Compendium Program: Chronic Disciplinary Unit: How to Deal with Your Problems and How to Do Your Bid

Gender Specific for:MALE

Description:

This is a group designed for inmates in the DOC's Chronic Disciplinary Unit. One of the problems that many inmates have in general, and restrictive housing inmates have in particular, is that they lack the skills necessary for problem solving. The first part of this class is designed to help inmates learn that not all problems can be solved and to assist them in approaching problems so as to (1) respond in the best way to the presented problem and (2) not to make the situation worse. In the second part of the class the inmates review a videotape which shows inmates who have completed a restrictive housing program. In that video the inmates discuss what they believe is necessary in order to "do your bid." The video serves as a stimulus for inmates to discuss how it is possible to live in a prison environment without getting into trouble.

Compendium Program: Living Free Comprehensive Re-entry Services

Gender Specific for: BOTH

Description:

This program offers an integrated system of care for inmates who have been sentenced to a period of three months or more, who have substance use issues (drug/alcohol score of 3 or higher), co-occurring mental health issues (mental health score of 3 or lower), and physical health concerns (medical score of 1 or higher). The inmates are expected to be released into the greater New Haven community within a four to six-month period of time and must be committed to working with the Living Free Program's Peer Advocates on various re-entry issues and concerns. Living Free will meet with each inmate at their designated facility for a structured four step process to ideally enroll and assess their needs for addiction, mental health, and/or medical treatment and care. If enrolled, the final step of this program is to bring the inmate on an "escorted visit" from their designated facility to the ForDD Clinic to meet with their treatment providers and Peer Advocate for discharge planning prior to their release date. Once released, each inmate is expected to attend weekly appointments with the treatment providers and Peer Advocates at the ForDD Clinic.

Description:

Transitional Linkage into the Community (TLC) is a program of Community Partners in Action which provides discharge planning for inmates with HIV/AIDS. TLC serves every prison and jail in the state, and works with clients returning to every region of the state. TLC case managers meet clients' emergency needs upon release, and connect them with services in their local communities for continuing care and assistance.
