Members of the public are invited to

**CONNECTICUT DEPARTMENT OF TRANSPORTATION
VIRTUAL PUBLIC INFORMATION MEETING**

**State Project No. 0077-0247 Replacement of Bridge Carrying Atwoodville Road over Mount Hope River
in Mansfield**

Tuesday, November 26, 2024 7:00 p.m.

Register: <https://portal.ct.gov/dotmansfield77-247>

The public information meeting is being held to provide the public and local community the opportunity to offer comments or ask questions regarding the proposed project. The meeting will take place on Zoom, and registration is required. A question and answer (Q&A) session will immediately follow the presentation, which will be recorded.

The purpose of the project is to replace the existing bridge, originally built in 1950, to improve safety and extend the service life of the structure.

Construction is expected to start spring 2027 depending on funding, right-of-way acquisition, and permits. The estimated cost is \$7.13 million with 80% federal funds and 20% state funds.

Rights-of-way impacts associated with the proposed bridge replacement include drainage right-of-way easements on two properties, slope easements on three properties, guiderail easement on one property, and temporary construction easements for access roads along with rights to grade, reconstruction of driveways and installation of sedimentation control systems.

The public can submit comments and questions during two-week public comment period following meeting. Direct comments and questions by December 10 to DOT-FLBP@ct.gov, 860-594-2020, or Michelle Rame at Michelle.Rame@ct.gov or 860-594-3319.
