State Project No. 0105-0222
Route 154 Seawall Rehabilitation
in Old Saybrook**

Wednesday, November 4, 2026

**Open House will begin at 6:00 p.m.
Formal Design Presentation starts at 7:00 p.m.**

**Old Saybrook Middle School Auditorium
60 Sheffield Street, Old Saybrook, CT 06475**

Attend & Learn More: portal.ct.gov/DOTOldSaybrook0105-0222

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The purpose of the project is to install a sheet pile and concrete cap system along the remaining sections of seawall that were not previously rehabilitated or reconstructed to protect the seawall from continued erosion.

Right-of-way impacts associated with this project include temporary construction easements and permanent slope easements.

Construction is expected to start fall 2028, depending on funding, right(s)-of-way acquisition, and approval of permit(s). The estimated cost is \$20 million with 80% federal funds and 20% state funds.

The public can submit comments and questions during the two-week public comment period following the meeting. Direct comments and questions by November 19, 2026, to Mr. Joshua L. McCoy, P.E., Project Manager at 860-594-3410 or Joshua.McCoy@ct.gov.

ACCESSIBILITY

The meeting location is ADA accessible. Project information can be mailed within one week by contacting Mr. Joshua L. McCoy, P.E., Project Manager, at Joshua.McCoy@ct.gov or 560-594-3410.

Individuals with hearing/speech disabilities can dial 711 for Telecommunications Relay Services (TRS). Request language assistance from CTDOT's Language Assistance at 860-594-2109 at least five (5) business days before meeting.
