<p>Targeted Inmate/Resident/Detainee Interviews</p>	
<p>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>0</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<p>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>The facility reported that there were no targeted residents and there were no targeted residents identified through file review.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>Was the site review an active, inquiring process that included the following:</p>	
<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>88. Informal conversations with staff during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>The auditor had all access to the facility. Informal and formal interviews were conducted along with site inspection. The auditor was able to observe how staff monitor the cameras along with the various postings throughout the site related to sexual abuse and sexual harassment.</p>
<p>Documentation Sampling</p>	
<p>Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.</p>	

<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------

<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>The auditor selected to review files of all residents housed at the facility in the last 12 months.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:
