\$5,980 (Forge City Works), \$18,582.60 (Goodwill) \$33,750 (Homeless Hospitality) : \$58,312.60 total

Table G.IV. Non-Education, Non-Work Component Details: Self-Employment Training

Details	Self-Employment Training (SET)
Description of the component	
Target population	
Criteria for participation	
Geographic area	
E&T providers	
Projected annual participation	
Estimated annual component costs

Estimated annual component costs	

II. Educational Programs

Complete the tables below with information on each educational program component that the State agency intends to offer during the fiscal year. ***If the State does not plan to offer one of the components in the table, please leave the cells blank.*** For each component that is offered, the State should include the following information:

- **Description of the component.** Provide a summary of the activities and services.
- **Target population.** Identify the population that will be targeted. Include special populations such as ABAWDs, Returning Citizens, Homeless, Older Disconnected Youth, etc.
- **Criteria for participation.** What skills, knowledge, or experience is necessary for participation in the component? For example, literacy or numeracy levels, recent labor market attachment, computer literacy etc.
- **Geographic area.** Where will the component be available (statewide, regional, counties, localities not covered by ABAWD waivers, areas covered by American Job Centers, etc.).
- **E&T providers.** Identify all entities that will provide the service.
- **Projected annual participation.** Project the number of unduplicated individuals.
- **Estimated annual component costs.** Project only administrative costs.
- **Not supplanting:** Federal E&T funds used for activities within the education component must not supplant non-Federal funds for existing educational services and activities. For any education activities, provide evidence that costs attributed to the E&T program are not supplanting funds used for other existing education programs.
- **Cost parity:** If any of the educational services or activities are available to persons other than E&T participants, provide evidence that the costs charged to E&T do not exceed the costs charged for non-E&T participants (e.g. comparable tuition).

Table G.VI. Educational Program Details: Basic/Foundational Skills Instruction

Details	Basic/Foundational Skills Instruction (includes High School Equivalency Programs) (EPB)
Description of the component	
Target population	
Criteria for participation	
Geographic area	
E&T providers	
Projected annual participation	
Estimated annual component costs	
Not supplanting	
Cost parity	

Table G.VII. Educational Program Details: Career/Technical Education Programs or other Vocational Training

Details	Career/Technical Education Programs or other Vocational Training (EPC)
Description of the component	<p>Short term, job driven programs in occupations supported by DOL Labor Market Information (LMI). Certificate programs, credit-based certificate programs and Associate degree programs are currently offered. All participants receive case management from the SNAP coordinator. Supportive services are available to participants based on identified needs. Several partners offer a Computer Boot Camp course for participants to attend prior to starting components</p>
Target population	<p>All SNAP recipients age 16+ who are not receiving TFA may voluntarily participate. SNAP eligible work registrants are the target population.</p>
Criteria for participation	<p>Most programs require a high school diploma or equivalent. Partners also conduct academic assessments in areas of reading and math to help ensure positive outcomes. Computer literacy is not a prerequisite, but</p>

	providers encourage students to gain literacy prior to starting hybrid or online courses.
Geographic area	Statewide.
E&T providers	<p>CT State Community College: (12 campuses) Capital Community College campus Manchester Community College campus Middlesex Community College campus Three Rivers Community College campus Quinebaug Valley Community College campus Asnuntuck Community College campus Naugatuck Valley Community College campus Northwestern Community College Tunxis Community College campus Gateway Community College campus Housatonic Community College campus Norwalk Community College campus</p> <p>Goodwin University Connecticut Center for Arts and Technology (ConnCAT) Forge City Works Capital Workforce Partners (CWP)</p>
Projected annual participation	1219
Estimated annual component costs	\$3,804,000.00
Not supplanting	Each E&T provider must submit a reimbursement certification form annually which documents the non-federal funds used to support E&T. Participants in credit bearing programs must seek federal financial aid and sign a FERPA release form. E&T staff review relevant financial documents during the annual reviews for contractual compliance. We only reimburse the unmet need above and beyond federal aid received.
Cost parity	The costs charged for E&T participants must be the same as the general public. Course catalogs are reviewed to ensure consistency.

