#### **General Information**

Complete this form in blue or black ink only.

Use Form CT-1120FP to claim the business tax credit available for qualified film production.

The Film Production tax credit is administered by the Connecticut Department of Economic and Community Development (DECD). Any eligible production company which produces a qualified production and incurs qualified production expenses or costs of at least \$100,000 may apply for this tax credit. This tax credit may not be claimed until DECD issues a tax credit voucher which lists the amount of the available tax credit.

The Film Production tax credit may be applied against the taxes imposed under Chapter 207 and Chapter 208 of the Connecticut General Statutes. This tax credit may be assigned in whole or in part no more than three times.

# **Credit Percentage**

This credit is calculated based on a percentage of qualified production expenses or costs. The percentage depends on the amount of production expenses or costs, as follows:

| At least \$100,000 but not more than \$500,000    | 10% of production expenses or costs |
|---|-------------------------------------|
| More than \$500,000 but not more than \$1 million | 15% of production expenses or costs |
| More than \$1 million                             | 30% of production expenses or costs |

#### Claim Period

All or any part of the tax credit may be claimed in the year the production expenses or costs were incurred or in any of the three succeeding years after the year the production expenses or costs were incurred. No carryforward or carryback is allowed. See Part II, Computation of Credit Available in Future Years.

See instructions for Part II, Lines 1 through 3, Column A to claim all or part of a tax credit in 2012 that was earned in a prior year. Prior year tax credit amounts must not be included in Part I. Line 3.
