EQMI Data Quality

- GAF Replacement implementation and updates: This measure will be returning to the Report Cards in the first quarter of FY23
 - DLA-20 – Train the trainer – One session has been completed and EQMI will offer another training if there is more interest.
- Non-funded substance abuse programs: Per statute, all substance abuse programs should be reporting data to DMHAS, regardless of funding. The goal is to start reporting into DDAP as of this Fiscal Year. Most of those programs are already set up in DDAP and data can be uploaded. This applies to all programs that hold a license from DPH for SA. Report cards for non-funded programs will be generated for each agency to provide them a visual resource on how those programs are performing, however these report cards will not be posted to the DMHAS website, rather made available to respective agencies for their own use.
- DDAP user registration process: Please use the new form and remind staff that they have 10 calendar days to activate the passwords once they are sent out by the help desk.
 - Inactive users: Individuals, who do not use DDAP for one full year, will be removed as active users from the system.
- Staffing updates – Liz Feder has been hired as a new EQMI director, Kyle will be returning to his role as a Grant Planner in EQMI.
- Data Corrections – EQMI:
 - New staff have started in EQMI: Wei and Jordon. Once they are trained, they will be taking on all the data corrections.
- Contact sheet: Please update who should be receiving communication from EQMI.
- Internet Explorer and DDAP- Please make sure you update the browser every 30 days.
- Duplicate admissions – Emails were sent out about duplicate admission, please look through your lists and let us know which admissions should be removed.
- Deceased clients – Please respond to the emails that were sent about clients being reported as deceased in other programs.
- TCM03 (collateral) – “audio and visual” location – DDAP is being updated to add this location as an option.
- Consumer Satisfaction Surveys updates – All information can be found on the website to start the completion of surveys for FY23.

Training

- Upcoming Trainings via **Teams**:
 - **Friday, January 27: 9:30 am – 11:00 am: Direct Data Entry (DDAP)**
 - **Friday, January 27: 11:00 am – 1:00 pm: EDW Reports**
 - **Friday, January 27: 2:00 – 3:00 pm: Critical Incidents (CI)**

 - **Friday, February 17: 9:30 am – 11:00 am: Direct Data Entry (DDAP)**
 - **Friday, February 17: 11:00 am – 1:00 pm: EDW Reports**
 - **Friday, February 17: 2:00 pm – 3:00 pm: Critical Incidents (CI)**

Training Tips

- Changes to EDW reports: Program Roster and Service and Summary now allow to search for multiply providers.

Quarterly Dashboards / Report Cards

- FY23 Quarter 1 – final – posted
- FY23 Quarter 2 – draft February 13th

Data Quality Notes

- Monthly Alert – Co-occurring screenings – The function in DDAP was removed so it is no longer required.

File Uploads

- DMHAS contact for file upload questions/issues – please contact Karolina to coordinate the process with IT if you have any problems.
- New E.H.R. – Please let us know if your agency is switching systems or plans to go with a new EHR as it can disrupt the reporting of data. A new process for testing an upload file involves the provider to set up a file with real information and uploading it.

Critical Incident Reporting

- Guidelines for submitting CI –There are two parts in the system that are required for the CI. One involves entering the incident and the other requires the closure and the outcome of the incident. Both parts are required for each incident.
- CI old reports closure – Please check the system and close all incidents that are past 60 days.
- Covid-19 reporting requirements – There is a separate field that was created to allow individuals to enter the actual diagnosis of COVID-19. When picking "other" as a subcategory, please type in COVID-19 in the box (it was previously not available).
- CI Training – dates of training are included at the end of the minutes.
