2024 Estimated Connecticut Income Tax Payment Coupon for Individuals

Form CT-1040ES can be filed and paid electronically using **myconneCT** at portal.ct.gov/DRS-myconneCT.

Who Should File This Coupon: Use this coupon if you are required to make estimated income tax payments for the 2024 taxable year and you do not receive a preprinted coupon package from the Department of Revenue Services (DRS). Coupon packages are mailed in mid-January to those who made estimated income tax payments in the prior year. Please note that each form is year specific. To prevent any delay in processing your return, the correct year's form **must** be submitted to DRS.

General Instructions

Nonresidents and Part-Year Residents: Nonresident individuals are subject to Connecticut income tax on their Connecticut-sourced income. Part-year residents are taxed on all income received while a resident of Connecticut and on income received from Connecticut sources while a nonresident. **Connecticut-sourced income** includes but is not limited to income from a business, profession, occupation, or trade conducted in this state as well as income from the rental or sale of real or tangible property located in Connecticut.

Convenience of the Employer: Residents of states with a "convenience of the employer" test will be subject to similar rules for work performed for a Connecticut employer.

Who Is Required to Make Estimated Payments: You must make estimated income tax payments if:

1. Your Connecticut income tax, after taking into account your Connecticut tax withheld, and any Pass-Through Entity Tax Credit (PE Tax Credit) you are allowed to claim, is \$1,000 or more; **and**
2. You expect your Connecticut income tax withheld (including any PE Tax Credit) to be less than your required annual payment for the 2024 taxable year.

Your required annual payment is the **lesser** of:

- 90% of the income tax shown on your **2024 Connecticut income tax return**; **or**
- 100% of the income tax shown on your **2023 Connecticut income tax return** if you filed a 2023 Connecticut income tax return that covered a 12-month period.

You do **not** have to make estimated income tax payments if you were a:

- Connecticut resident during the 2023 taxable year and you did not file a 2023 income tax return because you had no Connecticut income tax liability; **or**
- Nonresident or part-year resident with Connecticut-sourced income during the 2023 taxable year and you did not file a 2023 income tax return because you had no Connecticut income tax liability.

If you were a nonresident or part-year resident and you did **not** have Connecticut-sourced income during the 2023 taxable year, then you **must** use 90% of the income tax shown on your 2024 Connecticut income tax return as your required annual payment.

When to File: Estimated payments for the 2024 taxable year are due on or before April 15, June 15, September 15, 2024, and January 15, 2025. Fiscal year filers should follow federal filing dates. If the due date falls on a Saturday, Sunday, or legal holiday, your estimated payment will be considered timely if filed on the next business day. An estimate will be considered timely if received, or if the date shown by the U.S. Postal Service cancellation mark, is on or before the due date.

Visit the DRS website at portal.ct.gov/DRS-myconneCT to make your estimated payments online and receive immediate confirmation that your payment was timely remitted.

How Much Should I Pay: Complete the *2024 Estimated Connecticut Income Tax Worksheet* on Page 3 to calculate your required annual payment.

Special Rules for Farmers and Fishermen: If you are a farmer or fisherman (as defined in Internal Revenue Code § 6654(i)(2)), see **Informational Publication 2021(2), *Farmer's Guide to Sales and Use Taxes, Motor Vehicle Fuels Tax, Estimated Income Tax, and Withholding Tax***.

Pension or Annuity Income Recipients: If your filing status is single, married filing separately, or head of household with federal adjusted gross income (AGI) for the taxable year of less than \$75,000 or married filing jointly with federal AGI of less than \$100,000, and you receive distributions from certain pensions and annuities, such as from a defined benefit plan, 401(k), 403(b) or 457(b) plans, or from an IRA (other than a Roth IRA), you may be able to deduct all or a portion of such pension or annuity income in determining your Connecticut adjusted gross income (AGI). For assistance in determining whether you are eligible to deduct all or a portion of your pension or annuity, see *Pension and Annuity Worksheet* on Page 4.

