

REPORT OF MEETING

PROJECT: State Project No. 0015-0386
Rehabilitation of Bridge No. 00111A
I-95 over Bridgeport Harbor, Route 130, Metro-North Railroad
City of Bridgeport

DATE OF MEETING: June 4, 2024

LOCATION OF MEETING: Virtual Meeting - Zoom

SUBJECT OF MEETING: Virtual Public Information Meeting (VPIM)

IN ATTENDANCE:

Connecticut Department of Transportation (CTDOT)

Bao K. Chuong – Major Bridges
Tracey A. Brais – Major Bridges
Sushil Dahal – Major Bridges
Sal Hussein – District 3 Constr.

Close, Jensen and Miller, P.C. (CJM)

Thomas M. Ryan
John H. Miller II
Michael Jacovino

City of Bridgeport Representative

Luis Burgos – Director of Public Facilities

TRANSACTIONS AND DETERMINATIONS:

The meeting was held to provide the community with an opportunity to learn about the proposed project, and to have an open discussion of any views and comments they have concerning the proposed improvements.

Tracey Brais gave an introduction and overview, and Michael Jacovino followed with an in-depth Powerpoint presentation. Mr. Jacovino discussed the proposed steel repairs, strip, patch, membrane and pavement (SPMO) on I-95, and possible bridge fender system work.

Some temporary off-peak lane and shoulder closures will be needed to mill and pave I-95, and to replace the deck joints. Short term detours of local traffic are possible below the bridge. Access will always be available to the properties below and adjacent to the bridge. The work within the navigation channel will require coordination with the United States Coast Guard.

The project is anticipated to start field work early in the 2026 construction season; however, it is possible this will be pushed out one season pending final permitting requirements.

Ms. Brais thanked the public and she reminded them that they could submit comments and questions during the two-week comment period.
