in Rocky Hill**

Learn more & register: portal.ct.gov/DOTRH-GBFERRY0118-0188

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The purpose of this project is to enhance pedestrian access by improving sidewalks, lighting, and adding benches for people watching the ferry operations, while also installing gate systems at Glastonbury and Rocky Hill to prevent unauthorized slip access.

Right-of-way impacts are minor as all work will be completed within state ROW. Some staging/stockpiling of materials will be located on town property, no private property will be used or acquired for the proposed work. An easement within state ROW is being created for the adjacent property owner on the south side of the Rocky Hill location to provide additional private parking.

Construction is expected to occur in the 2025/2026 ferry off-season. The estimated cost is \$400,000 with 100% state funds.

The public can submit comments and questions during a two-week public comment period following the meeting. Direct comments and questions by Tuesday, February 11, 2025, to Charles Wiegert at Charles.Wiegert@ct.gov, or (860) 594-3238.
