

**CONNECTICUT DEPARTMENT OF TRANSPORTATION  
SIGNING AT UNSIGNALIZED MUNICIPAL INTERSECTIONS  
SOUTHWEST REGION - DISTRICT 3  
STATE PROJECT NO. 0173-0528**

**PROJECT DESCRIPTION:**

This project will replace existing stop signs, approximately 50 feet of double yellow pavement marking and stop bars as well as introduce oversized stop signs, stop ahead and intersection ahead warning signs in accordance with the latest standards. This systemic application of low-cost proven safety countermeasures at higher crash-risk, stop-controlled intersections aim to lower the potential of future crashes. Approximately 333 intersections in District 3 have been identified by the CTDOT that will benefit from the enhanced signing and pavement marking improvements.

**PURPOSE AND NEED STATEMENT:**

The purpose of this project is to implement signing and pavement marking improvements at unsignalized municipally owned and maintained intersections as needed in order to improve compliance and visibility.

**LOCATIONS:**
