**Our Legislative Charge Alignment:**

1. Collect timely data on firearm-involved injuries and deaths and make such data publicly available
2. Evaluate effectiveness of violence intervention and prevention strategies implemented under the program

We reviewed the draft of the sub-committee report. All members were in agreement that the draft accurately reflected our past conversations and current recommendations. The RFP is still in process, and for legal reasons, our committee cannot view it at this time. Therefore, there were no changes to the recommendations from our previous sub-committee meeting.

It was agreed that Kerri Raissian would complete the draft and submit to Colleen Violette. The reports are due **November 29, 2022.**