Cost parity	

III. Work Experience (WE)

Work experience is divided into two subcomponents per 7 CFR 273.7(e)(2)(iv): Work activity (WA) and Work-based learning (WBL). WBL activities like internships, apprenticeships, and on-the-job training, among others, may provide wages subsidized by the E&T program. In order to capture information about WBL activities that may be subsidized or unsubsidized by E&T, there are two sets of tables below for each kind of WBL activity – the first group of tables are for activities not subsidized by E&T (e.g. Work-based learning – Internships) and the second group of tables are for activities subsidized by E&T (e.g. Work-based learning – Internships - Subsidized by E&T). Note that subsidized means programs where E&T funding is used to subsidize wages of participants. Subsidized in this context does not mean programs where participants receive a subsidized wage from another source.

Work Activity and Unsubsidized WBL Components

Complete the tables below with information on Work Activity and each unsubsidized WBL component that the State agency intends to offer during the fiscal year. ***If the State does not plan to offer one of the components in the table, please leave the cells blank.*** For each component that is offered, the State should include the following information:

- **Description of the component.** Provide a summary of the activities and services.
- **Target population.** Identify the population that will be targeted. Include special populations such as ABAWDs, Returning Citizens, Homeless, Older Disconnected Youth, etc.
- **Criteria for participation.** What skills, knowledge, or experience is necessary for participation in the component? For example, literacy or numeracy levels, recent labor market attachment, computer literacy etc.
- **Geographic area.** Where will the component be available (statewide, regional, counties, localities not covered by ABAWD waivers, areas covered by the American Job Centers, etc.).
- **E&T providers.** Identify all entities that will provide the service.
- **Projected annual participation.** Project the number of unduplicated individuals.
- **Estimated annual component costs.** Project only administrative costs.

Subsidized WBL Components

For assistance with developing the State’s E&T SWBL budget, please refer to the optional SWBL tool on the Operating Budget Excel Workbook.

For all of the included subsidized components, the State agency attests to the following:	Check Box
Will pay the individual a wage at least equal to the State or Federal minimum wage, whichever is higher.	<input type="checkbox"/>
Operates in compliance with all applicable labor laws.	<input type="checkbox"/>
Will not displace or replace existing employment of individuals not participating in E&T.	<input type="checkbox"/>
Provides the same benefits and working conditions as non-E&T participants doing comparable work for comparable hours.	<input type="checkbox"/>

Complete the tables below with information on each subsidized WBL component that the State agency intends to offer during the fiscal year. **If the State does not plan to offer one of the components in the table, please leave the cells blank.** For each component that is offered, the State should include the following information:

- **Description of the component.** Provide a summary of the activities and services.
- **Target population.** Identify the population that will be targeted. Include special populations such as ABAWDs, Returning Citizens, Homeless, Older Disconnected Youth, etc.
- **Criteria for participation.** What skills, knowledge, or experience is necessary for participation in the component? For example, literacy or numeracy levels, recent labor market attachment, computer literacy etc.
- **Geographic area.** Where will the component be available (statewide, regional, counties, localities not covered by ABAWD waivers, areas covered by the American Job Centers, etc.).
- **E&T providers.** Identify all entities that will provide the service.
- **Projected annual participation.** Project the number of unduplicated individuals.
- **Estimated annual component costs.** Project only administrative costs.
- **Length of time the SWBL will run.** Indicate the maximum number of hour participants can receive SWBL (e.g. 300 hours). Indicated if there is variation in how many hours will be offered to participants.
- **What other administrative costs, if any, will be associated with the SWBL.** Examples include workers compensation, payroll taxes paid by the employer, and costs, direct or indirect costs associated with training and administering the SWBL.

H. Estimated Participant Levels

Complete the Estimated Participant Levels sheet in the Excel Workbook projecting participation in E&T for the upcoming Federal FY. Use the numbers in the Excel Workbook as a reference to answer the question below.

