Memorandum of Findings and Determination

On October 17, 2023, the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping in the *Environmental Monitor* to solicit comments for the subject project. A public scoping meeting was held on November 15, 2023, and the scoping period concluded on November 29, 2023. During the scoping comment period and at the public scoping meeting, CTDOT received comments from members of the public as well as from one State agency - the Connecticut Department of Energy and Environmental Protection (CTDEEP).

Based on the comments received, and the analysis documented in the attached Environmental Review Checklist, CTDOT does not recommend the preparation of an Environmental Impact Evaluation under the Connecticut Environmental Policy Act. Comments and recommendations received were reviewed in conjunction with the preparation of the Environmental Review Checklist and addressed within the checklist, as appropriate.
