Definitions

Eligible capital means an investment of cash by a taxpayer in an insurance reinvestment fund that fully funds the purchase price of an equity interest in the insurance reinvestment fund or an eligible debt instrument issued by an insurance reinvestment fund, at par value or a premium, that has:

1. An original maturity date of at least five years after the date of issuance;
2. A repayment schedule that is not faster than a level principal amortization over five years; **and**
3. No interest, distribution or payment features tied to the insurance reinvestment fund's profitability or the success of the investments.

Eligible business means a business that has its principal business operations in Connecticut, has fewer than 250 employees at the time of investment, and not more than \$10 million dollars in net income in the previous year.

Principal business operations means at least 80% of the business organization's employees reside in Connecticut or 80% of the business payroll is paid to individuals living in Connecticut.

Insurance reinvestment fund means those insurance reinvestment funds that meet the requirements outlined in Conn. Gen. Stat. §38a-88a(c)(1)(F), that have been certified by the Commissioner of Economic and Community Development pursuant to Conn. Gen. Stat. §38a-88a(c)(3), and that continue to meet all of the requirements set forth in Conn. Gen. Stat. §38a-88a.
