Expansion of Current MOUD Programs

Work with OTP partners to expand all 5 current programs resulting in a DPH and DEA Licensed, NCCHC Accredited and SAMHSA Certified Opioid Treatment Program

Provide Narcan at release.
Expand the use of all 3 FDA approved medication at all programs to include Methadone, Buprenorphine and ER-Naltrexone

Induction:
Initiate patients with MOUD. This will provide newly incarcerated, sentenced and pre-release inmates an opportunity for medication treatment prior to release
