Notice of Proposed Medicaid State Plan Amendment (SPA)

SPA 20-AC: Physician Fee Schedule Update – Rate Increase for Specified Long-Acting Reversible Contraceptive (LARC) Device

The State of Connecticut Department of Social Services (DSS) proposes to submit the following Medicaid State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS) within the U.S. Department of Health and Human Services (HHS).

Changes to Medicaid State Plan

Effective on or after December 1, 2020, SPA 20-AC will amend Attachment 4.19-B of the Medicaid State Plan to increase the rate for Healthcare Common Procedural Coding System (HCPCS) code J7307- Etonogestrel implant system (a code for Nexplanon, which is an implantable, long-acting reversible contraceptive [LARC] device) on the physician office and outpatient fee schedule. This code will be priced at \$981.56.

Fee schedules are published at this link: <http://www.ctdssmap.com>, then select “Provider”, then select “Provider Fee Schedule Download”, then Accept or Decline the Terms and Conditions and then select the applicable fee schedule. This SPA is necessary in order to reflect a recent increase in the acquisition cost for this LARC device and ensure continued access to this device.

Fiscal Impact

DSS estimates that this SPA will increase annual aggregate expenditures by approximately \$100 in State Fiscal Year (SFY) 2021 and \$200 in SFY 2022.

Person-Centered Medical Home (PCMH) practices are individual sites of independent physician groups, solo physician practices, nurse practitioner groups, and individual nurse practitioners that have met National Committee for Quality Assurance (NCQA) Level 2 or Level 3 medical home recognition or NCQA medical home recognition under the 2017 or later NCQA standards (which do not recognize specific levels of recognition). PCMH practices must comply with all NCQA PCMH requirements and all additional written department requirements, including participation in various primary care initiatives operated by the State.

The department offers a PCMH Glide Path program, which pays enhanced rates to practices that are providing some of the additional Medicaid services required for NCQA PCMH recognition. In order to qualify for Glide Path, a practice must demonstrate that it has begun providing a more advanced standard of primary care and has committed to achieving NCQA PCMH recognition in a set period of time. Glide Path practices must also comply with all additional written department requirements, including participation in various primary care initiatives operated by the State.

Beginning January 1, 2012, PCMH and Glide Path practices may be eligible for a rate add-on to the procedure codes on the physician fee schedule identified below. PCMH practices may also be eligible for retrospective annualized supplemental payments for performance incentives and performance improvement. Independent physician-led Glide Path practices with five or fewer full-time equivalent practitioners across all practice locations may also be eligible for a supplemental payment at each Glide Path phase.

(a) Glide Path and PCMH Rate Add-On: The department will pay a rate add-on for the following procedures in addition to the amounts listed for each procedure code on the physician fee schedule: 99201, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99315, 99316, 99318, 99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99337, 99339, 99341, 99342, 99343, 99344, 99345, 99347, 99348, 99349, 99350, 99354, 99355, 99381, 99382, 99383, 99384, 99385, 99386, 99387, 99391, 99392, 99393, 99394, 99395, 99396, 99397, 99401, 99402, 99403, 99404, 99406, 99407, 99408, 99409, 99411, 99412, 99374, 99377, 99379, 99380, 96110, 99050, 99051, 99053, D0145,
