Public Comment

- No Comment

Sub-Committee Review & Structure

- Presentation by Susan Logan on subcommittee structure, members and assigned charge.
- Subcommittee were consolidated from 5 to 4, moving sustainability and financial into one subcommittee
- State Department of Education needs to be included on a subcommittee
- Subcommittee have overlap and should work together collaterality to ensure there is no duplication of efforts.

Sub-Committee Report:

Sustainability – Financial and Legislative

- Co-chair Carl Schiessl provided the report out of this subcommittee. Posed a question to the commission, “by referencing programs in the first change, can we include all three types of community violence intervention programs, or would we be directed to focus on two of the three?” Three programs referred are street violence intervention programs, hospital-based violence intervention programs and environmental factors. Would environmental be outside the scope at this time.
- Discussion 19:45- 57:59

Data Evaluation and Analysis of Grant-funded Programs

- Co-Chair Kerri Raissian provided the report out for this subcommittee. Reviewed charges. Data discussion includes what data is currently available, what data we might like to see, and how should this data be made publicly available. Questions for the commission, what is the scope of data we would like to collect and how to make data publicly available? Example: suicide and intimate partner violence.
- Discussion 1:01:43- 1:37:53

#### RFP Grant Criteria and Award Subcommittee

- Did not meet yet, no report out to provide.

#### Partnerships, Programs, Stakeholder, and Community Engagement

- Did not meet yet, no report out to provide.
