Executive Order 12892, Leadership and Coordination of Fair Housing

Connecticut General Statutes 46a-64c as amended

The Town of <**TOWN NAME**> commits to providing and promoting racial and economic integration in any housing development financially supported with DOH funding and will take affirmative steps to reach beneficiaries from all racial and ethnic groups as well as the physically or mentally handicapped and families with children and to reach a broad range of income eligible beneficiaries for appropriate and applicable housing opportunities.

II. Selection of Fair Housing Officer

In accordance with Title VIII, Civil Rights Act of 1968, as amended, the Fair Housing Officer below has been designated to handle fair housing complaints and activities

<Official's Name>

<Official's Title>

<Mailing Address>

<Mailing City, State, Zip>

<Phone number>

The Fair Housing Officer is responsible for the intake and processing of all housing complaints as well as implementation of the Fair Housing Plan activities and actions. While not expected to be an "expert" in Fair Housing Laws, at a minimum, the officer will be familiar with the complaint process and federal and state laws, which address Fair Housing. Records which show the date, time, nature of complaint and decisions made in the complaint process will be fully documented. A separate file will maintain a record of all housing discrimination complaints and follow-up actions.

III. Complaint Process

Housing discrimination complaint forms such as Forms HUD-903 and HUD-903A (Spanish version) from HUD, as well as, a summary of actions which may constitute housing discrimination, and instructions for completing and filing housing discrimination complaints will be made available to citizens at Town Hall, **<ADDRESS>**. Complaints need not be made on official forms to be valid.

Forms will also be distributed to lenders, realtors, and at other public places such as the Library periodically.

The Fair Housing Officer will reasonably assist the complainant in submitting the complaint to the appropriate body by providing assistance in explaining the form and/or contacting the appropriate office and allowing the use of town phones for communication.

The individual(s) filing the complaint will then be advised of the option of filing directly with the U.S. Department of Housing and Urban Development (HUD) within one year after an alleged violation, the Connecticut Commission on Human Rights and Opportunities (CHRO) by filing a notarized complaint within 180 days of the alleged violation, or the Equal Employment Opportunity Commission or with all agencies simultaneously. The individual should also be advised of the option of filing suit, at his/her expense in Federal District Court or State Court within two years of an alleged violation. The individual should be further advised that if he/she cannot afford an attorney, the Court may appoint one and that a suit may be commenced even after filing a complaint, if the individual has not signed a conciliation agreement and an Administrative Law Judge has not started a hearing. A court may award actual and punitive damages and attorney's fees and costs.

The Fair Housing Officer will keep a record of the progress on the number of complaints filed, actions taken, and the status of each complaint.

IV. Opportunity Mapping

Using the Connecticut Opportunity Map, which is available at the DOH website, the town has determined that the target area for the proposed project or activity is a **<OPPORTUNITY CLASSIFICATION>**area.

Fair Housing Action Plan Guidelines

To Create A Fair Housing Action Plan:

Guidelines and Implementation Steps¹

Towns must certify that they will affirmatively further fair housing in housing programs by creating a Fair Housing Action Plan. The following guidelines must be used in the development of this Plan.

In this section are two documents you will need to develop your Fair Housing Action Plan. One is the Local Fair Housing Action Steps document, which list six broad categories with specific action steps each that a local community can take to promote fair housing. A total of 15 action steps are listed. The other document is the Matrix for Local Fair Housing Action, which includes the Local Fair Housing Strategy Matrix. The action steps listed in the Local Fair Housing Action Steps document correspond to the numbers on the matrix.

Each action step to be taken by the town must include the name of the person responsible for carrying out the action described and the time frame for completion. The necessary records must be maintained to substantiate your compliance with the actions taken.

The Fair Housing Action Plan must include:

1. An Affirmative Fair Housing Marketing Plan

The AFHM Plan requires each town to carry out an affirmative program to attract prospective buyers or tenants of all majority and minority groups in the housing market area. The AFHM Plan must identify those groups of persons normally not likely to apply for the housing without special outreach efforts, because of existing neighborhood racial or ethnic patterns, location of housing in the Primary Metropolitan Statistical Area, price or other factor. It must include affirmative marketing strategies to inform members of these groups of the available housing and make them feel welcome to apply. Twenty percent (20%) of the total number of units to be constructed and/or rehabilitated must be targeted to the groups identified in the Plan as “least likely to apply”. The Plan must include a commitment to provide fair housing training on an annual basis for the Fair Housing Officer.

¹ The Department of Housing and Urban Development (HUD) model guide Fair Housing for HOME Participants is now available in PDF form on the HOME Program webpage:
<http://www.hud.gov/offices/cpd/affordablehousing/library/modelguides/200510.pdf>

The affirmative marketing strategies must be consistent with the requirements of the Department's Fair Housing Regulations and Affirmative Fair Housing Marketing and Selection Procedures Manual.

2. A Fair Housing Policy Statement

The Fair Housing Policy Statement must be consistent with the requirements of Section 8-37ee-311 of the Affirmative Fair Housing Marketing and Selection Procedures Manual. It must also include the name, title, address, and phone number of the person assigned fair housing responsibilities.

3. A Discrimination Complaint Procedure

The Discrimination Complaint Procedure must provide for the expeditious resolution of complaints to ensure that legal options for filing complaints with enforcement agencies are not restricted and that individuals interested in filing a complaint are informed of their options for doing so.

This section must include a progress report on the number of complaints filed with the applicant, actions taken and the status of each complaint.

4. Tenant Selection Methodology

The Tenant Selection Methodology and the Affirmative Fair Housing Marketing Plan determine who shall have the opportunity to apply for state assisted housing and who shall ultimately be selected. The Tenant Selection Methodology must be consistent with the requirements of Sections 8-37ee-303, 304 and 305 of the Fair Housing Marketing and Selection Procedures Manual.

5. Opportunity Mapping

Based on the Connecticut Opportunity Map, which is available at the DOH website, identify the Opportunity Classification for the target area of the proposed project as one of the following:

Very High, High, Moderate, Low or Very Low

6. Action Steps Selection

Refer to number 5 to complete this section.

Based on the category your community falls under in number 5, select for inclusion in your Fair Housing Action Plan a range of two (2) to four (4) of the action steps listed.

The action steps selected in compliance with this section must be implemented within a period of three years, beginning with the date of contract execution.

Refer to the Local Fair Housing Action Steps document for a description of each numbered action step. You must select at least one (1) action from Set I (1,2,9,10,11 or 12) and one from the remaining action steps – Set II (3,4,5, 6,7,8, 13, 14, 15).

Very High	High	Moderate	Low	Very Low
At least one from Set I At least one from Set II One from 1-15	At least one from Set I At least one from Set II One from 1-15	At least one from Set I At least one from Set II	At least one from Set I At least one from Set II	At least one from Set I At least one from Set II

Local Fair Housing Action Steps

The nature of a community obviously has an effect on the type of activities which can appropriately and effectively be employed to promote fair housing. Factors such as the town's current housing infrastructure, the size and expertise of the town's professional staff, access to transportation, and the relative affordability of the town's housing stock, all help determine what are realistic strategies for a town to pursue.

However, the types of steps that local communities can take to encourage equal housing choice generally fall into six broad categories. These categories are listed below. Under each category is a list of specific actions which a community could take to encourage greater housing choice. By using the list of possible Action Steps, a community can develop a fair housing strategy which includes several action steps appropriate for a town of its type.

Encourage the creation and rehabilitation of affordable housing in a variety of locations

1. Identify developable land within the municipality for developers of affordable housing.
2. Participate in regional planning efforts to ensure that there is affordable housing in a variety of locations.

Encourage the collection and analysis of data to determine if the municipality is meeting its goals to affirmatively further fair housing

3. Report municipal and regional racial and ethnic composition data in municipal POCDs.

Ensure local planning documents affirmatively further fair housing

4. Publish the municipality's POCD on its website.

Convene stakeholders to review proposed legislative solutions to existing impediments to fair housing choice

5. Review occupancy ordinances, regulations and/or guidelines to ensure that the rules are not unnecessarily restrictive for families with children. At a minimum, they should be in line with reasonable local fire and building codes.
6. Determine whether the zoning ordinances and other occupancy rules are enforced in a non-discriminatory way.

7. Review zoning ordinances to determine if they require special permits for affordable housing or require large lot sizes, low density requirements, or other policies that would make the development of affordable housing expensive and propose changes to such requirements.

8. If the municipality's zoning ordinance does not include a statement that people with disabilities have the right to request a reasonable accommodation of a change in any zoning ordinance, add this to the existing zoning ordinances.

Maximize the effectiveness of programs that promote mobility

9. If a municipality uses a residency or employment preference to select affordable housing tenants, it should conduct an analysis to determine if such requirements have an illegal disproportionate impact on non-Hispanic Blacks, Hispanics, people with disabilities, single-parent families, and people with housing subsidies.

10. Maintain and make easily available comprehensive, current lists of available housing units, with a special emphasis on units in high-opportunity neighborhoods. Consider additional funding for housing authorities to support this effort.

Promote fair housing enforcement and education

11. Appoint a fair housing officer, have him or her trained on their duties and responsibilities as a fair housing officer, and publicize the person's name, contact information, and job responsibilities.

12. Sponsor, or work with housing provider associations to sponsor, fair housing trainings for housing providers.

13. Refer complaints of housing discrimination to HUD, CHRO, or a private fair housing agency.

14. Provide Spanish (and possibly other languages) as an option on the main telephone line for reporting fair housing complaints or asking housing related questions.

15. Pool resources to provide language access to LEP individuals on a regional basis including translating and making available vital housing forms in Spanish.

FORM AA5 Instructions
DOH Affirmative Fair Housing Marketing Plan

Part 1 - Introduction

DOH and CHFA are legislatively mandated under Section 8-37ee of the Connecticut General Statutes and the Connecticut Fair Housing Act, 46a-64b et seq. to promote fair housing choice and racial and economic integration in all housing funded in whole or in part by the state of Connecticut. Further, owners of state assisted housing are responsible for including in their Affirmative Fair Housing Marketing Plan provisions for the recruitment of an applicant pool that includes residents of municipalities of relatively high populations of those that would be least likely to apply. These groups include White (Non-Hispanic) and members of minority groups: Blacks (Non-Hispanic), American Indians/Alaskan Natives, Hispanics and Asian/Pacific Islanders in the Metropolitan Statistical Area (MSA) or housing market area who may be subject to housing discrimination. At least 20 percent of the units must be targeted to the group(s) identified as “least likely to apply.” Groups “least likely to apply” include people with disabilities and families with children.

In addition, even though housing providers and developers are not required to market to all protected classes, all participants must not discriminate based on race, color, religion, sex, national origin, ancestry, sexual orientation, creed, marital status, learning disability, mental or physical disability, including but not limited to blindness, age, family status, marital status, sexual orientation, age, lawful source of income, or gender identity or expression.

The applicant shall describe on this form the activities it proposes to carry out during marketing, and, where applicable, the initial sales, application, or rent-up period. The marketing program should also assure that any group(s) of person normally NOT likely to apply for the housing without special outreach efforts (because of existing neighborhood racial or ethnic patterns, location of housing in the Primary Metropolitan Statistical Area, price or other factors), know about the housing, feel welcome to apply and have the opportunity to buy, rent, or apply for rehabilitation funds. In addition to the specific advertising activities, please describe activities relating to instructions and or training that is provided to staff on fair housing.

Marketing activities are required throughout the life of the mortgage, assistance agreement or regulatory agreement - whichever is longer. The AFHMP must be available for public inspection.

In filling out this form, in addition to these instructions, recipients should use the following for guidance:

1. Conn. Agencies Regs. §§8-37ee-1 – 17 and 300 –314;

2. HUD's Multifamily Asset Management and Project Servicing Handbook--4350.3 Rev. 1, Change 2 for additional assistance with tenant selection policies.

Introduction

The AA-5 is to be used to market the following types housing for which an entity receives financial assistance:

- rental units--rental projects of five or more units or five or more scattered site rental units;
- Homeownership units—five or more units for sale in a subdivision or scattered site receiving development assistance; and
- Homeownership assistance—assistance to purchase (DPA or other) or rehabilitate homeownership units.

Part 2 - Application and Project Identification

2A—For all proposed projects, the applicant is the name of the entity applying for or receiving the financial assistance. The address is the telephone number, address, city, state, and zip code of the entity applying for or receiving the housing assistance.

2B—The Project or Application Number is the project or application number assigned by DOH or the entity providing the financial assistance. If this is a new project or application, the project or application number is TBD or to be decided.

Price or Rental Range of Units—For rental units, put in the total rent to be charged for the units including the rent paid by the tenant and the amount of the housing subsidy. If the application is for homeownership units, put in the range of home sales prices. For homeownership assistance, write the minimum and maximum amount of assistance that may be available under the program

2C—This portion of the AA-5 asks for information about the project or program applying for financial assistance. For example, the name of the entity making the application is the Town of Wallingford even though the Town will be sub-contracting with a subsidized housing provider to use the money to rehab existing rental units. Include the address, county and census tract where the project is located.

2D—For rental units or homeownership units, the applicants/recipients must state the date of initial occupancy of the project. If this is an initial AFHMP, specify the date initial occupancy is projected to begin. Under “Approximate Starting Dates,” state the date advertising is scheduled to begin to groups targeted for special outreach followed by the approximate date on which applicants will be notified of their acceptance or placement on the waiting list. If this is an annual AFHMP or updated AFHMP, fill in the date the project was first occupied under “Initial Occupancy.” Advertising must begin at least 90 days prior to occupancy or prior to a waiting list opening.

For homeownership assistance, include information on the approximate starting date of the advertising the availability of the housing assistance. Advertising must begin at least 90 days prior to the date the funds will be available. Do not fill out the portion of 2D which requests information on the approximate starting date of occupancy.

2E—This box is to be completed only if the applicant/recipient is not going to be implementing the AFHMP or the applicant/recipient will not be managing the units.

