Rounding Off to Whole Dollars

You must round off cents to the nearest whole dollar on your return and schedules. If you do not round, DRS will disregard the cents.

Round down to the next lowest dollar all amounts that include 1 through 49 cents. Round up to the next highest dollar all amounts that include 50 through 99 cents. However, if you need to add two or more amounts to compute the amount to enter on a line, include cents and round off **only** the total.

Example: Add two amounts (\$1.29+\$3.21) to compute the total (\$4.50), then round the total to \$5.00 and enter it on a line.

Filing an Amended Return

If you make an error on your return, you must correct the error by filing an amended Form 207 HCC, using **myconneCT**. Check the box to indicate this is an amended return and complete the form using the correct figures and information for the reporting period.

You must file an amended return within three years of the original due date of the return to claim a refund of taxes already paid. An explanation of the claim for refund must accompany the amended return.
