This project will replace structural elements of the bridges to extend their service life to provide a safe crossing for all roadway users.

Right-of-way impacts are not anticipated.

Construction is expected to start in spring 2029, depending on funding, potential right-of-way acquisition, and permits. The estimated cost is \$21 million, with 80% federal funds and 20% state funds.

The public can submit comments and questions during the two-week public comment period following the meeting. Direct comments and questions by Wednesday, November 18, 2026, to DOTProject0053-0203@ct.gov, 860-594-2020, or to Francisco Fadul at Francisco.Fadul@ct.gov or 860-594-2078.
