

Request for Exception to an Administrative Directive

Connecticut Department of Correction

CN 1302
REV 10/28/08

Administrative Directive Number: **9.2** Title: **Offender Classification**

I request approval of the following exception to the above referenced directive (provide detailed explanation):

AD 9.2 exception and form CN9201 change request

Section 18 A #4 "Mental Health and Medical need scores less than 3 unless cleared by Health Services"

To be removed from the AD and from CN9201.

Rationale

1. Correctional Managed health care is not contracted to perform these clearances.
2. The classification manual was changed since this time to reflect that severe Bee sting allergies (Anaphylaxis which would disqualify a person from outside work) were classified as Medical 4.
3. Medical level 3 scores do not preclude an inmate from being able to work outside/off grounds.
4. The Director of Clinical Services for the DOC and CMHC has approved this exception.

Insertion of language / substitution should read, "For any special cases or considerations of the Warden or Health Services Unit on site please contact The DOC Director of Clinical services for review."
