Ground Rules

Start and end on time

This is a process; remember, Rome was not built in a day!

Value all ideas in the spirit of creative inquiry

Respect each other

One person, one voice, one at a time.... succinctly!

Be data driven (based on data we have available)

Goal is to focus on collective impact and collaboration

Priority D: Community Strength & Resilience

Goal D: Ensure community strength, safety and resiliency by providing equitable and sustainable access to community resources to address the unique physical, social, and behavioral health needs of all Connecticut residents.

Objectives

- D1:** Increase the number of community members who have the critical, essential resources to meet emergencies by 2025.
- D2:** Increase the capacity of 1st responders, public health departments, and municipal service and community-based providers to deliver barrier-free, timely, trauma informed, and transparent aid to the public by 2025.
- D3:** Increase the number of residents who have access to safe, affordable, and accessible technology, including internet-based public health and emergency information, by 2025.
- D4:** Align existing multi-sector communication networks to provide a central point for accessing information statewide by 2025.
- D5:** Increase the number of safe methods, spaces, and places for connecting residents to community life to measurably strengthen social capital by 2025.
- D6:** Increase the number of policies and systems that address environmental and social justice, health disparities, and community safety as a result of meaningful community engagement by 2025.

Next Steps

- What worked well and what could be changed or improved (+/Δ)
- Ad Hoc SHIP Data Committee – convening moved to August to continue indicator identification discussion
- Next Meeting
 - August 10th at 9:00am

Thank You!
