The purpose of these meetings is to provide the public and local community the opportunity to offer comments or ask questions regarding the proposed project.

These projects aim to upgrade accessibility, enhance the customer experience, and improve transit-oriented infrastructure at five stations on the Waterbury Line, including Waterbury, Beacon Falls, Seymour, Ansonia, and Derby-Shelton.

Right-of-way impacts are anticipated in Seymour and Ansonia for roadway modifications and improved parking.

Construction is anticipated to begin spring 2025. The estimated construction cost for these two projects is approximately \$106 million.

Members of the public can submit comments and questions during the two-week public comment period following the meeting by December 4, 2024 to