- a) If less than 20% of E&T participants are expected to receive participant reimbursements, please provide an explanation.

n/a

I. Contracts/Partnerships

For each partner/contractor that receives more than 10% of the E&T operating budget, complete the table below. If all partners receive less than 10% of the budget, provide the information in the table for the five providers who receive the largest total amount of E&T funding. Partners are the entities that the State agency has contracted with or has agreements (MOUs or MOUAs) with for the delivery of E&T services. All partner contracts must be available for inspection by FNS as requested. (Note: All E&T partners and contracts will be included in the Contract and Partnership Matrix in the Operating Budget Excel Workbook.)

Table I.I. Contractor/Partner Details

Contract or Partner Name:	CT State: Capital Community College Campus
Service Overview:	Educational/ Vocational training
Intermediary:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Components Offered:	Vocational Training
Credentials Offered:	See program offerings- SNAP Employment and Training--Related Resources (ct.gov)
Participant Reimbursements Offered:	yes
Location:	950 Main St. Hartford, CT
Target Population:	Eligible Snap Recipients
Monitoring of contractor:	Annually
Ongoing communication with contractor:	All Partners are monitored annually. Communications are done via CT pathways, email, and through partner meetings.
Total Cost of Agreement:	\$888,002.00
Eligible for 75 percent reimbursement for E&T Services for ITOs:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

J. Budget Narrative and Justification

Provide a detailed budget narrative that explains and justifies each cost and clearly explains how the amount for each line item in the operating budget was determined. Note that the E&T State plan is a public document and must be made available to the public upon request, so the budget should not identify individual names or salaries that are not subject to public disclosure requirements. State agencies should note that the direct costs noted below are exclusively those attributed to the State and local SNAP agencies.

Table J.I. Direct Costs

<p>Salary/Wages: List staff positions in FTE and time spent on the project. Example: E&T Program Manager - \$60,000 x .50 FTE = \$30,000 5 E&T Counselors - \$25,000 x 1.00 FTEs x 5 = \$125,000</p>	<p>SNAP Program Staff (2) \$201,109.53 x .90FTE= \$180,988.58</p>
<p>Fringe Benefits: If charging fringe and benefits to the E&T program, provide the approved fringe rate.</p>	<p>SNAP Program Staff (2) \$174,779.24 x .90FTE= \$157,301.32</p>
<p>Contractual Costs: All contracts and partnerships should be included in the “contracts and partnerships” matrix of the E&T State Plan Operating Budget Workbook. Briefly summarize the type of services contractors/partners will provide, such as direct E&T program services, IT services, consulting, etc.</p>	<p>Services provided by contractors include E&T program services, case management, consulting, job retention, vocational/educational training, and career counseling.</p>
<p>Non-capital Equipment and Supplies: Describe non-capital equipment and supplies to be purchased with E&T funds.</p>	<p>n/a</p>
<p>Materials: Describe materials to be purchased with E&T funds.</p>	<p>n/a</p>
<p>Travel & Staff Training: Describe the purpose and frequency of staff travel charged to the E&T program. This line item should not include E&T participant reimbursements for transportation. Include planned staff training, including registration costs for training that will be charged to the E&T grant.</p>	<p>\$5,010.10 used for travel, registration, and provider meetings.</p>
<p>Building/Space: If charging building space to the E&T program, describe the method used to calculate space value.</p>	<p>n/a</p>
<p>Equipment & Other Capital Expenditures: Describe equipment and other capital expenditures over \$5,000 per item that will be charged to the E&T grant. (In</p>	<p>n/a</p>

accordance with 2 CFR 200.407, prior written approval from FNS is required.)	
--	--

- a) **Indirect Costs.** Indirect costs (also called overhead costs) are allowable activities that support the E&T program but are charged directly to the State agency. If using an indirect cost rate approved by the cognizant agency, include the approval letter as an attachment to the E&T State plan.

\$46,800.00

- b) **Participant Reimbursements (Non-Federal plus 50 percent Federal reimbursement).** Participant reimbursements should include the total participant reimbursement amount from the contracts/partners matrix of the E&T State Plan Operating Budget Excel Workbook, as well as any participant reimbursements the State agency plans to provide.

\$21,624.00
