Complete Lines 9a and 9b by providing gross income derived from agricultural production as reported on your federal income tax returns during the previous and current year, then click **Next**.

State the gross income you derived solely from agricultural production as reported on your federal income tax return.

The amount on Line 9b is generally the amount reported either on federal Form 1040, Schedule F, Line 2b or on federal Form 1040, Schedule C, Line 1. Persons filing Schedule F who are accrual basis taxpayers report the amount entered on Schedule F, Line 37b. If you are in the business of raising, feeding, caring for, training, or managing livestock including horses, you must enter the total gross income received from these activities. If your gross income was less than the \$2,500 requirement and your income from agricultural production reported on your federal return for the last two years averaged \$2,500, you may qualify for the exemption permit. Provide your gross income for each year only if you are using this method to qualify for the exemption permit.

If you are a calendar year filer and applying after April 15th of the previous year but before April 15th of the current year, you may submit the federal return from either year. If you are after April 15th of the current year, you must submit the federal return of the filing year. For Fiscal filers April to November must submit the previous years federal return.

Start-Up Farmers: Enter "0" and do not submit federal returns.

9a.	Federal Form 1040, Schedule F, Line 2b or on federal Form 1040, Schedule C, Line 1 from previous year	4,870.00
9b.	Federal Form 1040, Schedule F, Line 2b or on federal Form 1040, Schedule C, Line 1 from current year	5,400.00
9c.	Sum of lines 9a and 9b	10,270.00
9d.	Line 9c divided by 2	5,135.00
