The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

This project will construct a resilient bridge that will ensure longevity and safety for all roadway users.

Right-of-way impacts are anticipated for this project, consist of temporary construction and slope easements.

Construction is expected to start spring 2029, depending on funding, right-of-way acquisition, and permits. The estimated cost is \$3 million, with 80% federal funds and 20% state funds.

The public can submit comments and questions during two-week public comment period following meeting. Direct comments and questions by Wednesday, August 12, 2026, to Michelle Rame at DOT-FLBP@ct.gov or 860-594-2020.
