### General Information

Complete this form in blue or black ink only. Do not use staples. Please note that each form is year specific. The correct year's form **must** be used.

Use **Form CT-1120HP** to claim the Historic Preservation tax credit (formerly the Historic Investment tax credit) available under Conn. Gen. Stat. § 10-416b to an owner rehabilitating a certified historic structure for mixed residential and non-residential use.

The Historic Preservation tax credit is administered by the Department of Economic and Community Development (DECD). The credit may only be claimed if a tax credit voucher has been issued by DECD.

The Historic Preservation tax credit may be applied against the taxes administered under Chapters 207 (Insurance Companies and Health Care Centers Taxes), 208 (Corporation Business Tax), 209 (Air Carriers Tax), 210 (Railroad Companies Tax), 211 (Community Antenna Television Systems Tax), or 212 (Utility Companies Tax) of the Connecticut General Statutes. The tax credit may be claimed in the year in which the substantially rehabilitated certified historic structure is placed in service. In the case of projects completed in phases, the tax credit shall be prorated to the substantially rehabilitated identifiable portion of the building placed in service.

Any owner allowed this tax credit may assign the credit to any individual or entity. An assignee must claim the credit in the same year that the assignor would have been eligible to claim the credit. An assignee may not further assign the tax credit.

### Credit Computation

The tax credit is equal to the lesser of 25% of the projected rehabilitation expenditures or 25% of the actual rehabilitation expenditures. If DECD certifies that the project creates qualified affordable housing units, then the tax credit is equal to the lesser of 30% of the projected rehabilitation expenditures or 30% of the actual rehabilitation expenditures.

### Carryforward/Carryback

Any unused tax credit may be carried forward for five succeeding income years following the year in which the substantially rehabilitated structure was placed in service. No carryback is allowed. An assignee may carry forward any unused tax credit.

### Recapture

This tax credit contains a recapture provision. If a voucher is issued for a non-residential portion of the project that is placed in service and then the residential portion of the project is not completed on time, then the owner shall recapture 100% of the credit issued for the portion previously placed in service.
