

**Certified Peer Support & Recovery Professional (CPSRP)
Certification Renewal Questions**

1. Would we still submit our 60 CEU to AU or does this take the place of the AU Cert?

The certification process (and ongoing certification process) for the new CT CPSRP will be done through the CT Certification Board.

2. Elsa, what did you mean by 1,2, or 3yr option for recertification?

The Connecticut Certification Board (CCB) offers people the option to renew their credentials in 1-, 2-, or 3-year periods.

3. So will that mean more CEUs and money choosing either 1,2 or 3 year recertification?

The number of yearly CEUs for recertification has not yet been determined. If recertifying for more than one year, you would need CEUs to equal that period of time. The Connecticut Certification Board (CCB) decreases the cost for the longer renewal period.

4. What will be the requirements for recert going forward after that 3 yr period?

The number of yearly CEUs for recertification has not yet been determined.

5. How will renewals work? Will they be through the original agency like AU or CCAR?

Renewals will be through the Connecticut Certification Board (CCB).
