

GENDER DESIGNATION ON A LICENSE OR IDENTIFICATION CARD

Procedure for Changing Designation on Driver's License or Identification Card

Applicants requesting a change of the gender designation on their driver's license or identification card from that showing on their identity proof documents must:

- Surrender any current state-issued license or identification card;
- Submit a completed Gender Designation form; and
- Pay applicable fees for new or updated license or identification card. The applicant shall have a new photograph taken.
- If the person requesting the change is a minor, a parent or guardian must be present and sign the B-385 form, or the minor must submit a signed and notarized 2D form with the B-385.

Employees shall not request additional gender-related information beyond that required on the applicable forms or otherwise inquire about the applicant's private medical history or records.

Name Change

Name changes related to gender are completed via submission of appropriate court documents and also must be reflected on the Social Security card.

In accommodating a gender change, the Connecticut Department of Motor Vehicles makes no representation that the gender selected for the applicant's credential will be recognized or accepted by another government agency or non-government entity, particularly if it does not match the gender that appears on the applicant's non-DMV identity document(s) (e.g. birth certificate, passport, social security card).