2F—Part F asks the applicant/recipient to identify the housing market area or the expanded housing market area. All applicants for financial assistance for rental units or homeownership units must complete the section asking for a housing market area. A **housing market area** is the area (not necessarily the census tract, but the entire geographic area) from which the owner or manager of the project may reasonably expect to draw a substantial number of its applicants. If a housing market area is not demographically diverse in terms of race, color, national origin, religion, sex, disability, or familial status, an **expanded housing market area** must be used. An expanded housing market area is a larger geographic area that may provide additional diversity. Respondents should indicate the housing or expanded housing market area in which the housing is/will be located, e.g., “City of _____” for housing market area, or “City of _____” and “County of _____” for expanded housing market area.

For homeownership assistance, the housing market area is the entire town or municipality or region, if applicable, applying for the financial assistance. An expanded housing marketing area does not have to be used for homeownership assistance if the program is limited to one town as may be the case in the Small Cities Program.

Part 3 – Determining Type of Affirmative Marketing Plan

3A—Applicants for rental or homeownership units in a subdivision should check that this is a project plan. Applicants for rental units, homeownership units, homeownership assistance that are not in a subdivision should check that this is scattered site units. Applicants for homeownership units or homeownership assistance are to submit individual annual plans based on the racial composition of each census tract where the housing will be built. For example, if a builder plans to construct units in minority and non-minority census tracts, separate plans shall be submitted.

Part 4 - Direction of Marketing Activity

Block 4a– Complete Worksheet 1 in accordance with instructions.

Block 4b– Using the information from the completed Worksheet 1, respondents should identify the demographic group(s) least likely to apply for the housing without special outreach efforts by checking all that apply by identifying which groups. Those “least likely to apply” typically will be those groups with the smallest presence in the housing project, census tract, housing market area or expanded housing market area.

If this is a project built or created for the elderly or the project is built for the elderly and disabled, the complex does not have to market to families with children so long as the complex complies with one of the following:

1. The complex is solely occupied by persons sixty-two years of age or older; or
2. The complex has 80% of its units occupied by persons fifty-five years of age or older.

Part 5 - Marketing Program

The applicant shall describe the marketing program to be used to attract all segments of the eligible population, especially those groups designated in Part 4 of the Plan as “least likely to apply.” Marketing must include the dissemination of information to the largest city located in the nearest Primary Metropolitan Statistical Area, Regional Planning Area and any other area likely to contain high percentages of members of the group identified as least likely to apply and where public transportation or public highways/job availability make it likely that members of these groups will wish to move.

5A—The applicant shall state: the type of media to be used: the name of newspapers; call letters of radio or TV stations; the identity of the circulation or audience of the media identified in the AFHMP, e.g., White (Non-Hispanic), Black (Non-Hispanic), Hispanic, Asian-American/Pacific Islander, American Indian/Alaskan Native, persons with disabilities, and families with children; and the size or duration of newspaper advertising or length and frequency of broadcast advertising. Advertisements in newspapers must be displayed or appear where they are most likely to be read or seen - not only in the classified section. In addition, all advertisements must be placed on www.cthousingsearch.org.

5B—All brochures, signs, and advertisements must include the U.S. Department of Housing and Urban Development approved Fair Housing logo or slogan or statement and all advertising depicting persons shall depict persons of majority and minority groups. Fair housing posters which include both state and federally protected classes must be placed at the project site and rental offices. Contact more than three commercial media outlets. Use additional sheets as necessary.

5C—Community contacts should include individuals or organizations that are well known in the project area or the locality and that can inform people within groups considered “least likely to apply.” Such contacts may include, but need not be limited to: neighborhood, minority and women’s agencies, social clubs, homeless shelters, social service agencies, health clinics, religious groups, legal services, and individuals who are connected with these organizations and/or are well known in the market area or expanded housing market area. There must be an effort to identify and contact several individuals and organizations associated with the group least likely to apply, not just one or two groups and use additional sheets to report on this as necessary. A sample community contact letter is attached.

The applicant shall send a notification to all housing market area community resource contacts at the start of construction or at least 90 days prior to the opening of the waiting list or to the date the funds will be available. This notification shall include: (i) basic information concerning the Project (e.g., number of units, approximate date of occupancy, income levels to be served), (ii) information that they are being contacted because they may be interested in participating in the applicant affirmative marketing efforts, and (iii) advice that they will be contacted later concerning their desire to participate in this effort. The notice shall also provide the name of a person to contact for further information.

The applicant shall send a second notification to its community resource contacts at approximately 50 percent of completion of construction. This notification shall contain: (i) an update on the notification provided in the first notification, (ii) a proposed report on the Project, and (iii) a narrative concerning the Project (e.g., rent levels amenities, availability of transportation).

Six weeks before the estimated beginning of leasing, sales, or the availability of funds for homeownership assistance, the applicant shall send a third notification to all community resource that have been identified as possibly helpful in the affirmative marketing efforts (not necessarily limited to those contacts that have played an active role). This notification shall include: (i) a copy of any sales or rent-up brochure for the Project, (ii) the precise dates for sales or rent-up, (iii) a brief description of how an applicant may apply for the housing and (iv) the name of a person to contact for further information. A description of the selection criteria and selection process must also be included in this letter.

The applicant must solicit eligible applicants who may be referred to them by groups or organizations in the community.

Applicants must submit a Notification of Intent to begin marketing to the department, no later than 90 days prior to engaging in sales or rental or marketing activities.

Where relevant, information may be provided in both English and Spanish.

The AFHMP shall provide for follow up from outreach agencies to determine the effectiveness of referrals (via letter).

Part 6 - Anticipated Occupancy/Results

Anticipated occupancy results are a measure of the effectiveness of the implementation of the AFHMP. If the applicant elects to use indicators of effectiveness that differ from those described in this plan, such indicators shall be described at the bottom of the second page. Such indicators should be used to assess the effectiveness of specific aspects of the affirmative marketing program to attract to the housing persons targeted for special outreach, e.g., media advertising, use of minority-owned media, community contacts, etc.

The description should include a brief statement of the method to be used (e.g., survey of applicant, tenant questionnaire or the like).

Part 7 – Evaluation of Marketing Activities

Respondents should explain the evaluation process to be used to determine if they have been successful in attracting those groups identified as least likely to apply. Respondents should also explain how they will make decisions about future marketing activities based on the Evaluations.

Part 8 - Experience and Staff Instructions

8(1)—Staff must be trained on the use of this AFHMP, not the use or creation of an AFHMP, in general. If the staff has not been trained on the use of this AFHMP, please explain why there has been no training and indicate when and what future trainings are planned.

8(2 - 5)--Guidance to staff must include information regarding Section 8-37ee-1 –17 and Section 8-37ee-300-314, federal, state, and local fair housing laws and the use of this AFHMP. Copies of any written materials should be submitted with the plan, if such materials are available.

8(6 – 7)—Staff must be trained on the use of the eligibility requirements for the projects for which the entity is receiving financial assistance, not on the eligibility under fair housing or state and federal public housing rules in general.

