FREQUENTLY ASKED REGISTRATION QUESTIONS

Q: What do I do if I forgot my password?

A: State employees should contact their facility administrator. Non-state employees: On the log in page of the LMS, click the “Forgot Password?” link. The system will prompt you to enter the email address that is associated with your LMS account. When you’ve entered the information, the system will send you an email with a temporary password.

Q: How do I get a copy of my transcript?

A: Online transcripts are available for classes that have been held after 1/1/09. Once you’ve logged into your LMS account, go to the Me tab, then click Analytics in the left-hand menu. Click on the report entitled User Transcript. Your transcript will open in a new window. Click on the Download button at the top right of the window to export your transcript to PDF (recommended) or Excel. For more detailed instructions, see [Introduction to the LMS](#).

Q: What does my computer need (system requirements) for me to take web-based training?

A: Your computer must have internet access (DSL or Cable recommended for faster connection) and Adobe Flash Player. Pop-up blockers must be disabled on your Browser and Google toolbar. We strongly recommend a wired internet connection. If the problem persists, contact Workforce.Development@ct.gov.

A: After logging in, click on the Me tab. Scroll down to find the name of the training that you want to finish. To the right of the training name, click the “Launch” button.

Q: I completed a web-based training, but it did not show up on my transcript. What should I do?

A: If you have been taking the training over a wireless internet connection, connect your computer to the internet with a wired connection and log on to the LMS. Launch the training again, and retake the quiz to get credit.

Q: How do I get a certificate with Continuing Education Units (CEUs) for a web-based training?

A: Upon successful completion of the training and quiz, go to your Me tab, then click on Completed Learning in the left-hand menu. Find the training you want, then click the Print Certificate button. You can click on the down arrow next to the Print Certificate button, then click Export Certificate to download a PDF copy of the certificate.
