## Purpose

Use **Form 207 I**, *Underpayment of Estimated Insurance Premiums Tax or Health Care Center Tax*, to calculate the interest due on the underpayment of tax remitted with estimated tax payment for Insurance Premium and Health Care Center taxpayers.

## General Instructions

Companies subject to a tax imposed under Chapter 207 of the Connecticut General Statutes are required to make estimated tax payments (see Conn. Gen. Stat. §12-204c).

If the company has made timely estimated tax payments and has paid at least 90% (.90) of the tax shown on the return for the current year at the required installment rate, the taxpayer is **not** subject to interest on unpaid installments of estimated tax and does **not** have to complete this form.

If the tax shown on the return for the current year is less than \$1,000, it is **not** necessary to complete this form.

Timely estimated payments must be made using the appropriate form, listed below:

**Form 207 ESA, ESB, ESC, and ESD**, *Estimated Insurance Premiums Tax Payment Coupon - Domestic Insurance Companies*;

**Form 207F ESA, ESB, ESC, and ESD**, *Estimated Insurance Premiums Tax Payment Coupon - Foreign and Nonresident Insurance Companies*; or

**Form 207HCC ESA, ESB, ESC, and ESD**, *Estimated Health Care Center Tax Payment Coupon*.

## Part II – Calculate Your Underpayment and Interest

Interest on underpaid installments is calculated according to the provisions of Conn. Gen. Stat. §12-204c.

**Line 9** - Enter any payment made or credit claimed with intended installment and not previously entered in prior columns. The payment must be made or credit established on or before the due date of the intended installment.

**Line 10** - If a credit is established, it should be applied to the earliest underpaid installment.

**Line 11** - Payments accompanying estimated installments will be applied against underpaid required installments in the order in which such installments are required to be paid.

Enter the date of the next additional payment or credit received after the intended installment due date. If there are no additional payments or credits, enter the earlier of the due date of the annual tax return or the filing date of that return.

**Lines 12 through 14** - These lines are to calculate interest due on late payments and underpayments of the required estimated installments. The interest due is calculated at the rate of 1% (.01) per month, or fraction of a month.

**Line 15** - Enter the amount of payment made or credit received from each date indicated on Line 11, Columns A through D.

**Line 17** - Enter the date of the next additional payment or credit. If the taxpayer has multiple payments or credits, additional computations are required. Complete a worksheet or schedule and enter the result on Line 21, Columns A through D. Attach a copy of the worksheet or schedule to this form.

**Lines 18 through 20** - These lines are to calculate interest due when the taxpayer makes payments or has credits after the intended installment date.
