

# SCSU Co-occurring Disorders (COD-8) Intensive Cohort Program (October 6, 2021)

**Calendar for the Intensive Cohort Program – Mental health & Substance use (co-occurring disorders) AY 2022-2025**

**Jaak Rakfeldt, Ph.D., LCSW**

The cohort of students takes classes sequentially on 3-day weekends (Friday, Saturday, Sunday). For foundation-level courses, classes consist of 4 or 5 days (from 9:00 a.m. to about 5 -7 contact hours per class) with hybrid online electronic activities between class sessions. Advanced-level courses are offered either as 5 or 6 (or more) day-long classes, from 9:00 a.m. to between 4 and 7 hours, with hybrid online electronic activities between class sessions. The student registration (tuition and fee payments and student financial aid), faculty load calculations, and deadlines for grade submission will continue to conform to SCSU’s traditional two 16-week semesters, plus summer session calendar dates. The following are the proposed dates for the three-year schedule of courses (*dates subject to change*)