Members of Partnerships and Shareholders of S corporations: If you are a partner in a partnership or shareholder of an S corporation, you must continue to include your distributive or pro-rata share of income when determining your estimated payments. However, in determining your estimated payments, you take into account any PE Tax Credit you expect to claim for the 2024 taxable year.

In general, you are required to make estimated payments based upon 100% of your prior year tax or 90% of your current year tax. Because of the potential variability in your income and credits, you may prefer to pay 100% of the tax shown on your 2023 return to avoid underpayment interest (2210 interest). You are required to pay the full amount of your 2024 tax liability by April 15, 2025, either with a timely filed return or with an extension request. Otherwise, you may incur late payment penalties.

Annualized Income Installment Method: If your income varies throughout the year, you may be able to reduce or eliminate the amount of your estimated tax payment for one or more periods by using the annualized income installment method. See **Informational Publication 2018(11), A Guide to Calculating Your Annualized Estimated Income Tax Installments and Worksheet CT-1040 AES.**

Interest: You may be charged interest if you did not pay enough tax through withholding, estimated payments, or both, by the installment due date, or if any PE Tax Credit reported to you on Schedule CT K-1, Part 3, Line 1, or Schedule CT-1041 K-1, Part 4, Line 1, is not sufficient to cover your tax liability by the installment due date. This is true even if you are due a refund when you file your tax return. Interest is calculated separately for each installment. Therefore, you may owe interest for an earlier installment even if you paid enough tax later to make up for the underpayment. Interest at 1% per month or fraction of a month will be added to the tax due until the **earlier** of April 15, 2025, or the date on which the underpayment is paid.

If you file your income tax return for the 2024 taxable year on or before January 31, 2025, and pay in full the amount computed on the return as payable on or before that date, you will not be charged interest for failing to make the estimated payment due January 15, 2025.

A farmer or fisherman who files a 2024 Connecticut income tax return on or before March 1, 2025, and pays in full the amount computed on the return as payable on or before that date, will not be charged interest for underpayment of estimated tax. See *Payment Options*, on Page 8.

Payment Options

Visit the DRS website at portal.ct.gov/DRS-myconneCT to pay your Connecticut estimated taxes electronically.

Pay by Credit Card or Debit Card

Pay Electronically: Electronic payments can be made through our online portal called **myconneCT** at portal.ct.gov/DRS-myconneCT.

1. Pay by ACH Debit/Direct Payment: Using this option authorizes DRS to electronically withdraw a payment from your bank account (checking or savings) on a date you select up to the due date. There is no fee to pay by ACH debit.

2. Pay by Credit Card or Debit Card: You may elect to pay your tax liability using a credit card (American Express®, Discover®, MasterCard®, Visa®) or comparable debit card. A convenience fee will be charged by the credit card service provider. You will be informed of the amount of the fee and may elect to cancel the transaction. Your payment will be effective on the date that you make the charge.

At the end of the transaction, you will receive a confirmation number for your records. As a reminder, even if you pay electronically, you must still file your return by the due date. Tax not paid on or before the due date will be subject to penalty and interest.

Do not mail Form CT-1040ES if you make your payment by credit card or debit card.

Pay by Mail

Make your check payable to **Commissioner of Revenue Services**.

To ensure your payment is applied to your account, write "**2024 Form CT-1040ES**" and your Social Security Number (SSN), optional, on the front of your check. Be sure to sign your check and paper clip it to the front of the coupon. **Do not send cash.** DRS may submit your check to your bank electronically.

Completing the Payment Coupon: Complete all required taxpayer identification information in blue or black ink only.

Enter the payment amount where indicated on the coupon. In determining your payment amount, you may subtract from your installment amount any available overpayment of 2023 income tax.

If you file this coupon, DRS will mail you personalized, preprinted coupons for the remaining quarters of the 2024 taxable year.
