## **CONNECTICUT DEPARTMENT OF TRANSPORTATION**

### **PUBLIC INFORMATION MEETING**

**State Project No. 0057-0123: Replacement of Bridge No. 00293 Carrying I-395 over Bishop Crossing Road**

**Griswold**

Wednesday, October 25, 2023, 7:00 p.m.

The purpose of this meeting is to provide the community an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The purpose of the project is to replace the existing bridge. Replacement is required based on the findings of the latest Bridge Inspection Report. The proposed structure is a single span steel girder superstructure with curb-to-curb width of 102 feet 2 inches and a span length of 68 feet. The superstructure will be supported on GRS-IBS abutments.

On Interstate 395 one lane of traffic in each direction will be maintained during construction using a traffic crossover. Bishop Crossing Road will be closed to pedestrian and vehicular traffic for the duration of construction. The proposed detour is approximately 7 miles using state routes.

Right-of-way impacts associated with the proposed project are not anticipated.

Construction is anticipated to begin SPRING 2026 based on the availability of funding, acquisition of rights of way, and approval of permit(s). The estimated construction cost for this project is approximately \$10,200,000. This project is anticipated to be undertaken with 90% federal funds and 10% state funds.

Members of the public can submit comments and questions during the two-week public comment period following the meeting. Please direct comments and questions by November 8, 2023 to: DOTProject0057-0123@ct.gov and (860) 594-2020 or Ken-Taro Plude, Project Manager, ken-taro.plude@ct.gov; (860) 294-3343.
