

PROJECT TITLE: Horizontal Alignment Signing Project - Local Roads in District 1

PROJECT NUMBER:

PE Project Number: 0171-0472

CN Project Number: 0171-0472

PROJECT DESCRIPTION:

The Department has initiated a project to reduce the number of fatal and serious injury crashes on curves located on locally-owned and maintained roads. Based on submissions from 19 towns in District 1, there are 460 horizontal curves that may benefit from enhanced signing. The following towns are represented:

District 1: Andover, Cheshire, Coventry, Cromwell, Ellington, Enfield, Hartford, Meriden, Middlefield, Middletown, Newington, Plainville, Somers, Southington, South Windsor, West Hartford, Wethersfield, Willington, and Windsor

A field review of each curve, which includes reviewing existing conditions and using a ball-bank indicator to determine appropriate advisory speeds will be conducted. Construction plans for installing horizontal curve warning signs and advisory speed signs at the locations will be developed, and the work will be completed via a construction project. The project is limited to installing post-mounted sheet aluminum signs on posts driven into the ground. No excavation or earthwork is anticipated as part of this project.

The project will be implemented at curves on the 220 town roads listed below:
