Tuesday, December 3, 2024, at 7:00 p.m.

Learn more & register: <https://portal.ct.gov/DOTGroton58-344>

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

This project will replace the existing bridge with a new single-span structure, which will have higher clearance over Palmer Cove, improving access to Groton Long Point and improving safety for motorists.

Right-of-way impacts are associated with the proposed improvements. Construction easements and slope easements will be required on both sides of Groton Long Point Road to build the replacement bridge.

Construction is anticipated to begin winter 2026. The estimated construction cost is approximately \$15 million, with 80% federal funds and 20% state funds.

The public can submit comments and questions during two-week public comment period following meeting. Direct comments and questions by Tuesday, December 17 to DOT-FLBP@ct.gov, (860) 594-2020, Michelle.Rame@ct.gov, or (860) 594-3319.