Part 9 - Additional Considerations

Fair Housing Policy Statement, Affirmative Action Policy Statement, ADA Grievance Procedure, and ADA Notice

In this section, the housing operator, if a different entity than the applicant, must provide a Fair Housing Policy Statement, Affirmative Action Policy Statement, ADA Grievance Procedure, and ADA Notice and the Tenant Selection Plan which must be posted at the housing project at all times where members of the public can view them. They must also be disseminated to staff engaged in the sale or rental of properties and posted wherever applications available to the public. A list of fair housing trainings attended by staff must also be submitted with this Plan.

Eligibility requirements for the program or project

For guidance on how to develop a tenant selection methodology or other eligibility criteria for the project, applicants/recipients should begin by consulting Conn. Agencies Regs. §8-37ee-304 and HUD's Occupancy Requirements of Subsidized Multifamily Housing Programs Handbook--4350.3 Rev. 1, Change 2.

Pursuant to §8-37ee-304(b) and (c) applicants may use a point system or random selection for rental units. If applicants/recipients are using a point system, they must use the one set out in §8-37ee-304(b) unless the applicant/recipient applies for and receives approval from the department that the proposed system does not violate the intent of the AFHMP and the fair housing laws.

Part 10 – Signatures

Both the applicant for the funds and the housing provider or housing manager must sign the AFHMP at the bottom and date it. Both the applicant for the funds and the housing provider or housing manager assume full responsibility for its implementation. DOH may at any time monitor the implementation of the AFHMP and request modifications in its format or content, where the department deems necessary.

Other Requirements

Application Process:

The application period for all prospective applicants shall extend for at least 90 days prior to the start date of accepting applications. An application deadline must be established.

Anyone seeking to apply must be able to do so, and assistance must be provided to anyone who requests help with completing the form.

Applications must be stamped, and each person must be given a receipt with the date and time the application was received.

Tenant selection shall occur at least 30 days before occupancy.

Records:

Initial AFHMP records, including the implementation of the Plan, must be maintained for at least three years. Thereafter this Plan must remain in full force and effect throughout the remainder of the affordability period of the housing for which it was designed. Revisions to the Plan may be made with DOH approval.

Reporting Requirements:

For the initial marketing, three reports regarding racial and economic integration shall be submitted to the DOH prior to final occupancy. One after the period for submission of applications, one after pre-screening, and one after final selection. DOH will determine whether or not the recipient has made a good faith effort in trying to reach members of groups identified as “least likely to apply”. In such cases where these efforts are determined to be insufficient, additional outreach efforts will be required. Such additional outreach efforts may delay the occupancy of units.

Once the project is in occupancy, recipients are required to collect racial and economic data from both tenants and persons on the waiting list. This information must be reported to DOH annually, before October thirty-first for the year ending the preceding September thirtieth. The data shall include information for households entering the development and in occupancy during the previous September thirtieth and shall contain the current percentages of those “least likely to apply” that are residing in the project and are on the waiting list. Additionally, you must submit an evaluation of whether your marketing activities for that year, if any, were effective in attracting least likely to apply applicants. If found ineffective, then you must state how you will make changes in your strategies for future marketing efforts.

Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing Opportunities (See AFHMP Block 4A)

In the respective columns below indicate the percentage of each demographic group for the project (if occupied), waiting list (for existing projects), census tract, housing market area, and expanded housing market area (if the latter is needed to create a more diverse housing market area in terms of race, color, national origin, religion, sex, disability, or familial status).

Wherever possible, statistics should be obtained from a local planning office, Community Development Block Grant Consolidated Plan, or another official source such as the U.S. Census Bureau (please see <http://quickfacts.census.gov/qfd/states/09000.html>).

If there is a significant under-representation of any demographic group in the project and/or on its waiting list relative to the surrounding housing market area, then those groups(s) that are under-represented will be considered “least likely to apply” without targeted outreach and marketing, and will be so identified in Block 4b of the AFHMP. See Part 4 of the AA-5 Instructions for further guidance.

Attach maps showing both the Housing Market Area and Expanded Housing Market Area.

Demographic Characteristics	Column 1	Column 2	Column 3	Column 4	Column 5
	Project % (If this is an initial AFHMP, skip this column)	Waiting List % (If this is an initial AFHMP, skip this column)	Census Tract %	Housing Market Area %	Expanded Housing Market Area % (if used);
White					
American Indian or Alaskan Native					
Asian					
Black of African-American					
Native Hawaiian or Other Pacific Islander					
Hispanic or Latino					
Persons with disabilities					
Families with children					
Other					

Instructions for Completing Worksheet 1

Wherever possible, demographic statistics should be obtained from a local planning office, Community Development Block Grant Consolidated Plan, or another official source such as American Fact Finder which can be found on the www.census.gov website at <http://quickfacts.census.gov/qfd/states/09000.html>

“Least likely to apply” means that there is an identifiable presence of a specific demographic group in the housing market area, but members of that group are not likely to apply for the housing without targeted outreach, including marketing materials in other languages for limited English proficient individuals, and alternative formats for persons with disabilities. Reasons for not applying can include, but are not limited to, insufficient information about housing opportunities, language barriers, or transportation impediments. If there is no identifiable presence of a specific demographic group in the housing market area, there is no requirement to reach out to that group. For example, if there are no American Indians or Alaskan natives in the housing market area, there is no need to reach out to that group.

Column 1—Project %

For entities who are proposing to use its funding for existing rental units, the respondent should indicate the demographic composition of the project. If this is an initial AFHMP for rental units or an AFHMP for homeownership units or homeownership assistance do not fill out Column 1.

Column 2—Waiting List %

If this is an initial AFHMP for rental units, homeownership units, or homeownership assistance do not fill out Column 2. If there is an existing waiting list because this AFHMP is for existing rental units or a continuation of an existing homeownership or homeownership assistance program include the demographics of the existing waiting list in Column 2.

Column 3—Census Tract %

Include the percentage of each of the groups in the census tract where the project or scattered site housing is located. If this is scattered site housing, see the AA-5 instructions with regard to Part 3A. If there is no one from the group living in the census tract, write in 0. However, for some census tracts, the percentage of the group may be less than 0 but still have an identifiable presence in the census tract. For example, the percentage of Whites may be 98%, the percentage of Latinos 1.8%, and the percentage of Blacks or African-Americans .2%. Blacks or African-Americans are an identifiable presence even though the percentage of the population in the census is tract is less than 0.

Column 4—Housing Market Area %

A housing market area is the area (not necessarily the census tract, but the entire geographic area) from which the owner or manager of the project may reasonably expect to draw a substantial number of its applicants. For homeownership units and homeownership assistance, the housing market area must include the entire town or municipality applying for the financial assistance. Do not use an expanded housing market area for homeownership assistance.

See the instructions for Column 3 for information on census data to include.

Column 5—Expanded Housing Market Area %

If a housing market area is not demographically diverse in terms of race, color, national origin, religion, sex, disability, or familial status, an expanded housing market area must be used. An expanded housing market area is a larger geographic area that may provide additional diversity. Respondents should indicate the housing or expanded housing market area in which the housing is/will be located, e.g., “City of _____” for housing market area, or “City of _____” and “County of _____” for expanded housing market area.

