**CONNECTICUT DEPARTMENT OF TRANSPORTATION  
VIRTUAL PUBLIC INFORMATION MEETING  
State Project No. 0017-0197  
Traffic Signal Upgrades and Replacement of Computerized Traffic Signal System  
Along Route 6 in Bristol**

**Tuesday, June 23, 2026, at 6:00 p.m.**

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The project involves replacing the aging traffic signal infrastructure at intersections along the route by installing new traffic signal equipment and replacing the existing signal system.

Right-of-way impacts are anticipated to be minimal. New sidewalks may also be installed at some project intersections.

Construction is expected to start fall 2027, depending on funding, right-of-way acquisition, and permits. The estimated cost is \$14 million, with 80% federal and 20% state funds.

The public can submit comments and questions during two-week public comment period following meeting. Direct comments and questions by Tuesday, July 7, 2026, to John Lockaby at [John.Lockaby@ct.gov](mailto:John.Lockaby@ct.gov) or 860-594-2719.
