**Line 11** - Payments accompanying estimated installments are applied against underpaid required installments in the order in which the installments must be paid.

Enter the date of the next additional payment or credit received after the intended installment due date. If there are no additional payments or credits, enter the earlier of the due date of the annual tax return or the filing date of that return.

**Lines 12 through 14** - These lines are to calculate interest due on late payments and underpayments of the required estimated installments. The interest due is calculated at the rate of 1% (.01) per month, or fraction of a month.

**Line 15** - Enter the amount of payment made or credit received from each date indicated on Line 11, Columns A through D.