See the instructions for Column 3 for information on the information to include from the Census data.

Determining who is least likely to apply

Compare groups within rows/across columns on Worksheet 1 to identify any under-represented group(s) relative to the surrounding housing market area. These are the group(s) “least likely to apply” for the housing without targeted outreach and marketing. For example, if the percentage of Whites in the project is 30% and the percentage of Whites on the waiting list is 25%, but the percentage of Whites in the housing market area is 75% and the percentage of whites in the expanded housing market area is 95%, Whites will be one of the groups least likely to apply because Whites are underrepresented in the project and on the waiting list compared to their representation in the market area and the expanded market area.

Sec. 8-37ee-2. Description

- (a) The department is legislatively mandated under Section 8-37ee of the Connecticut General Statutes and the Connecticut Fair Housing Act, 46a-64b et seq. to promote fair housing choice and racial and economic integration in all housing funded in whole or in part by the department. Further, owners of state assisted housing are responsible for including in their Affirmative Fair Housing Marketing Plan provisions for the recruitment of an applicant pool that includes residents of municipalities of relatively high populations of those that would be least likely to apply. The goal of the department is to promote integrated housing by means of standards for Affirmative Fair Housing Marketing and Occupant Selection Criteria. At least twenty percent (20%) of the units shall be promoted to the group identified as "least likely to apply."
- (b) Affirmative Fair Housing Marketing and Occupant Selection Criteria determine both who shall have the opportunity to apply for state assisted housing and who shall ultimately be selected for such housing. Because the state is providing financing for the rehabilitation or construction of decent, safe, and attractive housing at a very low cost to the occupant, it is incumbent upon all owners to assure that broad based marketing as well as equitable and responsible occupant selection procedures be implemented.
- (c) The affirmative fair housing marketing requirements set forth in Section 837ee-1 through Section 8-37ee-17 of this regulation shall apply to all recipients where department funding is used for the development or rehabilitation of:
- (1) Subdivisions or multifamily developments of five or more lots or units; or
 - (2) Scattered site dwelling units, where the recipient's participation in department programs has exceeded, or shall thereby exceed, the development or rehabilitation of five such dwelling units during the year.

- (d) Developers shall be required to comply with all rules and orders that may be promulgated, from time to time, by the Commissioner and consistent with the Connecticut General Statutes for the development and management of projects.
- (e) The Commissioner may waive any nonstatutory requirements imposed by Section 8-37ee-1 to Section 8-37ee-17, inclusive, of these regulations. Requests for a waiver shall be in writing, addressed to the Commissioner. Such waiver may only be granted with sufficient evidence that:
- (1) the literal enforcement of such provisions provide for exceptional difficulty or unusual hardship not caused by the recipient;
 - (2) the benefit to be gained by waiver of the provisions is clearly outweighed by the detriment which shall result from enforcement;
 - (3) the waiver is in harmony with conserving public health, safety and welfare; and
 - (4) the waiver is in the best interest of the state.
- (Effective February 2, 1994)

Part 1

Affirmative Fair Housing Marketing Requirements

Sec. 8-37ee-3. Characteristics of affirmative fair marketing programs

Each recipient shall meet the following requirements or, if he contracts marketing responsibility to another party, be responsible for that party's carrying out the requirements:

- (1) Carry out an affirmative program to attract buyers or tenants of all minority and majority groups to the housing for initial or ongoing sale or rental. An affirmative marketing program shall be in effect for each multifamily development throughout the life of the mortgage, assistance agreement or regulatory agreement, whichever is longer. The program shall include a carefully documented assessment of what groups are in need of affirmative marketing and a clearly articulated affirmative marketing policy and outreach effort. Such effort shall typically involve publicizing to those least likely to apply, the availability of housing opportunities through the type of media customarily utilized by the recipient, including minority publications or other minority outlets which are available in the housing market area. All advertising shall include the U.S. Department of Housing and Urban Development approved fair housing logo or slogan or statement and all advertising depicting persons shall depict persons of majority and minority groups.
- (2) Maintain a nondiscriminatory policy in recruiting for staff engaged in the sale or rental of properties.
- (3) Instruct all employees and agents, in writing and orally, in the policy of nondiscrimination and fair housing.
- (4) Specifically solicit eligible buyers or tenants who may be referred to the recipient by the department or other organizations.

(5) Prominently display in all offices in which sale or rental activity pertaining to the project occurs, the U.S. Department of Housing and Urban Development approved Fair Housing Poster and include in any printed material used in connection with sales and rentals, the U.S. Department of Housing and Urban Development approved fair housing logo or slogan or statement.

(6) Post in a conspicuous position on all department project sites a sign displaying prominently either the U.S. Department of Housing and Urban Development approved Equal Housing Opportunity logo or slogan or statement.

(Effective February 2, 1994)

Sec. 8-37ee-4. The affirmative fair housing marketing plan

Each recipient to which section 8-37ee-1 through 8-37ee-17 of these regulations apply shall provide, on a form and in the manner prescribed by the department in its affirmative fair housing marketing and selection procedures manual, information indicating his affirmative fair housing marketing plan to comply with the requirements set forth in Section 8-37ee-1 above. The plan, once approved by the department, shall be available for public inspection at the sales or rental office of the recipient.

(Effective February 2, 1994)

Sec. 8-37ee-5. Notice of housing opportunities

The department shall prepare quarterly a list of all projects covered by section 8-37ee-1 through 8-37ee-17 of these regulations on which commitments have been issued during the preceding ninety days. The department shall maintain a roster of interested organizations and individuals, including public agencies responsible for providing relocation assistance and local housing agencies, desiring to receive the quarterly list and shall provide the list to them.

(Effective February 2, 1994)

Part 2

Affirmative Fair Housing Marketing Compliance

Sec. 8-37ee-6. Procedures

(a) The purpose of this Part is to establish a process to implement the department's affirmative fair housing marketing requirements set forth in Part 1, section 8-37ee1 through 8-37ee-5 of these regulations, by developing a comprehensive procedure which provides all recipients subject to these requirements advance information as to departmental procedures to assure compliance.

