ABOUT THE CONFERENCE

The Consumer and Family Advisory Council and the Connecticut Behavioral Health Partnership (CTBHP) with Beacon Health Options, is proud to announce the fourth annual iCAN Conference. The goal of this year's conference is to encourage individuals, parents, youth, family members, agencies and providers to stand up, step out, and take action in true partnership for system change. We strive to ensure Connecticut communities are made aware of behavioral health programs, services and resources available throughout the state and through the CT BHP as we help people live their lives to the fullest potential.
