
Exemption for Items Used Directly in the Biotechnology Industry

General Purpose: The purchaser of machinery, equipment, tools, materials, supplies, and fuel uses this certificate to establish the item(s) being purchased will be used directly in the biotechnology industry.

If the machinery, equipment, tools, materials, supplies, and fuel are not used in the manner described above, a purchaser who claimed an exemption owes use tax on the total price of any items purchased under this exemption.

Statutory Authority: Conn. Gen. Stat. §12-412(89).

Instructions for the Purchaser: An owner or officer of a business involved in the application of technologies in biotechnology can sign and issue this certificate to advise the seller of machinery, equipment, tools, materials, supplies, and fuel that the purchase is exempt. Issue this certificate only for machinery, equipment, tools, materials, supplies, and fuel as defined in Conn. Gen. Stat. §12-412(89). Biotechnological applications include: recombinant DNA techniques, biochemistry, molecular and cellular biology, genetics and genetic engineering, biological cell fusion techniques, and new bioprocesses using living organisms, or parts of organisms, to produce or modify products, to improve plants or animals, to develop microorganisms for specific uses, to identify targets for small molecule pharmaceutical development, and to transform biological systems into useful processes and products.

Keep a copy of the certificate and records that substantiate the information entered on this certificate for at least six years from the date it is issued. If you do not have a Connecticut tax registration number, enter the tax registration number assigned by another state and identify the state.

Instructions for the Seller: Acceptance of this certificate, when properly completed, relieves the seller from the burden of proving the sale and storage, use, or other consumption of the machinery, equipment, tools, materials, supplies, and fuel is not subject to sales and use taxes. The certificate is valid only if taken in good faith from a person who is engaged in the application of technologies in biotechnology. The good faith of the seller will be questioned if the seller knows of facts that suggest the purchaser is not engaged in applying technologies in biotechnology or that the item(s) purchased will not be used directly in these activities.

Keep this certificate and bills or invoices to the purchaser for at least six years from the date of the purchase. The bills, invoices, or records covering all purchases made under this certificate must be marked to indicate this was an exempt purchase. The words "Exempt under CERT-129" satisfy the requirement.

This certificate can be used for individual exempt purchases, in which event the purchaser must check the box marked "Certificate for One Purchase Only." The certificate can also be used for a continuing line of exempt purchases, in which event the purchaser must check the box marked "Blanket Certificate." A blanket certificate remains in effect for three years unless the purchaser revokes it in writing before the period expires.