- (b) Compliance procedures consist of: approval of the affirmative fair housing marketing plan and selection procedures, approval of any modifications to the plan and procedures, pre-marketing conference if necessary, reports during the application and selection period, compliance review, if necessary, and initiation of sanctions.
(Effective February 2, 1994)

Sec. 8-37ee-7. Requisite approvals, notifications, and reports

- (a) The affirmative fair housing marketing plan and selection procedures shall be approved by the affirmative action office of the department prior to final approval of the recipient's application.
- (b) Any modifications made to the plan and procedures subsequent to final approval shall also be approved by the affirmative action office.
- (c) Recipients shall submit a Notification of Intent to Begin Marketing to the department, no later than 90 days prior to engaging in sales or rental marketing activities. Upon receipt of the Notification of Intent to Begin Marketing from the recipient, the department's affirmative action office shall review any previously approved plan and, if necessary, may schedule a preoccupancy conference at the department.
- (d) Such conference shall be held prior to initiation of sales or rental marketing activities. At the preoccupancy conference, the previously approved plan shall be reviewed with the recipient to determine if the plan, and/or its proposed implementation, requires modification prior to initiation of marketing in order to achieve the objectives of the affirmative fair housing marketing regulation and the plan.
- (e) Three reports regarding racial and economic make up of housing shall be made to the affirmative action office before final occupancy: one after the period for submission of applications; one after pre-screening; and one after final selection. These may be done by telephone with written follow-ups for verification. If the affirmative action office finds at any stage that there are insufficient "least likely to apply" candidates due to a lack of good faith affirmative fair marketing efforts, then the affirmative action office shall reserve the right to require additional outreach until such time as a sufficient effort has been expended or a sufficient number of applicants are available. Such additional outreach may delay the occupancy of units. The affirmative action office may further require a compliance meeting, as specified in Section 8-37ee-8, below.
- (f) Recipients shall be required to collect racial and economic data from tenants and persons on waiting lists. The data collected shall analyze income groups and races served, and shall be reported to the Commissioner annually, before October thirty-first for the year ending the preceding September thirtieth. The analysis shall also include data for all households entering

the housing development or project during the year ending the preceding September thirtieth and in occupancy the preceding September thirtieth.
(Effective February 2, 1994)

Sec. 8-37ee-8. Compliance meeting

- (a) If a recipient fails to comply with the affirmative fair housing marketing requirements or it appears that the goals of the plan may not be achieved or that the implementation of the plan should be modified, the department's affirmative action office may schedule a meeting with the recipient.
- (b) The purpose of the meeting is to review the recipient's compliance with the affirmative fair housing marketing requirements and the implementation of the plan and to indicate any changes or modifications which may be required in its plan.
- (c) A notice of the compliance meeting shall be sent to the last known address of the recipient, by certified mail, or through personal service. The notice shall advise the recipient of the right to respond within seven (7) days to the matters identified as subjects of the meeting and to submit information and relevant data evidencing compliance with the affirmative fair housing marketing regulations and the plan.
- (d) The recipient shall be requested in writing to provide, prior to or at the compliance meeting, specific documents, records and other information relevant to compliance including but not limited to:
 - (1) copies of all advertising in the Metropolitan Statistical Area (MSA) or housing market area, as appropriate, including newspaper, radio and television advertising;
 - (2) photo of any sale or rental sign at the site of construction;
 - (3) copies of brochures and other printed material used in connection with sales or rental;
 - (4) evidence of outreach to community organizations and any other evidence of affirmative outreach to groups which are least likely to apply for the subject housing;
 - (5) evidence of instructions to employees with respect to company policy of nondiscrimination in housing;
 - (6) description of training conducted with staff;
 - (7) evidence of nondiscriminatory hiring and recruiting policies for staff engaged in the sale or rental activities;
 - (8) copies of applications and waiting lists of prospective buyers and renters maintained by the recipient;
 - (9) copies of sign-in lists maintained on site for prospective buyers and renters who are shown the housing;
 - (10) copies of the selection and screening criteria;
 - (11) copies of relevant sales or lease agreements; and

- (12) any other information which documents efforts to comply with the plan.
- (e) Based on the evidence, the department shall notify the recipient within (10) ten days of the meeting whether or not the recipient is in compliance with the affirmative fair housing marketing regulations or plan, or if the matters raised at the compliance meeting cannot be resolved.
- (f) If the evidence indicates an apparent failure to comply, the department shall conduct a comprehensive compliance review.
- (g) If the recipient fails to attend the meeting scheduled, the department shall notify the recipient no later than ten days after the date of the scheduled meeting, in writing by certified mail, return receipt requested, and shall advise the recipient as to whether a comprehensive compliance review shall be conducted or to recommend the imposition of sanctions.
(Effective February 2, 1994)

Sec. 8-37ee-9. Compliance reviews

- (a) All compliance reviews shall be conducted by the department's affirmative action office.
- (b) Even in the absence of a complaint or other information indicating noncompliance, the department may conduct periodic compliance reviews throughout the life of the project.
- (c) The purpose of a compliance review is to determine whether the recipient is in compliance with the department's requirements and the approved affirmative fair housing marketing plan. The recipient shall be given at least five days notice of the time set for any compliance review and the place or places for such review.
- (d) The compliance review shall cover the following areas:

Subsequent to the issuance of the notice of hearing, no other person before the Commissioner shall have standing as a party within the definition of section 4-166 (5) of the General Statutes, except upon the express order of the Commissioner.

(2) Participation by Persons Other Than Parties

(A) At any time prior to the Commencement of oral testimony in any hearing on a contested case, any person may request that the Commissioner permit that person to participate in the hearing. Any person not a party that is so permitted to participate in the hearing shall be identified as an intervenor for purposes of section 8-37ee-10 and shall participate in those portions of the contested case that the Commissioner shall expressly authorize.

(B) No grant or leave to participate in the hearing as an intervenor or in any other manner shall be deemed to be an admission by the Commissioner that the person he/she had permitted to participate is a party in interest that may be aggrieved by any final decision, order or ruling of the Commissioner, unless such grant of leave to participate expressly so states. An intervenor is a party of record for the limited purposes described in section 4-183 of the General Statute.

(3) Representation of Parties and Intervenors

Each person authorized to participate in a contested case as a party or as an intervenor shall file a written notice of appearance with the Commissioner. Such appearance may be filed in behalf of parties and intervenors by an attorney, an agent or other duly authorized representative subject to the rules here-in-above stated. The filing of a written appearance may be excused on behalf of the Commissioner.

- (B) Documentary Evidence-** Documentary evidence shall be submitted in original form, but may be received in the form of copies or excerpts at the discretion of the Commissioner. Upon request by any party an opportunity shall be granted to compare the copy with the original if available, which shall be produced for this purpose by the person offering such copy as evidence.

Affirmative Fair Housing Marketing and Selection Procedures Manual

Sec. 8-37ee-300. General information

- (a) This manual should be used in conjunction with the Fair Housing regulations under Section 8-37ee-I through Section 8-37ee-17 of the Regulations of Connecticut State Agencies, and the instructions accompanying the Affirmative Fair Housing Market Form included in this manual.
- (b) The purpose of this manual is to assist recipients of state financial assistance from the department in understanding what shall be required of them, as well as to further implement the provisions of Section 8-37ee-1 through Section 8-37ee-17 of the Regulations of Connecticut State Agencies.
- (c) The Affirmative Fair Housing Marketing Plan shall be submitted on the form, and in the manner, prescribed by the department. The plan shall include all of the techniques which recipients intend to employ to assure that marketing is broad-based and that prospective buyers and/or renters of varied income groups, including persons with physical disabilities would feel welcome to apply. At least twenty percent (20%) of the units shall be promoted to the "least likely to apply" group.
(Effective February 2, 1994)

Sec. 8-37ee301. Definitions

All terms defined in Section 8-37ee-1 of the Regulations of Connecticut State Agencies shall have the meanings set forth there.

