Implementation of Standard Specifications, Form 818

The Standard Specifications for Roads, Bridges, Facilities and Incidental Construction, Form 818 has been approved by the Federal Highway Administration (FHWA) in accordance with the CTDOT/FHWA Stewardship & Oversight Implementation Manual. A searchable PDF document is posted on the Department's Internet site "[Doing Business With CTDOT, Standards and Specifications.](#)" No hard copies will be available. Two online versions of this document will be available:

1. Online Version (in color)
2. Printable Version (no color, with Notes pages)

Printed copies can be made either on your own, or by making a request to the CTDOT Printing Services in Newington.

Projects with Final Design Plan (FDP) dates of June 1, 2020 or later shall reference the Standard Specifications Form 818 in the Contract. A list of revisions is included on the Standards and Specifications web page.
