

## I Have Autism:

I have been medically diagnosed with autism spectrum disorder. My medical condition impairs my ability to communicate with others. As a result I may have difficulty understanding your directions, and I may not be able to respond to your questions. I may also become physically agitated if you touch me or move too close to me.

Please do not interpret my behavior as refusal to cooperate. I am not intentionally defying your instructions.

(Please see reverse side for additional information)

If I exhibit any of these behaviors, I request that you contact the person noted below on my behalf; s/he will confirm my diagnosis and provide information you may need about my identity.

Sincerely,