The following apply to Section 8-37ee-300 through Section 8-37ee-314 of the Regulations of Connecticut State Agencies:

- (1) "Least likely to apply" means those persons who, in the main, do not live in the area of the development because of racial or ethnic patterns, perceived community attitudes, price or other factor, and thus need additional outreach to inform them of their opportunity to live in the development. In predominantly white areas, these shall be minority groups; in predominantly minority areas, these shall be white groups.
- (2) "Recipient" means a person, organization or individual who applies or may receive state financial assistance from the department.
- (3) "Resident" means a person, including an applicant, living or working in the municipality in which the housing is located. Durational residency requirements are not permitted.
(Effective February 2, 1994)

Sec. 8-37ee-302. Affirmative fair housing marketing process**(a) Assessing Affirmative Marketing Needs**

Recipient plans shall identify the group(s) "least likely to apply" to the housing through the submission of relevant demographic data. Data may be derived from the U.S. Census municipal sources, regional planning agencies, civil rights groups, fair housing officers, social service agencies, and like organizations. Source documentation shall be clearly identified.

(b) Affirmative Marketing Outreach

- (1) **Mechanisms** - Recipients' plans shall determine and identify the most appropriate outreach mechanisms which should include: newspaper, radio, television, and other media advertisements as well as flyers and announcements to social service agencies and other organizations with the desire and capacity to inform potential applicants of the availability of housing. These mechanisms or organizations shall represent those most likely to be read, heard, seen by, or in contact with applicants least likely to apply.
- (2) **Locale** - Recipients' plans shall provide for the dissemination of information at a minimum in (a) the largest city located in the nearest Primary Metropolitan Statistical Area or Areas or Metropolitan Statistical Area or Areas, (b) the regional planning area, and (c) any other areas which are likely to contain high minority populations and where public transportation or public highways and/or job availability make it likely that minorities might wish to move where the development is located.
- (3) **Time frame** - Recipients' plans shall identify the time frame, duration, and frequency of the materials to be announced or distributed. At a minimum affirmative fair housing marketing shall begin prior to general marketing. There shall be at least three (3) documented efforts with updated materials as necessary: the first at the beginning of construction; the second at approximately 50 percent completion; and the final, six to eight weeks prior to completion.
- (4) **Notice of Intent to Begin Marketing** - Recipients are required to give notice to the department no later than 90 days prior to engaging in sales or rental marketing activities.
- (5) **Prominence** - Recipients' plans shall provide that any materials shall be prominently displayed or appear where they are most likely to be read or seen, e.g. not in the "legal notices" section of the paper but in more prominent ads.
- (6) **Content** - Recipients' plans shall identify the content of the materials to be used which at a minimum shall: (a) identify the location of the housing; (b) provide a narrative description of the housing; (c) identify when the application process shall begin and end; (d) be neutral in the sense of encouraging all potentially eligible applicants to apply; (e) include a contact person and telephone number; (f) display the fair housing logo and clearly state the owner's commitment to Fair Housing and non-discrimination; (g) where relevant, be provided in both English and Spanish; (h) where there is any advertising

depicting persons depict persons of both sexes and persons of majority and minority groups; (i) describe the application and selection process as stated in Section 8-37ee-304 and Section 8-37ee-305 of these regulations; and Q) include the fair housing policy statement as stated in Section 8-37ee-311 below.

(7) Community contacts - Recipients' plans shall identify community contacts which shall include individuals and organizations that are well known in the area who can reach and assist those least likely to apply. These may include church groups, housing counseling groups, legal services organizations, labor unions, minority and women's organizations, shelters, social service agencies, housing authorities, and town officials. Each of these entities shall receive appropriate materials as described in subsection (5) with additional instructions, if necessary.

(8) Counseling and application assistance - Recipients' plans shall provide that either the contact person or a housing counseling organization, fair housing officer, or other similar party is trained in fair housing and its requirements and is ready and willing to assist all applicants including the least likely to apply with the application process.

(9) Follow-up - Recipients' plans shall provide for follow-up meetings or telephonic reports from the various outreach organizations listed in subsection (7) in order to evaluate the effectiveness of the affirmative marketing. Where organizations determine that few potential applicants are displaying an interest, alternative approaches should be considered.

(10) Public inspection - Recipient approved plans shall be available for public inspection. (Effective February 2, 1994)

Sec. 8-37ee-303. Application process

(a) The application period shall extend for at least 90 days before initial occupancy. An application deadline shall be established when all applications shall be completed and returned. Applications received after the deadline shall not be considered unless there is: (1) an insufficient number of initial applicants; and/or (2) the department determines that more affirmative marketing is necessary.

(b) Recipients shall use a standard application form furnished by the department included in this manual.

(c) Anyone seeking to apply shall be given the opportunity to do so.

(d) Anyone needing help in filling out the forms shall be assisted.

(e) Each application received shall be immediately dated and time stamped. Each applicant shall be given a receipt with the date and time on it.

(f) Each applicant shall have a control number assigned in chronological order.

(g) A file shall be opened for each applicant. The file shall remain confidential information.

(h) Selection shall occur at least thirty (30) days before scheduled occupancy to prevent vacancies.

(Effective February 2, 1994)

Sec. 8-37ee-304. Selection process

(a) Recipients should develop a written selection plan which covers the tenant selection process they intend to use. Such plan should include, at a minimum, the following:

- (1) Procedures for accepting applications and screening applicants;
- (2) Fair housing requirements;
- (3) When applicants may be rejected; and
- (4) Procedures for selecting applicants from the waiting list(s).

(b) At a minimum, the following factors shall be used to screen applicants:

- (1) demonstrated ability to pay rent on time;
- (2) housekeeping habits based on visits to the applicant's current residence;
- (3) comments from former landlords; endorsement from at least two is preferred; and
- (4) Credit checks may be obtained. These may be useful when no rental payment history is available. A lack of credit history, as opposed to a poor credit history, is not sufficient grounds to reject an applicant. Recipients should try to obtain all credit checks, landlord and personal references and so forth before the home visit and interview so that if negative information is received the applicant shall be given the opportunity to explain the circumstances.

(c) Recipients shall also prepare one Occupant Selection List which shall be subdivided by the number of units available and bedroom size. The following guidelines shall be used to determine minimum and maximum housing capacity:

Bedroom Size	Minimum	Maximum
00 (single room occupancy)	1	1
0 (efficiency unit)	1	1
1	1	2
2	2	4
3	3	6
4	5	8

(Effective February 2, 1994)

Sec. 8-37ee-305. Selection methodology

(a) For purposes of fairness and equity the department allows either a point system or a purely random lottery selection method. However, if there is a tie score under the point system method and there is a limited number of units available for persons with the same point score, the random selection method or first come, first serve (chronological order) shall be used in conjunction with the point system to select which applicant gets the unit.

(b) Point System Selection Method

(1) Point systems may be altered by the Commissioner to comply with fair housing goals. Where a program dictates other kinds of requirements, e.g. limited equity cooperatives may look for participants willing to put in sweat equity, points for such neutral categories may be added with the approval of the Commissioner.

