DEPT OF MENTAL HEALTH & ADDICTION SERVICES

Reports Newsletter

October 28, 2011

Reports which have been published by DMHAS for the period of October 14, 2011 through October 28, 2011 are listed below. A list of reports and descriptions of these reports may also be found in the **Reports Documentation** folders on the respective reports servers.

Enterprise Data Warehouse (EDW) Reports

- **Required Assessment– Data Quality Folder** - This report should show all providers/program within the selected date range that have active clients and required at least one assessment.
- **Jail Diversion Raw Data– Jail Diversion Folder** - Within a time period specified by the user, the report contains raw data for some admission and discharge fields and for all fields on the JD assessment. The user may select output for admissions, evaluations, diversions, or discharges within the date range. All Standard JD and Specialty JD Programs are included.
- **JD - Count of Admissions Evaluations and Diversions – Outcome Measures Folder** - Within a time period specified by the user, the report contains the number of clients admitted to a JD program, evaluated by JD staff at court, and diverted from jail to treatment services by the court following a JD evaluation. Note that each of these counts contains different clients within a specified time period. Clients who are admitted to a JD program are not included in evaluation or diversion numbers unless the JD Assessment is completed and attached to the JD program admission. All courts have a Standard JD Program that does evaluations, referral to treatment, and monitoring compliance. Some court locations also have Specialty JD Programs that target specific populations and provided additional services.
- **Avatar Rejected Assessments – Data Quality Folder** - Report which the State Ops can use to move the Assessments they put on the Medical Record episode.
- **ACT Service Utilization and Service Location Report – Outcome Measures Folder** - This report shows the extent to which ACT programs are providing the expected number of quarterly F2F (Face to Face) service hours based on program capacity. It also shows each program's total number of F2F (Face to Face) service hours delivered in the community, total TCM F2F (Face to Face) service hours, and total service hours that were not F2F (Face to Face) within the fiscal quarter and fiscal year selected.
- **ACT Service Intensity Report (Client Contacts) – Outcome Measures Folder** - This report shows the target fidelity benchmark has been pro-rated for each client that was not enrolled in the program for the entire quarter; the pro-rating is specific to the number of days the client was enrolled in the program. Please note that this report provides the number and percent of client contacts that are considered face to face (F2F) for the providers and program selected within a user defined fiscal quarter and fiscal year.

October 28, 2011

Enterprise Data Warehouse (EDW) Reports (continued)

- **ACT Client Details with 0 Face to Face (F2F) Services – Outcome Measures Folder** - This report shows the target fidelity benchmark has been pro-rated for each client that was not enrolled in the program for the entire quarter; the pro-rating is specific to the number of days the client was enrolled in the program. Please note that this report only contains service hour's data for face-to-face (F2F) services for the providers and program selected within a user defined fiscal quarter and fiscal year.

AVATAR Reports

- **UM Screening Disposition by Hospital for Wait Times Greater Than 10 Days - UM Screening Folder** - Number of Probate and/or General UM clients placed with wait time of > 10 days by hospital and final disposition.
- **UM Screening Disposition of Clients Placed from ED Based on Wait Time - UM Screening Folder** - Number of ED UM clients placed with wait time of < 12 hours, 12 – 24 hours, and > 24 hours by facility.
- **UM Screening Number of Probate or General Clients Placed by Hospital - UM Screening Folder** - Number of Probate and General UM clients placed with wait time of < 7 days, 7-14 days, and > 14 days by hospital.
- **UM Screening Errors - UM Screening Folder** - Listing of placed UM clients with either negative wait time (disposition prior to admission) or user-defined "excessively long" wait time.