(A) Calculation of Points - The applicant receives the full point score or none; subjective practical scoring is not allowed. Where department program requirements mandate selection criteria such as age, income, etc., applicants shall first meet that standard. Where an applicant does not meet the program requirements, the applicant may be rejected without further analysis.

(2) The following is the Department's approved point system that recipients shall use.

POINT SYSTEM METHOD

(i) SUBSTANDARD HOUSING	25 point maximum
condemned or verified serious housing code violations	25 points
inadequate heating, plumbing, or cooking facilities	20 points
(ii) LIVING SITUATION	25 point maximum
living in documented physically or emotionally abusive situation	25 points
living in a shelter or transitional housing	25 points

	living in temporary housing with others because of conditions beyond applicant's control (condemnation, foreclosure, fire, loss of job, etc.)	20 points
	living in overcrowded conditions in own housing unit (e.g. 1.5 persons per room)	15 points
(iii)	INCOME/RENT RATIO	15 point maximum
	currently paying more than 50% of income for rent or housing	15 points
	currently paying between 31-50% of income for rent/housing	10 points
(iv)	(OPTIONAL) RESIDENT OR LEAST LIKELY TO APPLY APPLICANT	10 points

(a) If this resident selection category is used, the 10 points shall be awarded to *both* residents and least likely to apply applicants. However, if the owner chooses, more points may be awarded to the least likely to apply applicants (e.g. 15, 20, 25 points, etc.).

(3) Points shall be added up for each applicant. The department recommends that the recipient create a pool of candidates with the highest score and which exceed the number of available units by bedroom size by at least three times. Applicants shall be selected by a lottery.

(4) If the number of applicants does not exceed the number of available units by bedroom size by at least three times applicants may be selected on a first come first serve basis.

(c) Random Selection Method – Lottery

If recipients select the random selection method the factors they shall use in determining selection shall include:

- (1)** Determining the income eligibility of all applicants;
- (2)** pre-screening/interviewing for credit worthiness and other reasonable common rental or ownership criteria; and for verification of applicant information.

- (3) Putting all applicants with favorable interviews, that is, having no ground for disqualification based on subsection (e) of this section, back in the pool and choosing by a lottery system.

(d) Interview or Home Visit

- (1) Ideally all applicants meeting income guidelines should be interviewed. When a large number of applicants apply, recipients may conduct interviews and/or home visits with only those who meet the minimum threshold point score, so long as the number of interviewees significantly exceeds the number of available units.
- (2) The interview should be used for purposes of verifying and clarifying information in the application as well as exploring the ability and willingness of the applicant to meet financial commitments and to assume the other responsibilities of tenancy or ownership. Points should not be added or subtracted as a result of the home visit and interview unless information on the application was erroneous.

(e) Grounds for disqualification

- (1) Applicants may be disqualified from final selection upon documentary verification of any of the following: (A) the applicant or any member of the applicant's household has a history of disturbing neighbors, destroying property, or living or housekeeping habits which would substantially interfere with the health, safety, or peaceful enjoyment of other residents; (B) the applicant has a history of rental nonpayments within the past 12 months without reasonable justification (justification might be: substandard housing, loss of a job, etc.); (C) the applicant has knowingly falsified information in the application process; or (D) the applicant cannot demonstrate an ability to pay the base rent.
 - (2) Applicants deemed ineligible, for whatever reason(s), shall be notified in writing, before the final selection, of the reason(s) for rejection and their right to appeal within ten days of the rejection. Recipients should inform applicants that an appeal should be made immediately to assure their return to the applicant pool if they prevail. An impartial hearing officer shall be chosen by the recipient who shall issue a written opinion within five days of the hearing. All appeals should be heard within five days of the request.
 - (3) Applicants still aggrieved shall be informed of their right to appeal the decision of the hearing officer to the department's affirmative action office. Such appeal shall be made in writing, and brought within ten days of the adverse decision.
 - (4) Recipients shall keep the following materials on file for at least three years: (1) application; (2) initial rejection notice; (3) any applicant reply; (4) the recipient's final response; and (5) all interview and verified information on which the rejection was based.
- (Effective February 2, 1994)

Sec. 8-37ee-306. Insufficient number of least likely to apply applicants

- (a) If the Affirmative Action Office finds, at any stage, that there is an insufficient amount of least likely to apply candidates due to a lack of good faith affirmative fair marketing it shall have the right to require additional outreach until such time as a sufficient effort has been expended or a sufficient number of applicants is available. Such additional outreach may delay the occupancy of units.
- (b) Where the department determines that good faith efforts have been made to recruit applicants who are least likely to apply and there is still an insufficient number of eligible applicants, recipients shall be given permission to rent or sell units to other eligible applicants.
- (c) The department's determination of the owner's good faith efforts shall include, but not be limited to: substantiating that the outreach which it stated in its Affirmative Fair Housing Marketing Plan was actually completed; that such efforts met time and durational requirements; that the marketing approach was amended or enhanced when found deficient; and that there were particular local, regional, and/or market reasons for the failure of the Affirmative Fair Housing Marketing Plan to attract a sufficient pool of applicants who are least likely to apply. The owner shall develop and maintain adequate documentation in a manner prescribed by the department of its good faith efforts.
(Effective February 2, 1994)

Sec. 8-37ee-307. Post occupancy requirements

- (a) Following the initial lease-up or sales, recipients shall continue to affirmatively market to those least likely to apply for the life of the mortgage, assistance agreement or regulatory agreement, whichever is longer. Recipients shall make every good faith effort to maintain a racially and economically integrated housing development.
- (b) Recipients should schedule application periods as in the initial lease-up or sales at reasonable intervals. Such application periods shall have a deadline and new applicants shall be chosen as in the initial selection system. Prospective applicants - shall only be considered during this application period. Where point systems are used, new applicants with higher points may not displace previous waiting list applicants unless the waiting lists have been reviewed and updated.
- (c) The department shall require annual updates on whether recipient affirmative fair marketing goals have been met and whether recipients have been able to sustain their goals. Upon review of the information the department may require remedial action where it is deemed necessary. Records of all affirmative fair marketing, tenant selection, and waiting lists should be retained for at least five years or as set forth in the Assistance or Regulatory Agreement with the Department.

(d) Recipients may be monitored on a yearly basis for compliance with the fair housing requirements stated herein and may be subject to random on site monitoring.
(Effective February 2, 1994)

(Effective February 2, 1994)

Sec. 8-37ee-310. Affirmative marketing for other grantees

(Effective February 2, 1994)

Sec. 8-37ee-311. Fair housing policy statement and publicity

- (a) Any recipient, including but not limited to sponsors of housing, technical assistance organizations, and subcontractors, shall adopt a fair housing statement prior to the receipt of department funds which shall include the following:

 - (b) Recipients shall be required to collect racial and economic data from tenants and persons on waiting lists. The data collected shall analyze income groups and races served, and shall be reported to the Commissioner annually, before October thirty-first for the year ending the preceding September thirtieth.
